Endings Philippa Berry, 2012-11-12 Philippa Berry draws on feminist theory postmodern thought and queer theory to challenge existing critical notions of what is fundamental to Shakespearean tragedy She shows how through a network of images clustered around feminine or feminized characters these plays disfigure conventional ideas of death as a bodily end as their figures of women are interwoven with provocative meditations upon matter time the soul and the body The scope of these tragic speculations was radical in Shakespeare s day yet they also have a surprising relevance to contemporary debates about time and matter in science and philosophy
