they developed at this particular cultural moment The final section focuses on specific forms or genres that grew to special prominence during the 1950s Taken together the chapters in the four sections not only encourage us to rethink familiar texts and figures in new lights but they also propose new archives for future study of the decade **The Lion and the Unicorn**
,1997 A critical journal of children s literature *D.H. Lawrence and Nine Women Writers* Leo Hamalian,1996 D H
Lawrence and Nine Women Writers sheds fresh light on how a number of women writers of his time and our own reacted in their thinking and writing to D H Lawrence s unbridled individualism sensitive genius creative energy and his sometimes infuriating misogynistic resentments Critic and scholar Leo Hamalian explores the ways that the sensibilities of nine important women writers were both extensively and profoundly influenced by the English author s fiction poetry criticism and self styled polyanalytics Hamalian s series of comparative readings is illuminating They demonstrate clearly that the hard questions of ideology subject matter and style which engaged Lawrence throughout his turbulent career continued to challenge a number of women writers who were grappling with these issues from another vantage point Through skeptical of some of Lawrence s theories these writers valued the dynamic aspects of Lawrence s creativity especially his emphasis on consciousness of wider meanings rather than character on symbol rather than narrative although he was a masterful storyteller They realized that his intensely conceived and evocatively concentrated scenes could be turned into a highly rewarding technique for suggesting the emotional conflicts and moral dilemmas of their own characters His primitivist philosophy struck them as healthy and his sensitivity as a kind of appealing vulnerability BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
