Dave Ebert

Road Kill:

Road Kill David Jacobs, 2000 Twenty six true life cases from the files of True Detective magazine document the horrific crimes of such psychopaths as Spencer Corey Goodman a martial arts expert who killed a beauty queen for her Cadillac and Keith Allen Brown a depraved cab driver who crushed a helpless woman to death with his car Reissue **Road Kill** Dave Ebert, 2015-04-15 Road Kill Quest for Freedom bores a window back through time illuminating an era gone by The story focuses on a place and the events of a single Motorcycle Club during a period many call The Golden Age of Motorcycle Clubs The Vietnam War was not the only war fought by these young men Road Kill fought another war one that germinated deep inside his soul This war was spawned by a quest he never fulfills A Quest for Freedom and in the end as this Club looks back many older members tell their younger Brothers Its easy to see this was the most phenomenal period in our Clubs long history **American Roadkill** Don H. Corrigan, 2021-11-03 Slaughtered along our highways roadkill may be observed regularly but aren t likely to be given much thought Research scientists animal rights activists roadkill artists writers ethicists and lyricists however are increasingly sounding the alarm They report that we are killing the very animals we love and are driving many of them to the brink of extinction Detailing the death and destruction of mammals reptiles amphibians and insect pollinators this study examines the ways in which we are thus jeopardizing our own futures Beginning in the Model T era biologists counted the common carnage of the time cottontails woodchucks and squirrels mostly That record keeping continues today Beyond the bleak statistics zoologists are rerouting migratory paths of animals and are advocating for cat and dog companions This book illuminates both our successes and failures in keeping animals out of harm s way and what those efforts reflect about ourselves and our capacity to care enough to alter the road ahead **Reflections on Roadkill between Mobility Studies and Animal Studies** Matthew Calarco, 2023-04-27 Roadkill is a recurrent but often unthought feature of modern life Yet consideration of the broader significance of the myriad social ethical and political issues related to roadkill has largely gone missing from mainstream scholarship and activism This neglect persists even in fields such as mobility studies and animal studies that would otherwise seem to have a vested interest in the topic This book aims to bring roadkill to the foreground of current discussions among scholars and activists in these fields in order to demonstrate that roadkill is a uniquely important site from which to understand and contest the machinations of the dominant social order It argues that a careful examination of roadkill can help both to uncover the hidden violence of contemporary human centered systems of mobility and to develop alternative modes of mobility for a renewed social life in common with our more than human kin **Ecology and Conservation of the Maned Wolf** Adriana G. Consorte-McCrea, Eliana Ferraz Santos, 2013-10-24 Wolves are controversial figures worldwide and much effort has focused on how to conserve them while addressing public concerns With its solitary habits and fruit eating diet the endangered maned wolf roams the South American grasslands and swamps playing a vital part in maintaining biodiversity hotspots In recent years much effort has

focused on the discussion of how to conserve large carnivores such as wolves while addressing public concerns Gathering the work of leading researchers from diverse areas and countries this book covers up to date research on the biology ecology and conservation of the maned wolf It presents innovative insights that can benefit conservation strategies in and ex situ health feeding ecology distribution and people s attitudes and offers diverse perspectives for the future of the species education human dimensions ethnoconservation and habitat studies Rabies Symptoms, Diagnosis, Prophylaxis and Treatment
