Conversations with Robert Coles Robert Coles, 1992 Interviews with the late novelist share his views on writing literary fame his major works criticism and his life and career **Secular Days, Sacred Moments** Robert Coles, 2013-06-01 No writer or public intellectual of our era has been as sensitive to the role of faith in the lives of ordinary Americans as Robert Coles Though not religious in the conventional sense Coles is unparalleled in his astute understanding and respect for the relationship between secular life and sacredness which cuts across his large body of work Drawing inspiration from figures like Dietrich Bonhoeffer Dorothy Day and Simone Weil Coles's extensive writings explore the tug of war between faith and doubt As Coles himself admits the back and forthness between faith and doubt is the story of my life These thirty one thought provoking essays are drawn from Coles's weekly column in the Catholic publication America In them he turns his inquisitive lens on a range of subjects and issues from writers and painters to his recent reading and film viewing contemporary events and lingering controversies recollections of past and present mentors events of his own daily life and ordinary encounters with students patients neighbors and friends Addressing moral questions openly and honestly with a rare combination of rectitude and authorial modesty these essays position Coles as a preeminent durable and trusted voice in the continuing national conversation over religion civic life and moral purpose *Intellect and Spirit* Bruce A. Ronda, 1989 *Lives of Moral Leadership* Robert Coles, 2001-10-09 In this rich and illuminating book the Pulitzer Prize winning bestselling author Robert Coles creates a portrait of moral leadership what it is and how it is achieved through stories of people who have led and inspired him Robert Kennedy Dorothy Day Dietrich Bonhoeffer Erik Erikson a Boston bus driver teachers in college medical school and elementary school among others Coles tells how to be a moral leader and shows how the intervention of one person can change the course of history as well as influence the day to day quality of life in our homes schools communities and nation We need to hand one another along in life says Coles quoting his friend Walker Percy and in *Lives of Moral Leadership* he explores how each of us can be engaged in a continual and mutual life giving process of personal and national leadership development Coles discusses how the actions of the American president affect the way people feel about themselves and the country and citing the influence of Shakespeare's Henry V on Robert Kennedy and of Tolstoy's Anna Karenina on his own mother explains how reading literature can motivate action and growth The way in which moral leaders emerge today and for all time comes vividly to light in this brilliant book by one of America's finest teachers and writers

Conversations with Robert Coles Robert Coles, 1992 Robert Coles is a psychiatrist with a novelist's sensibilities Of course everything I come up with he says novelists have known beforehand These twenty three interviews selected from hundreds that Coles has given disclose not only an illustrious physician trained in pediatrics and psychoanalysis but also a sage whose compassion for children and suffering seems boundless In focusing on a man known mainly as an eminent psychiatrist and

author of *The Spiritual Life of Children* and more than fifty other books this collection is a departure from the other books in the Literary Conversations Series By no means is Coles best known as a writer of belles lettres as are other figures in this series Yet his varied critical insights and the critical authority with which he approaches literary subjects have enriched American literature Here through the prism of his medical and literary training Coles's conversations reveal his imposing moral vision As he ranges with penetrating wisdom over many subjects children literature teaching psychiatry family he explores the cultural social and intellectual dimensions of our lives

The Call of Stories Robert Coles, 2014-12-09 From the Pulitzer Prize winning author of *Children of Crisis* a profound examination of how listening to stories promotes learning and self discovery As a professor emeritus at Harvard University a renowned child psychiatrist and the author of more than forty books including *The Moral Intelligence of Children* Robert Coles knows better than anyone the transformative power of learning and literature on young minds In this persuasive book *The New York Times Book Review* Coles convenes a virtual symposium of college law and medical school students to explore the phenomenon of storytelling as a source of values and character Here are transcriptions of classroom conversations in which Coles and his students discuss the impact of particular works of literature on their moral development Here also are Coles's intimate personal reflections on his experiences in the civil rights movement his child psychiatry practice and his interactions with his own literary mentors including William Carlos Williams and L E Sissman The life lessons learned from these stories are of special resonance to doctors and teachers looking to apply them in classroom and clinical environments The rare public intellectual to be honored with a MacArthur Award a Presidential Medal of Freedom and a National Humanities Medal Robert Coles is a true national treasure and *The Call of Stories* is in the words of National Book Award winner Walker Percy Coles at his wisest and best

Children of Crisis Robert Coles, 2025-05-01 In the 1950s Robert Coles began studying living among and above all listening to American children The results of his efforts revealed in five volumes published between 1967 and 1977 constitute one of the most searching and vigorous social studies ever undertaken by one person in the United States Here heard often in their own voices are America's children of crisis African American children caught in the throes of the South's racial integration The children of impoverished migrant workers in Appalachia Children whose families were transformed by the migration from South to North from rural to urban communities Latino Native American and Eskimo children in the poorest communities of the American West The children of America's wealthiest families confronting the burden of their own privilege This volume restores to print a masterwork of psychological and sociological inquiry a book that in its focus on how children learn and develop in the face of rapid change and social upheaval speaks directly and pointedly to our own times
