It now lives on at LIFE.com the largest most amazing collection of professional photography on the internet. Users can browse search and view photos of today's people and events. They have free access to share print and post images for personal use. Hitler's People Richard J. Evans, 2025-11-18 Named a Best Book of the Year by Kirkus Reviews and Air Mail. A fascinating and instructive book elegantly written and perceptive. *Wall Street Journal* Kaleidoscopic. A fascinating exploration of individual agency that never loses sight of the larger context. Just the kind of probing nuanced and unsparing study to help us think things through. *The New York Times* Through a connected set of biographical portraits of key Nazi figures that follows power as it radiated from Hitler to the inner and outer circles of the regime's leadership. One of our greatest historians answers the enduring question: How does a society come to carry out a program of unspeakable evil? Richard J. Evans, author of the acclaimed *Third Reich* trilogy and more than a dozen other volumes on modern Europe, is our preeminent scholar of Nazi Germany. Having spent half a century searching for the truths behind one of the most horrifying episodes in human history in *Hitler's People*, he brings us back to the original site of the Nazi movement, namely the lives of its most important and representative members. Working in concentric circles out from Hitler and his closest allies, *Hitler's People* forms a typological framework of German society under Nazi rule from the top down. With a novelist's eye for detail, Evans explains the Third Reich through the personal characteristics and professional ambitions of its members, from its most notorious deputies such as Goebbels, the regime's propagandist, and Himmler, the Holocaust's chief architect, to the crucial enforcers and instruments of the Nazi agenda that history has largely forgotten, such as the schoolteacher Julius Streicher or the actress and film director Leni Riefenstahl. Drawing on a wealth of recently unearthed historical sources, *Hitler's People* lays bare the characters whose choices caused the deaths of millions. Nearly a century after Hitler's rise, the leading nations of the west are once again being torn apart by an untamed will to power. By telling the stories of these infamous individuals as human lives, Evans asks us to grapple with the complicated nature of agency and complicity, showing us that the distinctions between individual and collective responsibility and even between pathological evil and rational choice are never easily drawn. The Jewish Enemy Jeffrey Herf, 2008-04-30 The sheer magnitude of the Holocaust has commanded our attention for the past sixty years. The extent of atrocities, however, has overshadowed the calculus Nazis used to justify their deeds. According to German wartime media, it was German citizens who were targeted for extinction by a vast international conspiracy. Leading the assault was an insidious belligerent Jewish clique so crafty and powerful that it managed to manipulate the actions of Roosevelt, Churchill, and Stalin. Hitler portrayed the Holocaust as a defensive act, a necessary move to destroy the Jews before they destroyed Germany. Joseph Goebbels, Minister of Propaganda, and Otto Dietrich's Press Office translated this fanatical vision into a coherent cautionary narrative which the Nazi propaganda machine disseminated into

the recesses of everyday life Calling on impressive archival research Jeffrey Herf recreates the wall posters that Germans saw while waiting for the streetcar the radio speeches they heard at home or on the street the headlines that blared from newsstands *The Jewish Enemy* is the first extensive study of how anti-Semitism pervaded and shaped Nazi propaganda during World War II and the Holocaust and how it pulled together the diverse elements of a delusory Nazi worldview Here we find an original and haunting exposition of the ways in which Hitler legitimized war and genocide to his own people as necessary to destroy an allegedly omnipotent Jewish foe In an era when both anti-Semitism and conspiracy theories continue to influence world politics Herf offers a timely reminder of their dangers along with a fresh interpretation of the paranoia underlying the ideology of the Third Reich

The Nazi Party 1919-1945 Dietrich Orlow, 2013-10-18 The only existing in depth exhaustive and complete history of the Nazi Party

Interrogations Richard Overy, 2002-09-24 While the trial of Hitler's fallen elite at Nuremberg has been thoroughly documented the interval between the Nazis' capture in May and June 1945 and the start of the actual trial in late November has until now remained shrouded in shadow With *Interrogations* acclaimed historian Richard Overy opens a new window into the Third Reich providing an intimate glimpse of the savage dictatorship in its death throes More than thirty transcripts of the interrogations are reproduced here for the first time allowing us to hear the voices of the newly captured Hitler gang including Goring, Speer and Hess as they squirmed under the Allies' glare *Interrogations* is the stark and disturbing history of defeat it lays bare as never before the human weaknesses that made the Third Reich possible

Gregory Owen, 2006 Recalls the experiences of Karl Baumann who joined the German Merchant Marine as a cabin boy at the age of fourteen in 1939 Baumann enlisted in the German Navy or Kriegsmarine in 1941 and served as an anti-aircraft gunner in the submarine service until his surrender to American forces in 1944 Describes Baumann's internment at the prisoner of war camp at Lyndhurst Virginia his repatriation to Germany and his subsequent emigration to Virginia in 1951

German Reich 1933-1937 Wolf Gruner, 2019-04-15 Executive editor Wolf Gruner English language edition prepared by Caroline Pearce and Dorothy Mas This volume documents the persecution of the Jews in the German Reich between 1933 and 1937 The documents illustrate the ways in which the Jews in Germany were thrown out of their jobs and excluded from public institutions and public life and how the Nuremberg Laws reduced the status of German Jews to second class citizens and set out to sever the ties between Jewish and non-Jewish Germans It documents the political calculations and strategy of the Nazi ruling elite in relation to antisemitic measures and the local outbreaks of violence and terror against the Jewish population It also illustrates the widespread indifference of non-Jewish Germans In 1935 the Berlin rabbi Joachim Prinz described how the circumstances for the Jewish population had changed The Jew's lot is to be neighbourless We would not find it all so painful if we did not have the feeling that we once did have neighbours Learn more about the PMJ on <https://pmjdocuments.org>
