Robert Motherwell 2nd Edition New Revised:

Robert Motherwell, Abstraction, and Philosophy Robert Hobbs, 2020-06-07 Employing an interdisciplinary approach this book breaks new ground by considering how Robert Motherwell's abstract expressionist art is indebted to Alfred North Whitehead's highly original process metaphysics Motherwell first encountered Whitehead and his work as a philosophy graduate student at Harvard University and he continued to espouse Whitehead's processist theories as germane to his art throughout his life This book examines how Whitehead's process philosophy inspired by quantum theory and focusing on the ongoing ingenuity of dynamic forces of energy rather than traditional views of inert substances set the stage for Motherwell's future art This book will be of interest to scholars in twentieth century modern art philosophy of art and aesthetics and art history

The Writings of Robert Motherwell Robert Motherwell, 2023-11-15 Robert Motherwell 1915-1991 one of the leading American Abstract Expressionist painters was also a theorist and exponent of the movement His writing articulated the intent of the New York school Jackson Pollock Willem de Kooning Adolph Gottlieb Franz Kline Arshile Gorky and others during a period when their work was often reviled for its departure from traditional representation As founder of the Documents of Modern Art series later renamed the Documents of Twentieth Century Art Motherwell gave modern artists a voice at a time when very few people understood their theories or work This authoritative new edition of the artist's writings about art includes public lectures essays and interviews Impeccably edited with an informative introductory essay and rigorous annotation it is illustrated with black and white images that elucidate Motherwell's writings

Robert Motherwell 1915-1991 one of the leading American Abstract Expressionist painters was also a theorist and exponent of the movement His writing articulated the intent of the New York school Jackson Pollock Willem de Kooning Adolph Gottlieb F *Robert Motherwell On Paper* Robert Motherwell, 1997 The Abstract Expressionist artist Robert Motherwell 1915-1991 was best known as a painter but he also created a remarkable body of works on paper The drawings prints and collages in this book show a more intimate side of his visual sensibility they reveal the very personal handwriting of the artist as he responded to the subtleties of paper both as a medium and a material Motherwell was in fact a most extraordinary draftsman as this volume testifies Reproduced in color and in a generous format are more than a hundred of the artist's finest works on paper The book is published to accompany an exhibition at the Miriam and Ira D Wallach Art Gallery at Columbia University an exhibition that was conceived and developed in discussions with the artist during the final year of his life For this celebration of Motherwell's creative legacy David Rosand has gathered a distinguished group of contributors Together their essays on different aspects of Motherwell's work create a complex picture of a multifaceted artist

Conceptual Art After Modernism Robert Bailey, 2025-05-30 This study provides a new interpretation of art after modernism by foregrounding the importance of conceptual thinking as a pervasive force for change in art and art history since 1950 Robert Bailey shows how distinctions between art and art history gave way as conceptual thinking provided artists and art historians with a common means to

reassess what art could be and do in the world Bailey assesses the results of artful and scholarly inquiries combining creative activity with intellectual rigor to proffer new approaches to a variety of social and environmental concerns ranging from questions about human identity including race class gender and sexuality to activist efforts to redress everything from abortion access to migrants rights to climate change This book provides both a historical overview of these developments and close analyses of key works and texts spanning 1950 to the present and encompassing broad geographic scope with special attention paid to Indigenous art The book will be of interest to scholars working in art history and contemporary art

Beyond Text Jennifer Buckley, 2019-10-09 Taking up the work of prominent theater and performance artists Beyond Text reveals the audacity and beauty of avant garde performance in print With extended analyses of the works of Edward Gordon Craig German expressionist Lothar Schreyer the Living Theatre Carolee Schneemann and Guillermo Gmez Pe a the book shows how live performance and print aesthetically revived one another during a period in which both were supposed to be in a state of terminal cultural decline While the European and American avant gardes did indeed dismiss the dramatic author they also adopted print as a theatrical medium altering the status form and function of text and image in ways that continue to impact both the performing arts and the book arts Beyond Text participates in the ongoing critical effort to unsettle conventional historical and theoretical accounts of text performance relations which have too often been figured in binary chronological from page to stage or hierarchical terms Across five case studies spanning twelve decades Beyond Text demonstrates that print as noun and verb has been integral to the practices of modern and contemporary theater and performance artists
