Roma Ebraica:

Rome and Vatican City Sonia Gallico, 2007 *The Jewish community of Rome* [electronic resource] Silvia Cappelletti, 2006 This publication on the Jewish community of Rome in ancient times provides interesting information about the development of the Jewish presence in the Capital of the Roman Empire and the cultural links this community created with the Diaspora and Eretz Israel **In the Shadow of the Caesars: Jewish Life in Roman Italy** Samuele Rocca, 2022-09-19 The main contribution of this book is that it tries to determine how the Jews answered the challenges of Roman society Thus the book presents a refreshing approach to the nature of the Roman attitude toward Judaism and the Jews In addition it provides the first detailed examination of the demography and geography of the Jewish communities in Roman Italy The book also offers a new look at the legal standing of the Jewish communitarian organization Last but not least this study also addresses the various facets of the culture of the Jews living in Roman Italy *Jewish Life in Early Modern Rome* Kenneth Stow, 2018-01-18 The essays in this second volume by Kenneth Stow explore the fate of Jews living in Rome directly under the eye of the Pope Most Roman Jews were not immigrants some had been there before the time of Christ Nor were they cultural strangers They spoke Roman Italian ate and dressed as did other Romans and their marital practices reflected Roman noble usage Rome s Jews were called cives but unequal ones and to resolve this anomaly Paul IV closed them within ghetto walls in 1555 the rest of Europe would resolve this crux in the late eighteenth century through civil Emancipation In its essence the ghetto was a limbo from which only conversion promoted through disciplining par excellence offered an exit Nonetheless though increasingly impoverished Rome s Jews preserved culture and reinforced family life even many women s rights A system of consensual arbitration enabled a modicum of self governance Yet Rome s Jews also came to realize that they had been expelled into the ghetto nostro ghet a document of divorce as they called it There they would remain segregated so long as they remained Jews Such are the themes that the author examines in these essays **Rome - City in Terror** Victor Failmezger, 2020-09-17 Victor Failmezger s passion for the city of Rome is matched by his extensive knowledge of its dark recent past Joshua Levine author of *Dunkirk The History Behind the Major Motion Picture* In September 1943 following wave upon wave of Allied bombing Italy announced an armistice with the Allies Shortly afterwards the German army disarmed Italian forces and despite military and partisan resistance quickly overran Rome Rome City in Terror is a comprehensive history of the nine month long German occupation of the city that followed The Gestapo wasted no time enforcing an iron grip on the city once the occupation was in place They swiftly eliminated the Carabinieri the Italian paramilitary force rounded up thousands of Italians to build extensive defensive lines across Italy and at 5am one morning arrested more than 1 000 Roman Jews and sent them to Auschwitz Resistance however remained strong To aid the thousands of Allied POWs who escaped after the dissolution of the Italian army priests diplomats and escaped ex POWs operating out of the Vatican formed a nationwide organization called the Escape Line More than 4 000 Allied POWs scattered all over Italy

were sheltered clothed and fed by these courageous Italians whose lives were forfeit if their activities were discovered Meanwhile as food became scarce and the Gestapo began to raid on homes and institutions Italian partisan fighters launched attack after attack on German military units in the city with the threat of execution never far away This is the compelling story of an Eternal City brought low of the terror and hardship of occupation and of the disparate army of partisan fighters displaced aristocrats Vatican priests Allied POWs and ordinary citizens who battled for the liberation of Rome *Lived Religion in the Ancient Mediterranean World* Valentino Gasparini, Maik Patzelt, Rubina Raja, Anna-Katharina Rieger, Jörg Rüpke, Emiliano Urciuoli, 2020-04-06 The Lived Ancient Religion project has radically changed perspectives on ancient religions and their supposedly personal or public character This volume applies and further develops these methodological tools new perspectives and new questions The religious transformations of the Roman Imperial period appear in new light and more nuances by comparative confrontation and the integration of many disciplines The contributions are written by specialists from a variety of disciplinary contexts Jewish Studies Theology Classics Early Christian Studies dealing with the history of religion of the Mediterranean West Asian and European area from the late Hellenistic period to the early Middle Ages and shaped by their intensive exchange From the point of view of their respective fields of research the contributors engage with discourses on agency embodiment appropriation and experience They present innovative research in four fields also of theoretical debate which are Experiencing the Religious Switching the Code A Thing Called Body and Commemorating the Moment **Handbook of Jewish Languages**, 2017-10-17 This Handbook of Jewish Languages is an introduction to the many languages used by Jews throughout history including Yiddish Judezmo Ladino and Jewish varieties of Amharic Arabic Aramaic Berber English French Georgian Greek Hungarian Iranian Italian Latin American Spanish Malayalam Occitan Provençal Portuguese Russian Swedish Syriac Turkic Karaim and Krymchak Turkish and more Chapters include historical and linguistic descriptions of each language an overview of primary and secondary literature and comprehensive bibliographies to aid further research Many chapters also contain sample texts and images This book is an unparalleled resource for anyone interested in Jewish languages and will also be very useful for historical linguists dialectologists and scholars and students of minority or endangered languages This paperback edition has been updated to include dozens of additional bibliographic references *Counting the Miracles: Jewish Thought, Mysticism, and the Arts from Late Antiquity to the Present* Silvana Greco, Judith Olszowy-Schlanger, 2025-05-19 In honor of the writings of Giulio Busi scholar of Jewish culture the book investigates from a multidisciplinary perspective the extraordinary richness of Jewish culture in the Diaspora from antiquity to the latter part of the 20th century A number of rabbinic writings medieval manuscripts from the South of France visual qabbalah the Yiddish language artistic expressions as well as the philosophical and social traditions of some prominent twentieth century figures will be explored While the Jewish cultural tradition has always incorporated the cultural influences of the broader socio historical context in which it was embedded it has in turn

been a source of inspiration for the intellectual lite of the majority society In this regard the volume will examine the fruitful mutual exchange between Jewish scholars and Christian humanists during the Renaissance However the life of Jews in the Diaspora did not always take place in a context of peaceful integration It was punctuated by harsh confrontations and persecution Finally the book will illustrate how precisely during the darkest and most tragic period of the 20th century Jewish culture was an important tool of resistance and struggle against Nazi Fascism *Libri e scrittori nella Roma ebraica del Medioevo* Giulio Busi,1990 Sarcophagi from the Jewish Catacombs of Ancient Rome Adia Konikoff,1990 This comprehensive inventory of all known sarcophagi from the Jewish catacombs of Rome is the first specialized treatment of this subject in monograph form It describes and analyses each sarcophagus and provides full reference material which it critically examines This work thus fills a lacuna in the literature on this field which has up to now been confined to the treatment of early Christian and pagan sarcophagi of the period We have here a complete overview of the Jewish sarcophagi of ancient Rome all of them illustrated by photographs and provided with extensive bibliographies This work thus fills a lacuna in the literature on this field Journal for the Study of Judaism Until this book however no one has attempted to assemble all of the Jewish sarcophagi separately in one place and to provide relevant information in the form of a well ordered catalogue For this reason Konikoff s book provides a welcome resource for anyone interested in the material evidence of ancient Judaism and forms a good beginning for study of the sarcophagi especially from a bibliographic point of view Gnomon
