Barbara Levick

Roman Gaul The Three Provinces 58 Bc Ad 26:

Rome and the Barbarians, 100 B.C.-A.D. 400 Thomas S. Burns, 2009-07-06 This historical analysis of Roman Barbarian relations from the Republic into late antiquity offers a striking new perspective on the fall of the Empire The barbarians of antiquity often portrayed simply as the savages who destroyed Rome emerge in this colorful richly textured history as a much more complex factor in the expansion and eventual unmaking of the Roman Empire Thomas S Burns marshals an abundance of archeological and literary evidence to bring forth a detailed and wide ranging account of the relations between Romans and non Romans along the frontiers of western Europe Looking at a 500 year time span beginning with early encounters between barbarians and Romans around 100 B C and ending with the spread of barbarian settlement in the western Empire Burns reframes the barbarians as neighbors friends and settlers His nuanced history subtly shows how Rome s relations with the barbarians slowly evolved from general ignorance hostility and suspicion toward tolerance synergy and integration This long period of acculturation led to a new Romano barbarian hybrid society and culture that anticipated the values and traditions of medieval civilization *The Roman World 44 BC-AD 180* Martin Goodman, 2002-04-12 Goodman presents a lucid and balanced picture of the Roman world examining the Roman empire from a variety of perspectives cultural political civic social and religious *Illyricum in Roman Politics, 229 BC-AD 68* Danijel Dzino, 2010-01-21 Illyricum in the western Balkan peninsula was a strategically important area of the Roman Empire where the process of Roman imperialism began early and lasted for several centuries Dzino here examines Roman political conduct in Illyricum the development of Illyricum in Roman political discourse and the beginning of the process that would integrate Illyricum into the Roman Empire and wider networks of the Mediterranean world In addition he also explores the different narrative histories from the romanocentric narrative of power and Roman military conquest which dominate the available sources to other earlier scholarly interpretations of events *Ethnicity and Culture in Late Antiquity* Geoffrey Greatrex, Stephen Mitchell, 2000-12-31 The period AD 300 600 saw huge changes The Graeco Roman city state was first transformed then eclipsed Much of the Roman Empire broke up and was reconfigured New barbarian kingdoms emerged in the Roman West Above all religious culture moved from polytheistic to monotheistic Here twenty papers by international scholars explore how group identities were established against this shifting background Separate sections treat the Latin speaking West the Greek East and the age of Justinian Themes include religious conversion Roman law in the barbarian West problems of Jewish identity and what in Late Antiquity it meant to be Roman **Roman Architecture in Provence** James C. Anderson, 2013 This book provides a survey of the architecture and urbanism of Provence during the Roman era Provence or Gallia Narbonensis as the Romans called it was one of the earliest Roman colonies in Western Europe In this book James C Anderson jr examines the layout and planning of towns in the region both those founded by the Romans and those redeveloped from native settlements He provides an in depth study of the chronology dating and remains of every type of

Roman building for which there is evidence in Provence The stamp of Roman civilization is apparent today in such cities as Orange Nîmes and Arles where spectacular remains of bridges theaters fora and temples attest to the sophisticated civilization that existed in this area during the imperial period and late antiquity This book focuses on the remains of buildings that can still be seen exploring decorative elements and their influence from Rome and local traditions as well as their functions within the urban environment Latinization, Local Languages, and Literacies in the Roman West, 2024-11-14 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on Oxford Academic and offered as a free PDF download from OUP and selected open access locations The patchwork of local languages which existed across the western provinces in the Iron Age was radically reconfigured by the rise of Latin Latinization Local Languages and Literacies in the Roman West offers a detailed anatomy of the local and regional patterning across Britain Gaul the Germanies and the Iberian Peninsula primarily from the later Republic to the end of the Principate The chapters draw on a combination of various sets of evidence and an interdisciplinary perspective historical archaeological sociolinguistic and epigraphic to uncover local voices tracking differential Latinization and revealing the probable survival of local languages alongside or even to the exclusion of Latin in some communities in non Mediterranean areas The results underscore the variety of factors involved in language change and the importance of sensitivity to local communities By including everyday writing in their epigraphic evidence the volume reveals regionality in the varieties of Latin used and disparities in engagement in both the epigraphic habit and broader literate practices New data enable the description of types of literacies and movement away from debates on provincial percentages of literacy and from generalizations about associated social dynamics Contributors to the volume grapple with the characterful datasets they have created and collated the careful treatment of which enables the exploration of a range of themes vital for understanding provincial life The complexity uncovered by these studies will be a starting point for future investigations **Augustan Rome 44 BC to AD 14** J. S Richardson, 2012-03-28 Centring on the reign of the emperor Augustus volume four is pivotal to the series tracing of the changing shape of the entity that was ancient Rome through its political cultural and economic history *The Imperial Cult in the Latin West, Volume III, Provincial Cult. Part 4. Bibliography, Indices, Addenda* Duncan Fishwick, 2005-09-01 This volume concludes the series with an apparatus The list of Abbreviated Titles comprises all Abbreviations used throughout the four Parts while the Bibliography consolidates the books and articles cited in the four sets of References The intention of the various Indices is to let the reader find his way about the text in one way or another whereas the main focus of the Addenda is on publications that were either earlier missed or as in most cases appeared too late to be included at the appropriate stage of the text Lastly the list of errata in the Corrigenda consists mostly of typographical errors that escaped notice in the original manuscript Between France and England Michael Jones, 2024-10-28 Between France and England characterises the role played by most rulers of the duchy of Brittany during the late Middle Ages before it was finally united with Valois

France These essays including three appearing for the first time in English explore political and institutional aspects of the changing relationship between France and Brittany within the context of Anglo French relations as well as social consequences of the development of a largely autonomous state within the larger French kingdom during a period dominated by war and economic crisis The transformation of medieval France into an early modern state changed the traditional relationship between the king and his great feudal princes But some princes reacted by imitating the crown creating their own more advanced administrations and an ideological base for claims to exercise regal rights within their lordships often expressed in striking visual and symbolic form These trends are evident in the late medieval duchy of Brittany where the Montfort dynasty all but succeeded in nullifying royal control The Ancient Celts, Second Edition Barry

Cunliffe, 2018-04-14 Fierce warriors and skilled craftsmen the Celts were famous throughout the Ancient Mediterranean World They were the archetypal barbarians from the north and were feared by both Greeks and Romans For two and a half thousand years they have continued to fascinate those who have come into contact with them yet their origins have remained a mystery and even today are the subject of heated debate among historians and archaeologists Barry Cunliffe's classic study of the ancient Celtic world was first published in 1997 Since then huge advances have taken place in our knowledge new finds new ways of using DNA records to understand Celtic origins new ideas about the proto urban nature of early chieftains strongholds All these developments are part of this fully updated and completely redesigned edition Cunliffe explores the archaeological reality of these bold warriors and skilled craftsmen of barbarian Europe who inspired fear in both the Greeks and the Romans He investigates the texts of the classical writers and contrasts their view of the Celts with current archaeological findings Tracing the emergence of chiefdoms and the fifth to third century migrations as far as Bosnia and the Czech Republic he assesses the disparity between the traditional story and the most recent historical and archaeological evidence on the Celts Other aspects of Celtic identity such as the cultural diversity of the tribes their social and religious systems art language and law are also examined From the picture that emerges we are crucially able to distinguish between the original Celts and those tribes which were Celtized giving us an invaluable insight into the true identity of this ancient people *Remembering Constantine at the Milvian Bridge* Raymond Van Dam, 2011-04-29

Constantine's victory in 312 at the battle of the Milvian Bridge established his rule as the first Christian emperor This book examines the creation and dissemination of the legends about that battle and its significance Christian histories panegyrics and an honorific arch at Rome soon commemorated his victory and the emperor himself contributed to the myth by describing his vision of a cross in the sky before the battle Through meticulous research into the late Roman narratives and the medieval and Byzantine legends this book moves beyond a strictly religious perspective by emphasizing the conflicts about the periphery of the Roman empire the nature of emperorship and the role of Rome as a capital city Throughout late antiquity and the medieval period memories of Constantine's victory served as a powerful paradigm for understanding rulership in a Christian society

Vespasian Barbara Levick, 2016-10-04 From a pre eminent biographer in the field this volume examines the life and times of the emperor Vespasian and challenges the validity of his perennial good reputation and universally acknowledged achievements Levick examines how this plebeian and uncharismatic Emperor restored peace and confidence to Rome and ensured a smooth succession how he coped with the military political and economic problems of his reign and his evaluation of the solutions to these problems before she finally examines his posthumous reputation Now updated to take account of the past 15 years of scholarship and with a new chapter on literature under the Flavians Vespasian is a fascinating study for students of Roman history and the general classical enthusiast alike

In Praise of Later Roman Emperors C. E. V. Nixon, Barbara Saylor Rodgers, 2023-09-01 Here for the first time is an annotated English translation of the eleven later panegyrics 291 389 C E of the XII Panegyrici Latini with the original Latin text prepared by R A B Mynors Each panegyric has a thorough introduction and detailed commentary on historical events style figures of speech and rhetorical strategies accompanies the translations The very difficult Latin of these insightful speeches is rendered into graceful English yet remains faithful to the original Here for the first time is an annotated English translation of the eleven later panegyrics 291 389 C E of the XII Panegyrici Latini with the original Latin text prepared by R A B Mynors Each panegyric has a thorough introduction and deta

UnRoman Britain Dr Miles Russell, Stuart Laycock, 2011-09-30 Roman Britain is usually thought of as a land full of togas towns and baths with Britons happily going about their Roman lives under the benign gaze of Rome This is to a great extent a myth that developed after Roman control of Britain came to an end in particular when the British Empire was at its height in the late nineteenth and early twentieth centuries In fact Britain was one of the least enthusiastic elements of the Roman Empire The northern part of Britain was never conquered at all despite repeated attempts Some Britons adopted Roman ways in order to advance themselves and become part of the new order or just because they liked the new range of products available However many failed to acknowledge the Roman lifestyle at all while many others were only outwardly Romanised clinging to their own identities under the occupation Britain never fully embraced the Empire and was itself never fully accepted by the rest of the Roman world Even the Roman army in Britain became chronically rebellious and a source of instability that ultimately affected the whole Empire As Roman power weakened the Britons abandoned both Rome and almost all Roman culture and the island became a land of warring kingdoms as it had been before

Human Landscapes in Classical Antiquity John Salmon, Graham Shipley, 2013-02-01 Human Landscapes in Classical Antiquity shows how today s environmental and ecological concerns can help illuminate our study of the ancient world The contributors consider how the Greeks and Romans perceived their natural world and how their perceptions affected society The effects of human settlement and cultivation on the landscape are considered as well as the representation of landscape in Attic drama Various aspects of farming such as the use of terraces and the significance of olive growing are examined The uncultivated landscape was also important hunting was a key social ritual for Greek and hellenistic elites and wild places were not

wastelands but played an essential economic role The Romans attempts to control their environment are analyzed This volume shows how Greeks and Romans worked hand in hand with their natural environment and not against it It represents an outstanding collaboration between the disciplines of history and archaeology *Fifth-Century Gaul* John Drinkwater, Hugh Elton, 2002-09-12 A unique collection of papers looking at how the Gallo Romans reacted to barbarian invasion Zondervan Handbook to the Bible Zondervan, 2019-06-18 Continuously in print since 1973 this fifth edition of the classic Zondervan Handbook to the Bible has been updated with new imagery From the history and design of the temple in Jerusalem to God s relationship with the universe you ll find it here The land culture battles feast days heroes and villains of Scripture come alive through spectacular color filled articles and images of meticulous clarity and detail Special features include A four color guide to all the books of the Bible Over 120 articles by an international team of experts More than 700 color photographs many of them new 68 maps and 20 charts Complete with a comprehensive Rapid Fact Finder to the Bible section the Zondervan Handbook to the Bible remains the best book to have next to your Bible **Augustus** Adrian Goldsworthy, 2014-08-28 The acclaimed historian and author of Caesar presents a first rate popular biography of Rome s first emperor written with a storyteller s brio Washington Post The story of Augustus life is filled with drama and contradiction risky gambles and unexpected success He began as a teenage warlord whose only claim to power was as the grand nephew and heir of the murdered Julius Caesar Mark Antony dubbed him a boy who owes everything to a name but he soon outmaneuvered a host of more experienced politicians to become the last man standing in 30 BC Over the next half century Augustus created a new system of government the Principate or rule of an emperor which brought peace and stability to the vast Roman Empire In this highly anticipated biography Goldsworthy puts his deep knowledge of ancient sources to full use recounting the events of Augustus long life in greater detail than ever before Goldsworthy pins down the man behind the myths a consummate manipulator propagandist and showman both generous and ruthless Under Augustus rule the empire prospered yet his success was constantly under threat and his life was intensely unpredictable Cadastres, Misconceptions & Northern Gaul Rick Bonnie, 2009 6 Site Distribution and Land Sizes Site distribution Calculating hypothetical land sizes 7 Ownership of Land and Villas Cadastres and the supposed settlement of new people Relationship between villas and cadastres Development of the villa landscape 8 Conclusions A Roman cadastre in the Tongres Maastricht area Dating the cadastre The cadastre s size Socio cultural impact Notes Bibliography Catalogue Roman Imperial Frontier in the West Julie Nelson, Steven K. Drummond, 2015-05-22 Imperial policy on the western frontier of the Roman Empire was the means by which the government controlled the frontier residents This book takes a topical approach to this study of the frontier subjects covered include the army farming commerce manufacturing religion and Romanization
