Roman Stamp Frame And Facade In Some Forms Of Neo Classicism:

The Roman Stamp Robert M. Adams, 2023-11-15 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1974 [The Eternal City](#) Peter Bondanella, 2017-11-01 A major new interpretation of the impact of ancient Rome on our culture this study charts the effects of two diametrically opposed views of Roman antiquity the virtuous republic of selfless citizen soldiers and the corrupt empire of power hungry tyrants The power of these images is second only to those derived from Christianity in constructing our modern culture Few modern readers are aware of how indebted we are to the Roman model of our political philosophy art music cinema opera and drama Originally published in 1987 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **The Oxford History of Classical Reception in English Literature: The Oxford History of Classical Reception in English Literature** David Hopkins, Charles Martindale, Norman Vance, Rita Copeland, Patrick Cheney, Philip R. Hardie, Jennifer Wallace, 2012-09-27 The present volume 3 is the first to appear of the five that will comprise The Oxford History of Classical Reception in English Literature henceforth OHCREL Each volume of OHCREL will have its own editor or team of editors Preface *Art Nouveau and the Classical Tradition* Richard Warren, 2017-12-14 Art Nouveau was a style for a new age but it was also one that continued to look back to the past This new study shows how in expressing many of their most essential concerns sexuality death and the nature of art its artists drew heavily upon classical literature and the iconography of classical art It challenges the conventional view that Art Nouveau's adherents turned their backs on Classicism in their quest for new forms Across Europe and North America artists continued to turn back to the ancient world and in particular to Greece for the vitality with which they sought to infuse their creations The works of many well known artists are considered through this prism including those of Gustav Klimt Aubrey Beardsley and Louis Comfort Tiffany But breaking new ground in its comparative approach this study also considers some of the movement's less well known painters sculptors jewellers and architects including in central and eastern Europe and their use of classical iconography to express new ideas of nationhood Across the world while Art Nouveau was a plural style drawing on multiple influences the Classics remained a key artistic vocabulary for its artists whether blended with Orientalist and other iconographies or preserving the purity of classical form *Sex and Suits* Anne Hollander, 2016-08-25 Since the dawn of western fashion in the Middle Ages women's dress has never stopped evolving yet menswear has seen far fewer style revolutions At the centre of the male wardrobe is the suit relatively unchanged since the 17th century its cut and cloth

suggest athleticism seriousness sexuality and strength qualities which contrasted with the perceived superficiality and frivolity of female dress and eventually led to the adoption of the suit into the female wardrobe where it remains to this day In *Sex and Suits* brilliant essayist and art critic Anne Hollander charts the development of men's and women's fashion from their divergence in the medieval period to their convergence through to the late 20th century Challenging the idea that the suit's success is merely down to its practicality this trailblazing book argues that men have been fashion's true style setters and that as women's fashion has taken on elements of men's style through tailoring so men have reclaimed the embellishment and colour of past eras First published in 1994 to great acclaim this classic text is as fresh and provocative as ever and remains a must read for students scholars and anyone fascinated by the history of fashion and gender **Catalog**

of Copyright Entries. Third Series Library of Congress. Copyright Office, 1976 **The Living Death of Antiquity** William Fitzgerald, 2022-02-10 *The Living Death of Antiquity* examines the idealization of an antiquity that exhibits in the words of Johann Joachim Winckelmann a noble simplicity and quiet grandeur Fitzgerald discusses the aesthetics of this strain of neoclassicism as manifested in a range of work in different media and periods focusing on the late eighteenth and early nineteenth centuries In the aftermath of Winckelmann's writing John Flaxman's engraved scenes from the *Iliad* and the sculptors Antonio Canova and Bertel Thorvaldsen reinterpreted ancient prototypes or invented new ones Earlier and later versions of this aesthetic in the ancient Greek Anacreontea the French Parnassian poets and Erik Satie's *Socrate* manifest its character in different media and periods Looking with a sympathetic eye on the original aspirations of the neoclassical aesthetic and its forward looking potential Fitzgerald describes how it can tip over into the vacancy or kitsch through which a remaindered antiquity lingers in our minds and environments This book asks how the neoclassical value of simplicity serves to conjure up an epiphanic antiquity and how whiteness in both its literal and its metaphorical forms acts as the logo of neoclassical antiquity and functions aesthetically in a variety of media In the context of the waning of a neoclassically idealized antiquity Fitzgerald describes the new contents produced by its asymptotic approach to meaninglessness and how the antiquity that it imagined both is and is not with us [The Modern Satiric Grotesque and Its Traditions](#) John R.

Clark, 2021-05-11 Thomas Mann predicted that no manner or mode in literature would be so typical or so pervasive in the twentieth century as the grotesque Assuredly he was correct The subjects and methods of our comic literature and much of our other literature are regularly disturbing and often repulsive no laughing matter In this ambitious study John R Clark seeks to elucidate the major tactics and topics deployed in modern literary dark humor In Part I he explores the satiric strategies of authors of the grotesque strategies that undercut conventional usage and form the de basement of heroes the denigration of language and style the disruption of normative narrative technique and even the debunking of authors themselves Part II surveys major recurrent themes of grotesquerie tedium scatology cannibalism dystopia and Armageddon or the end of the world Clearly the literature of the grotesque is obtrusive and ugly its effect morbid and disquieting and

deliberately meant to be so Grotesque literature may be unpleasant but it is patently insightful Indeed as Clark shows all of the strategies and topics employed by this literature stem from age old and spirited traditions Critics have complained about this grim satiric literature asserting that it is dank cheerless unsavory and negative But such an interpretation is far too simplistic On the contrary as Clark demonstrates such grotesque writing in its power and its prevalence in the past and present is in fact conventional controlled imaginative and vigorous no mean achievements for any body of art The Springs of Liberty Stewart Justman,1999 Justman considers satire not as a genre but as a potential available to different genres He contrasts a line of English literature critical of journalism writers such as Addison Austen and Trollope with another less mannerly represented by writers who exploded the stock formulas of which so much journalism is made a line running from Swift through Dickens to Joyce and Orwell Discussed too is the exploitation of the power of satire in political doctrine BOOK JACKET **Stoic Romanticism and the Ethics of Emotion** Jacob Risinger,2021-09-14 An exploration of Stoicism s central role in British and American writing of the Romantic period Stoic philosophers and Romantic writers might seem to have nothing in common the ancient Stoics championed the elimination of emotion and Romantic writers made a bold new case for expression adopting powerful feeling as the bedrock of poetry Stoic Romanticism and the Ethics of Emotion refutes this notion by demonstrating that Romantic era writers devoted a surprising amount of attention to Stoicism and its dispassionate mandate Jacob Risinger explores the subterranean but vital life of Stoic philosophy in British and American Romanticism from William Wordsworth to Ralph Waldo Emerson He shows that the Romantic era the period most polemically invested in emotion as art s mainspring was also captivated by the Stoic idea that aesthetic and ethical judgment demanded the transcendence of emotion Risinger argues that Stoicism was a central preoccupation in a world destabilized by the French Revolution Creating a space for the skeptical evaluation of feeling and affect Stoicism became the subject of poetic reflection ethical inquiry and political debate Risinger examines Wordsworth s affinity with William Godwin s evolving philosophy Samuel Taylor Coleridge s attempt to embed Stoic reflection within the lyric itself Lord Byron s depiction of Stoicism at the level of character visions of a Stoic future in novels by Mary Shelley and Sarah Scott and the Stoic foundations of Emerson s arguments for self reliance and social reform Stoic Romanticism and the Ethics of Emotion illustrates how the austerity of ancient philosophy was not inimical to Romantic creativity but vital to its realization **Contemporary Literary Critics** NA NA,2015-12-25 A reference guide to the work of 115 modern British and American critics **The Frenzy of Renown** Leo Braudy,1997-11-25 Remarkably ambitious an impressive tour de force Washington Post Book World For Alexander the Great fame meant accomplishing what no mortal had ever accomplished before For Julius Caesar personal glory was indistinguishable from that of Rome The early Christians devalued public recognition believing that the only true audience was God And Marilyn Monroe owed much of her fame to the fragility that led to self destruction These are only some of the dozens of figures that populate Leo Braudy s panoramic history of fame a book that tells us as much about vast cultural

changes as it does about the men and women who at different times captured their societies regard Spanning thousands of years and fields ranging from politics to literature and mass media The Frenzy of Renown explores the unfolding relationship between the famous and their audiences between fame and the representations that make it possible Hailed as a landmark at its original publication and now reissued with a new Afterword covering the last tumultuous decade here is a major work that provides our celebrity obsessed post historical society with a usable past Expansive Braudy excels at rocketing a general point into the air with the fuel of drama Harper s

Object Representation in Computer Vision II Jean Ponce,Andrew Zisserman,1996-09-25 This book constitutes the strictly refereed post workshop proceedings of the second International Workshop on Object Representation in Computer Vision held in conjunction with ECCV 96 in Cambridge UK in April 1996 The 15 revised full papers contained in the book were selected from 45 submissions for presentation at the workshop Also included are three invited contributions based on the talks by Takeo Kanade Jan Koenderink and Ram Nevatia as well as a workshop report by the volume editors summarizing several panel discussions and the general state of the art in the area
