The Radicalism of Romantic Love Renata Grossi,David West,2017-03-31 Undoubtedly Romantic love has come to saturate our culture and is often considered to be a or even the major existential goal of our lives capable of providing us with both our sense of worth and way of being in the world The Radicalism of Romantic Love interrogates the purported radicalism of Romantic love from philosophical cultural and psychoanalytic perspectives exploring whether it is a subversive force capable of breaking down entrenched social political and cultural norms and structures or whether in spite of its role in the fight against certain barriers it is in fact a highly conservative impulse Exploring both the grounds for the central place of Romantic love in contemporary lives and the meaning extent and nature of its supposed radicalism this volume considers love from a variety of theoretical perspectives with attention to matters of gender sexuality class and ethnicity With authors examining a range of questions including the role of love in the same sex marriage debate polyamory and the notion of love as a political force The Radicalism of Romantic Love illuminates a fundamental but perplexing aspect of our contemporary lives and will appeal to scholars across the social sciences and humanities with interests in the emotions and love as a social and political phenomenon

The Poetics of Tenderness Robert Cantwell,2017-12-13 The Poetics of Tendernessa literary critical essay on love grounded in the developmental theory of the British psychoanalyst Donald Winnicott and shaped by recent work on the neurobiology and anthropology of love Itmaintains that sexual love is not merely an artifact or invention of culture but a vital manifestation of the culture making power itself Calling upon Andreus Capellanus Plato Schopenhauer Freud William James Hardy Dreiser and Fitzgerald D H Lawrence and Tom Stoppard among others the book s aim is to turn the discussion of sexuality around to substitute for ideas and figures of violence and predation which have dominated our sexual imaginary for more than four decades much older and more durable associations of sex and love with care affection beauty memory worthiness and ideality It argues for a resurrection of tenderness and holds out the possibility that even where anything goes love may yet be a source of sweetness and light that mutual respect equity justice and decency in the spheres of sex and love will more likely flow from compassion and sympathy than from anger fear suspicion mistrust resentment and bitterness Close readings of two widely read novels Dickens Great Expectations and Nabokov s Lolita preside over the discussion exploring these authors distinctively detailed and probing accounts of love s unfolding in particular social cultural historical and

psychological settings Both novels proceed from deep within the authors interior life both novels release love from its normally deep entanglements with intimacy and isolation compatibility and incompatibility social place and social possibility inspiring in their narrators a prolonged introspective inquiry into an all consuming preoccupation which ultimately restores them to the moral order

Consumer Neuroscience - Foundation, Validation, and Relevance Thomas Zoëga Ramsøy, Hilke Plassmann, Carolyn Yoon, Joseph T. Devlin, 2023-08-07 Consumer neuroscience has become an expanding area of both research and conduct spanning from academic interests in the brain bases of consumption choices to commercial application of neuroscience tools and metrics However many of these advances are still criticized for low applicability scattered publication records conceptual vagueness and a lack of proper scientific and commercial validation To make matters worse there is now a host of proposed commercial applications of both the insights from neuroscience and the application of neuroscience and neurophysiology tools to test consumer responses While many of these approaches may be valid many other approaches are either not properly validated or may be flawed misguided or even outright lies As a discipline there is a need for both the basic and applied research in consumer neuroscience to become aligned The purpose of this Research Topic is to provide this much needed platform for such an industrial alignment In doing so this Research Topic will provide perspectives on three main areas 1 distinctions between basic translational and applied consumer neuroscience research 2 conceptual clarification on key concepts relevant to the science and application of consumer neuroscience 3 validation of consumer neuroscience methods and how they relate to commercially relevant cases For this Research Topic we therefore welcome submissions that combine academic and commercial research all in the vein of making advances in establishing a valid applicable consumer neuroscience

The Religious and Romantic Origins of Psychoanalysis Suzanne R. Kirschner, 1996-02-23 In this book Suzanne Kirschner traces the origins of contemporary psychoanalysis back to the foundations of Judaeo Christian culture and challenges the prevailing view that modern theories of the self mark a radical break with religious and cultural tradition Instead she argues they offer an account of human development which has its beginnings in biblical theology and neoplatonic mysticism Drawing on a wide range of religious literary philosophical and anthropological sources Dr Kirschner demonstrates that current Anglo American psychoanalytic theories are but the latest version of a narrative that has been progressively secularized over the course of nearly two millennia She displays a deep understanding of psychoanalytic theories while at the same time raising provocative questions about their status as knowledge and as science

Shimizu,2023-12-08 In *The Movies of Racial Childhoods* Celine Parre as Shimizu examines early twenty first century cinematic representations of Asian and Asian American children Drawing on psychoanalysis and her own perspective as a mother grieving for a deceased child Shimizu considers how cinema renders Asian American children through sexualized racial difference infantilization and premature adultification She looks at how Asian American childhood is characterized in film through experiences of alienation and trauma and contends that childhood development requires finding freedom and self sovereignty through agentic attunement In analyzing films that focus on queer Asian American youth such as *Spa Night* 2016 and *Driveways* 2019 and those that explore the trauma of being an immigrant like *Yellow Rose* 2019 and *The Half of It* 2020 Shimizu demonstrates that films can prompt viewers to evaluate their own childhood development They also allow the opportunity to understand the demands placed upon Asian American children particularly in regard to race and sexuality In this way cinema becomes a vehicle for empowering our inner child and the children all around us Object-pronouns in

Dependent Clauses Winthrop Holt Chenery,1905 *Love, Heterosexuality and Society* Paul Johnson,2007-04-11

Heterosexuality is a largely silent set of practices and identities it is assumed to be everywhere and yet often remains unnamed and unexplored Despite recent changes in the theoretical understanding and representation of sexuality heterosexuality continues to be socially normative Forging a new agenda for the study of heterosexuality this in depth volume the first research monograph to focus on heterosexuality and society presents an empirical study of the construction negotiation and enactment of heterosexual sexuality Using detailed interview data it investigates how heterosexuality as both an identity and a set of practices is accomplished through love relationships Rather than assuming that romantic love is an outcome or expression of a pre defined sexuality Johnson explores how sexuality is brought to life through love Situated in the ongoing theoretical debates concerning the relationship between gender and sexuality Paul Johnson s book shows how ways of loving are interwoven with the construction practice regulation and government of heterosexuality Excellently written this important book also looks at gender in society and explores such areas as heterosexual subjectivities and the borders of desire As such the research it contains will be valuable for all students of sociology and gender studies
