

The background of the book cover is a detailed medieval manuscript illustration. It depicts a chaotic battle scene with numerous knights in armor engaged in combat. In the upper left, a knight in a red surcoat is prominent. The center features a knight on a white horse, possibly a leader, surrounded by other combatants. The lower half of the image is filled with a dense, overlapping mass of soldiers, horses, and weapons, creating a sense of intense action. The style is characteristic of late medieval manuscript illumination, with vibrant colors and intricate details.

Le Morte Darthur Thomas Malory, 1998-03-05 The definitive English version

of the stories of King Arthur Le Morte Darthur was completed in 1469-70 by Sir Thomas Malory knight prisoner In a resonant prose style Malory charts the tragic disintegration of the fellowship of the Round Table destroyed from within by warring factions Recounting the life of King Arthur the knightly exploits of Sir Lancelot du Lake Sir Tristram Sir Gawain and the quest for the Holy Grail Le Morte Darthur depicts the contradictions that underscore the Fellowship's chivalric ideals A pervading tension cumulates in the revelation of Lancelot and Guenivere's illicit passion and in Arthur's powerlessness to prevent a related outbreak of violence and revenge This generously annotated edition is based on the authoritative Winchester manuscript and represents what Malory wrote more closely than the first version printed by William Caxton

Hebert, 2013-03-12 This study re-examines Morgan le Fay in early medieval and contemporary Arthurian sources arguing that she embodies the concerns of each era even as she defies social and gender expectations Hebert uses leFay as a lens to explore traditional ideas of femininity monstrosity resistance identity and social expectations for women and men alike **The Divine Feminine in Ancient Europe** Sharon Paice MacLeod, 2013-12-23 This book is an exploration of the spiritual traditions of ancient Europe focusing on the numinous presence of the divine feminine in Russia Central Europe France Britain Ireland and the northern regions Drawing upon research in archaeology history sociology anthropology and the study of religions to connect the reader with the myths and symbols of the European traditions the book shows how the power of European goddesses and holy women evolved through the ages adapting to climate change and social upheaval but continually reflecting the importance of living in an harmonious relationship with the environment and the spirit world From the cave painting of southern France to ancient Irish tombs from shamanic rituals to Arthurian legends the divine feminine plays an essential role in understanding where we have come from and where we are going Comparative examples from other native cultures and quotes from spiritual leaders around the world set European religions in context with other indigenous cultures **Medievalisms** Tison Pugh, Angela Jane Weisl, 2012 Medievalisms

surveys the critical field and sets the boundaries for future study providing an essential background for literary study from the Medieval period through to the twenty first century exploring The influence of medieval cultural concepts on key authors such as Shakespeare Dante Chaucer George Eliot and Mark Twain The continued appeal of medieval cultural figures such as King Arthur and Robin Hood The influence of the medieval on disciplines such as politics music film and art **2015 U.S. Higher Education Faculty Awards, Vol. 1** Faculty Awards,2022-09-01 Created by professors for professors the Faculty Awards compendium is the first and only university awards program in the United States based on faculty peer evaluations The Faculty Awards series recognizes and rewards outstanding faculty members at colleges and universities across the United States Voting was not open to students or the public at large **Welsh Mythology** Jonathan Miles-Watson,2009 A little known lecture by L vi Strauss is the inspiration for this work In this lecture he intuitively suggested that in medieval Europe there once existed a set of myths centred on the grail which are structurally the opposite of the goatsucker myths that he famously analyzed in his mythologiques series This work uses L vi Strauss inspirational lecture as a launchpad for an exploration of a group of related medieval Welsh myths two of which have been briefly considered previously by L vi Strauss himself The root of the methodological approach this book employs throughout is the Structuralism of Claude L vi Strauss however it has been modified to incorporate the suggestions of later neo Structuralists This analysis tool is applied to a group of myths which have become conveniently if somewhat erroneously known as the Mabinogion The name Mabinogion appears as part of a colophon at the end of one of the myth of Pwyll and it was later adopted first by Pugh 1835 and then by Lady Charlotte Guest 1838 as a title for their now famous translations of Welsh mythology Consequently the title has stuck to describe the material that is contained within their translations and while it is a somewhat inaccurate way to describe the myths it has the virtues of being both a succinct and widely recognised signifier The term has come to signify eight myths or perhaps more accurately eight groups of myths which are all present in the late fourteenth century manuscript Llyfr Coch Hergest The Red Book of Hergest and all but one of which can be found in the slightly earlier Llyfr Gwyn Rhydderch The White Book of Rhydderch As such the Mabinogion is the key collection of medieval Welsh mythology and an important source for early Arthurian material Although Structuralism and the Mabinogion have attracted a good deal of attention from the academic world there has been never been a sustained attempt to follow Levi Strauss intuitive insights with a methodical Structuralist analysis of this material In the year of L vi Strauss centenary celebrations this work is the first sustained attempt to follow his intuitive suggestions about several Mabinogion myths with a detailed Structuralist analysis of the Mabinogion This work is therefore a unique anthropological presentation and analysis of the Mabinogion which argues for a radical new interpretation of these myths in light of the existence of a central system of interlocking symbols that has the Grail at its heart Through the analysis the book reveals a logical organizational principle that underlies a body of material that has previously been viewed as disparate and confusing This underlying structure is demonstrated to be as L vi Strauss

suggested it may be the opposite of that which L. vi. Strauss himself uncovered in the Americas. The revelation of this new form of underlying structure leads to a rethinking of some important aspects of Structuralism including the Canonical formula at the same time as acting as a tribute to the farsightedness of L. vi. Strauss. This book makes important contributions to the fields of Arthurian studies, anthropology, Celtic studies, cultural studies, medieval studies, mythology, and religious studies. *Celtic Myth and Religion* Sharon Paice MacLeod, 2011-11-08. This book provides a comprehensive overview of Celtic mythology and religion encompassing numerous aspects of ritual and belief. Topics include the presence of the Celtic Otherworld and its inhabitants, cosmology, and sacred cycles, wisdom texts, mythological symbolism, folklore, and legends, and an appreciation of the natural world. Evidence is drawn from the archaeology of sacred sites, ethnographic accounts of the ancient Celts and their beliefs, medieval manuscripts, poetic and visionary literature, and early modern accounts of folk healers and seers. New translations of poems, prayers, inscriptions, and songs from the early period, Gaulish, Old Irish, and Middle Welsh, as well as the folklore tradition, Modern Irish, Scottish Gaelic, Welsh, Cornish, Breton, and Manx, complement the text. Information of this kind has never before been collected as a compendium of the indigenous wisdom of the Celtic-speaking peoples whose traditions have endured in various forms for almost three thousand years. *Habitual Rhetoric* Alex Mueller, 2023-09-19. Writing has always been digital. Just as digits scribble with the quill or tap the typewriter, digits compose binary code and produce text on a screen. Over time, however, digital writing has come to be defined by numbers and chips, not fingers and parchment. We therefore assume that digital writing began with the invention of the computer and created new writing habits, such as copying, pasting, and sharing. *Habitual Rhetoric: Digital Writing before Digital Technology* makes the counterargument that these digital writing practices were established by the handwritten cultures of early medieval universities, which codified rhetorical habits from translation to compilation to disputation to amplification to appropriation to salutation through repetitive classroom practices and within annotatable manuscript environments. These embodied habits have persisted across time and space to develop durable dispositions or *habitus*, which have the potential to challenge computational cultures of disinformation and surveillance that pervade the social media of today. [Encyclopedia of Medieval Literature](#) Laura C. Lambdin, Robert T. Lambdin, 2013-04-03. This reference is a comprehensive guide to literature written 500 to 1500 A.D., a period that gave rise to some of the world's most enduring and influential works, such as Dante's *Commedia*, Geoffrey Chaucer's *The Canterbury Tales*, and a large body of Arthurian lore and legend. While its emphasis is upon medieval English texts and society, this reference also covers Islamic, Hispanic, Celtic, Mongolian, Germanic, Italian, and Russian literature and Middle Age culture. Longer entries provide thorough coverage of major English authors such as Chaucer and Sir Thomas Malory, and of genre entries such as drama, lyric, ballad, debate, saga, chronicle, and hagiography. Shorter entries examine particular literary works, significant kings, artists, explorers, and religious leaders, important themes such as courtly love and chivalry, and major historical events such as the Crusades. Each entry concludes with a brief biography. The volume closes

with a list of the most valuable general works for further reading *Eros and Sexuality in Islamic Art* Francesca Leoni, Mika Natif, 2013 Dedicated to the topic of eroticism and sexuality in the visual production of the medieval and early modern Muslim world this volume offers new insights and methodological models that extend our understanding of erotic and sexual subjects in the Islamic tradition The essays shed light on the diverse socio cultural milieus of erotic images on the motivations underlying their production and on the responses generated by their circulation **Arthurian Bibliography IV** Elaine Barber, 2002 This fourth volume of entries culled in the main from BBSIA covers the years 1933 to 1998 inclusive The cumulative volumes of the Bibliography offer an exhaustive author and title database of the burgeoning scholarship in this field
