Romanian Foreign Policy Since 1965 The Political And Military Limits Of Autonomy:

Romanian Foreign Policy Since 1965 Aurel Braun, 1978 *Problems of Communism* , 1980 *Military Law Review* , 1978 Military Law Review Vol. 82 , **Forgotten Voices** Ulrich Merten, 2017-07-05 The news agency Reuters reported in 2009 that a mass grave containing 1 800 bodies was found in Malbork Poland Polish authorities suspected that they were German civilians that were killed by advancing Soviet forces A Polish archeologist supervising the exhumation said We are dealing with a mass grave of civilians probably of German origin The presence of children suggests they were civilians During World War II the German Nazi regime committed great crimes against innocent civilian victims Jews Poles Russians Serbs and other people of Central and Eastern Europe At war s end however innocent German civilians in turn became victims of crimes against humanity *Forgotten Voices* lets these victims of ethnic cleansing tell their story in their own words so that they and what they endured are not forgotten This volume is an important supplement to the voices of victims of totalitarianism and has been written in order to keep the historical record clear The root cause of this tragedy was ultimately the Nazi German regime As a leading German historian Hans Ulrich Wehler has noted Germany should avoid creating a cult of victimization and thus forgetting Auschwitz and the mass killing of Russians Ulrich Merten argues that applying collective punishment to an entire people is a crime against humanity He concludes that this should also be recognized as a European catastrophe not only a German one because of its magnitude and the broad violation of human rights that occurred on European soil Supplementary maps and pictures are available online at <http://www.forgottenvoices.net> **The Dracula Dilemma** Duncan Light, 2016-03-23 For many in the West Romania is synonymous with Count Dracula Since the publication of Bram Stoker s famous novel in 1897 Transylvania and by extension Romania has become inseparable in the Western imagination with Dracula vampires and the supernatural Moreover since the late 1960s Western tourists have travelled to Transylvania on their own searches for the literary and supernatural roots of the Dracula myth Such Dracula tourism presents Romania with a dilemma On one hand Dracula is Romania s unique selling point and has considerable potential to be exploited for economic gain On the other hand the whole notion of vampires and the supernatural is starkly at odds with Romania s self image as a modern developed European state This book examines the way that Romania has negotiated Dracula tourism over the past four decades During the communist period up to 1989 the Romanian state did almost nothing to encourage such tourism but reluctantly tolerated it However some discrete local initiatives were developed to cater for Dracula enthusiasts that operated at the margins of legality in a communist state In the post communist period after 1989 any attempt to censor Dracula has disappeared and the private sector in Romania has been swift to exploit the commercial possibilities of the Count However the Romanian state remains ambivalent about Dracula and continues to be reluctant to encourage or promote Dracula tourism As such Romania s dilemma with Dracula remains unresolved Eastern Europe Bibliography , 1993 A selective work that documents the formative impact of the region s earlier history Includes reference

aids and bibliographies general and descriptive histories of the land peoples and economies and works depicting intellectual and cultural life *University Theses in Russian, Soviet and East European Studies, 1907-2006* Gregory Piers Mountford Walker, John Simon Gabriel Simmons, 2008 The bibliography records doctoral and selected masters theses over 3 300 in all from British and Irish universities in the field of Russian Soviet and East European studies This is broadly interpreted to include all disciplines in the humanities and social sciences as they relate to the area of Russia the former USSR and Eastern Europe Taken as a whole the work probably forms the fullest and longest record of British and Irish postgraduate research in any sector of area studies Besides its primary function as a bibliographic tool it makes it possible to trace the effects of academic developments institutional policies and the changes in direction in this highly diversified field of study over the last hundred years Entries are arranged by subject and area supported by full author and subject indexes to aid searching Dr Gregory Walker is a former Head of Slavonic and East European Collections at the Bodleian Library University of Oxford The late John S G Simmons OBE was Senior Research Fellow and Librarian All Souls College Oxford **East Central Europe** Wojciech Roszkowski, 2015-01-01 What is East Central Europe Can it be defined with any precision The question of definition is a difficult one as is usually the case concerning borderlands whose historical developments show little continuity and an uncertain identity born of the conflict between aspirations and reality It is in East Central Europe that no peace settlement is ever final no frontiers are secure and each generation must begin its work anew Is there any chance that this definition will become out of date **Revolution and Change in Central and Eastern Europe** Minton F. Goldman, 1997-01-15 A comprehensive analysis of the progress and problems of post communist development attending to aspects of transition in the region as a whole and to specific issues in Albania Bulgaria the Czech and Slovak Republics East Germany Hungary Poland Rumania and Yugoslavia Goldman political science Northeastern U diagrams the commonalities of development and the diversity of the various countries rejection of communism setting forth the difficulties in moving from communist monolithic authoritarianism to pluralistic democracy coping with threats to progress and stability and the international implications of these transitions Paper edition 758 5 32 95 Annotation copyrighted by Book News Inc Portland OR

Romania In The 1980s Daniel N. Nelson, 2019-06-04 Among communist states Romania is in several respects a unique case Romania has been the only Warsaw Pact member to deviate consistently from Soviet foreign policy norms and alone within Eastern Europe to avoid oil imports from the USSR The leadership of Nicolae Ceausescu since 1965 has meanwhile governed through a studious commitment to socio economic centralization and control often reminiscent of Stalinist orthodoxy Intellectual freedom artistic liberty and workers rights have changed little relative to Poland Hungary or the transient Prague Spring Such international and domestic policy distinctions as well as a record of impressive industrial growth necessitate an effort to understand the dynamics of Romania s socio economic and political life This volume is meant to delineate trends in political social and economic life which will constitute dynamic elements for the Romanian system

during the 1980s and beyond Contributors all scholars with lengthy research experience in Romania the Balkans and communist states generally have sought to identify factors likely to be influential during this and ensuing decades In that sense this is a predictive volume containing not crystal ball gazing but the careful identification and assessment of trends influencing Romanian foreign and domestic policies economic and political performance and societal transformations By suggesting elements crucial to socio economic and political change in Romania we hope to make observing this intriguing communist state somewhat less haphazard and more systematic

The Soviet-East European Relationship In The Gorbachev Era Aurel Braun,2019-07-15 This book focuses on the nature of the Soviet East European relationship in the Gorbachev era and on the prospects for the adaptation of that relationship to changing conditions in today s world examining trends and tendencies in Soviet East European relations

Revolution and Change in Central and Eastern Europe Andrew Goldman,2016-09-16 A comprehensive introduction to the nations of Central and Eastern Europe over a half century of turbulent change from post war subjugation by the Soviet Union to both shared and divergent experiences of post Communist transition to free market democracies

Nicolae Ceausescu and the Romanian Political Leadership Mary Ellen Fischer,1983 Democratic Consolidation and Europeanization in Romania Sergiu Mişcoiu,2021-09-07 This volume is a multi dimensional analysis of Romania s political economic cultural and societal transformation after 1989 It synthetically depicts the main stages of the processes of democratic transition and consolidation as well as the subsequent phenomena of Europeanization but also the series of more recent democratic setbacks that affected the Romanian society The overall perspective is integrative providing the reader with a balanced and complete understanding of Romania s post communist challenges without being spared of the most sensitive aspects The volume gathers the contributions of some of the most distinguished experts in different sub fields of transition studies including political systems societal transformations minority rights macro economic dynamics and foreign policy

Background To Crisis Maurice D. Simon,2019-03-04 The 1970s in Poland were marked by rapid social economic and political change that included the phenomenal expansion of Polish industry the growth of economic ties with the West

food shortages and substantial domestic unrest The Polish government was faced with a large number of problems foreign as well as domestic that to date have not been amenable to lasting solutions Efforts to solve one problem often have merely exacerbated difficulties in other areas The authors of this volume examine many of the policy related developments in Poland during Gierek s regime from his accession to power in late 1970 to his dismissal in 1980 The book begins with an overview of Poland s recent political evolution and concludes with an analysis of the nation s status at the end of the 1970s The chapters describe political participation and integration the role of various groups in the Polish political process and major policy issues facing the Polish government **Doctoral Dissertations on China and on Inner Asia, 1976-1990** Patricia
