## **Romantic Writings:**

*Romantic Writings* Stephen Bygrave, 2017-09-29 *Romantic Writings* is an ideal introduction to the cultural phenomenon of Romanticism one of the most important European literary movements and the cradle of Modern culture Here you will find an accessible introduction to the well known male Romantic writers Blake Wordsworth Coleridge Byron Shelley and Keats Alongside are chapters dealing with poems by Charlotte Smith Mary Robinson Ann Barbauld Elizabeth Barrett Browning which challenge the idea that these men are the only Romantic writers As a further counterpoint the book also includes discussion of two German Romantic short stories by Kleist and Hoffman Throughout close reading of texts is matched by an insistence on reading them in their historical context *Romantic Writings* offers invaluable discussions of issues such as the notion of the Romantic artist colonialism and the exotic and the particular situation of women writers and readers

**Romantic Poetry** Angela Esterhammer, 2002-01-01 *Romantic Poetry* encompasses twenty seven new essays by prominent scholars on the influences and interrelations among Romantic movements throughout Europe and the Americas It provides an expansive overview of eighteenth and nineteenth century poetry in the European languages The essays take account of interrelated currents in American Argentinian Brazilian Bulgarian Canadian Caribbean Chilean Colombian Croatian Czech Danish English Estonian Finnish French German Greek Hungarian Irish Italian Mexican Norwegian Peruvian Polish Romanian Russian Serbian Slovak Spanish Swedish and Uruguayan literature Contributors adopt different models for comparative study tracing a theme or motif through several literatures developing innovative models of transnational influence studying the role of Romantic poetry in socio political developments or focusing on an issue that appears most prominently in one national literature yet is illuminated by the international context This collaborative volume provides an invaluable resource for students of comparative literature and Romanticism **SPECIAL OFFER 30% discount for a complete set order 5 vols** The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents *Romantic Irony* sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams *Romantic Drama* traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd *Romantic Poetry* demonstrates deep patterns and a sharing of crucial themes of the

revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age

**A Companion to Romantic Poetry** Charles Mahoney, 2010-12-21 Through a series of 34 essays by leading and emerging scholars A Companion to Romantic Poetry reveals the rich diversity of Romantic poetry and shows why it continues to hold such a vital and indispensable place in the history of English literature Breaking free from the boundaries of the traditionally studied authors the collection takes a revitalized approach to the field and brings together some of the most exciting work being done at the present time Emphasizes poetic form and technique rather than a biographical approach Features essays on production and distribution and the different schools and movements of Romantic Poetry Introduces contemporary contexts and perspectives as well as the issues and debates that continue to drive scholarship in the field Presents the most comprehensive and compelling collection of essays on British Romantic poetry currently available

**The Encyclopedia of Romantic Literature, 3 Volume Set** Frederick Burwick, Nancy Moore Goslee, Diane Long Hoeveler, 2012-01-30 The Encyclopedia of Romantic Literature is an authoritative three volume reference work that covers British artistic literary and intellectual movements between 1780 and 1830 within the context of European transatlantic and colonial historical and cultural interaction Comprises over 275 entries ranging from 1 000 to 6 500 words arranged in A Z format across three fully cross referenced volumes Written by an international cast of leading and emerging scholars Entries explore genre development in prose poetry and drama of the Romantic period key authors and their works and key themes Also available online as part of the Wiley Blackwell Encyclopedia of Literature providing 24 7 access and powerful searching browsing and cross referencing capabilities

**The Romantic Poetry Handbook** Michael O'Neill, Madeleine Callaghan, 2017-12-18 An absorbing survey of poetry written in one of the most revolutionary eras in the history of British literature This comprehensive survey of British Romantic poetry explores the work of six poets whose names are most closely associated with the Romantic era Wordsworth Coleridge Blake Keats Byron and Shelley as well as works by other significant but less

widely studied poets such as Leigh Hunt Charlotte Smith Felicia Hemans and Letitia Elizabeth Landon Along with its exceptional coverage the volume is alert to relevant contexts and opens up ways of understanding Romantic poetry The Romantic Poetry Handbook encompasses the entire breadth of the Romantic Movement beginning with Anna Laetitia Barbauld and running through to Thomas Lovell Beddoes and John Clare In its central section Readings it explores tensions change and continuity within the Romantic Movement and examines a wide range of individual poems and poets through sensitive attentive and accessible analyses In addition the authors provide a full introduction a detailed historical and cultural timeline biographies of the poets whose works are featured in the Readings section and a helpful guide to further reading The Romantic Poetry Handbook is an ideal text for undergraduate and postgraduate study of British Romantic poetry It also will appeal to every reader with an interest in the Romantics and in poetry generally [The Broadview Anthology of Romantic Poetry](#) Joseph Black, Leonard Conolly, Kate Flint, Isobel Grundy, Don LePan, Roy Liuzza, Jerome J. McGann, Anne Lake Prescott, Barry V. Qualls, Claire Waters, 2016-08-11 Intended for courses with a major focus on poetry during the Romantic period this volume includes all the poetry selections from Volume 4 of The Broadview Anthology of British Literature along with a number of works newly edited for this volume The Broadview Anthology of Romantic Poetry maintains the Broadview Anthology of British Literature's characteristic balance of canonical favorites and lesser known gems featuring a breadth of poetry from William Blake to Phillis Wheatley from Ebenezer Elliott to Felicia Hemans To give a sense of the full sweep of the Romantic period the anthology incorporates important early figures from William Collins to Phillis Wheatley as well as works by Victorians such as Elizabeth Barrett Browning and Alfred Lord Tennyson for whom Romanticism was a formative force Contexts sections provide valuable background on cultural matters such as The Natural and the Sublime and The Abolition of Slavery while the companion website offers a wealth of additional resources and primary works Longer works newly prepared for the bound book include Byron's Manfred and The Giaour Keats's Hyperion and substantial selections from Wordsworth's fourteen book Prelude authors newly added for this volume include Hannah Cowley Hannah More Ann Yearsley Robert Southey and Thomas Moore **A History of Romantic Literature** Frederick Burwick, 2019-08-19 Historical Narrative Offers Introduction to Romanticism by Placing Key Figures in Overall Social Context Going beyond the general literary survey A History of Romantic Literature examines the literatures of sensibility and intensity as well as the aesthetic dimensions of horror and terror sublimity and ecstasy by providing a richly integrated account of shared themes interests innovations rivalries and disputes among the writers of the late eighteenth and early nineteenth centuries Drawing from the assemblage theory Prof Burwick maintains that the literature of the period is inseparable from prevailing economic conditions and ongoing political and religious turmoil as well as developments in physics astronomy music and art Thus rather than deal with authors as if they worked in isolation from society he identifies and describes their interactions with their communities and with one another as well as their responses to current events By connecting seemingly scattered and

random events such as the bank crisis of 1825 he weaves the coincidental into a coherent narrative of the networking that informed the rise and progress of Romanticism. Notable features of the book include a strong narrative structure divided into four major chronological periods: Revolution 1789-1798, Napoleonic Wars 1799-1815, Riots 1815-1820, Reform 1821-1832. Thorough coverage of major and minor figures and institutions of the Romantic movement including Mary Wollstonecraft, Elizabeth Montague and the Bluestockings, Lord Byron, John Keats, Letitia Elizabeth Landon etc. Emphasis on the influence of social networks among authors such as informal dinners and teas, clubs, salons and more formal institutions. With its extensive coverage and insightful analysis set within a lively historical narrative, *History of Romantic Literature* is highly recommended for courses on British Romanticism at both undergraduate and post graduate levels. It will also prove a highly useful reference for advanced scholars pursuing their own research.

The Cambridge Companion to British Romantic Poetry  
Maureen N. McLane, 2008-09-04. More than any other period of British literature, Romanticism is strongly identified with a single genre. Romantic poetry has been one of the most enduring, best loved, most widely read and most frequently studied genres for two centuries and remains no less so today. This Companion offers a comprehensive overview and interpretation of the poetry of the period in its literary and historical contexts. The essays consider its metrical, formal and linguistic features, its relation to history, its influence on other genres, its reflections of empire and nationalism both within and outside the British Isles and the various implications of oral transmission and the rapid expansion of print culture and mass readership. Attention is given to the work of less well known or recently rediscovered authors alongside the achievements of some of the greatest poets in the English language: Wordsworth, Coleridge, Blake, Scott, Burns, Keats, Shelley, Byron and Clare.

**Revolutions in Romantic Literature** Paul Keen, 2004-03-11. This concise Broadview anthology of primary source materials is unique in its focus on Romantic literature and the ways in which the period itself was characterized by wide ranging, self-conscious debates about the meaning of literature. It includes materials that are not available in other Romantic literature anthologies. The anthology is organized into thirteen sections that highlight the intensity and sophistication with which a variety of related literary issues were debated in the Romantic period. These debates posed fundamental questions about the very nature of literature as a cultural phenomenon, the extent and role of the reading public, literature's relation to the sciences and the aesthetic, the influence of contemporary commercial pressures and the impact of perceived excesses in consumer fashions. The anthology foregrounds the ways that these literary debates converged with broader social and political controversies such as the French Revolution, the struggle for women's rights, colonialism and the anti-slave trade campaign. This anthology includes an impressive range of writings from the period including literary criticism and philosophical, political, scientific and travel writing which embodies the collection's broad approach to Romantic literature. Both lesser known and more canonical writings are included and the selections are organized by topic in such a way as to dramatize the debates and exchanges which characterize the Romantic period.
