Breaking the Engagement David Shambaugh,2025 For over three decades following the 1972 rapprochement between the US and China the two countries seemed to be steadily building a stronger relationship even accounting for periodic setbacks like the Tiananmen Square Massacre The last decade though has seen a sharp increase in tensions between the two countries What happened In *Broken Engagement* How China Lost America author David Shambaugh examines the evolution expansion and disintegration of the American engagement coalition and policies toward China **The Federal**

United States. Congress,2001 *Asia First* Joyce Mao,2015-06-09 After Japanese bombs hit Pearl Harbor the American right stood at a crossroads Generally isolationist conservatives needed to forge their own foreign policy agenda if they wanted to remain politically viable When Mao Zedong established the People s Republic of China in 1949 with the Cold War just underway they had a new object of foreign policy and as Joyce Mao reveals in this fascinating new look at twentieth century Pacific affairs that change would provide vital ingredients for American conservatism as we know it today Mao explores the deep resonance American conservatives felt with the defeat of Chiang Kai Shek and his exile to Taiwan which they lamented as the loss of China to communism and the corrosion of traditional values In response they fomented aggressive anti communist positions that urged greater action in the Pacific a policy known as Asia First While this policy would do nothing to oust the communists from China it was powerfully effective at home Asia First provided American conservatives a set of ideals American sovereignty selective military intervention strident anti communism and the promotion of a technological

defense state that would bring them into the global era with the positions that are now their hallmark The Transformation of Investigative Journalism in China Haiyan Wang, 2016-04-29 Investigative journalism emerged in China in the 1980s following Deng Xiaoping's media reforms Over the past few decades Chinese investigative journalists have produced an increasing number of reports in print or on air and covered a surprisingly wide range of topics which had been thought impossible by the standards of the Communist era In the 2010s however investigative journalism has been replaced by activist journalism This book examines how with the aid of new media technologies and in response to new calls for social responsibility these new era journalists vigorously seek to expand the scope of their journalism and their capacity as journalists They tend to perceive themselves as more than professional journalists and their activities are not limited to the physical boundaries of newsrooms They are not only detached observers of society but also engaged organizers of social movements they are social activists as well as responsible journalists who challenge state power and the party line and point to the limitations of the more traditional conceptions of journalism in China This book analyzes how journalism in China has been gradually transformed from a tool of the state to a means of broadening calls for democratic reform *The Department of State Bulletin*, 1982 The official monthly record of United States foreign policy **United States-China Relations 11 Years After the Shanghai Communique** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Asian and Pacific Affairs, 1983 American Conservatism Bruce Frohnen, Jeremy Beer, Nelson O. Cohen, 2018-03-06 Belief in the United States as a force for good in the world runs deep Yet an honest consideration reveals a history marred by great crimes and ordinary errors alongside many achievements and triumphs In this comprehensive account of American foreign relations from the nation's founding through

the present day the diplomatic historian Warren I Cohen calls attention to the uses and abuses of U S international leadership and the noble as well as the exploitative ends that American power has wrought In *A Nation Like All Others* Cohen offers a brisk argumentative history that confronts the concept of American exceptionalism and decries the lack of moral imagination in American foreign policy He begins with the foreign policy of colonial and postrevolutionary America exploring interactions with European powers and Native Americans and the implications of slavery and westward expansion He then traces the rise of American empire the nation s choices leading up to and in the wake of the First World War and World War II and renewed military involvement in foreign affairs Cohen provides a long history of the Cold War from its roots under Truman through the Korean and Vietnam Wars to the transformation of the international system under Reagan and Gorbachev Finally he surveys America s recent history in the Middle East with particular attention to the mismanagement of the War on Terror and Abu Ghraib Written with great depth of knowledge and moral clarity *A Nation Like All Others* suggests that an unflinching look at the nation s past is America s best option to shape a better future

China, Hong Kong, Taiwan, Inc.
Willem Van Kemenade,2010-12-01 On the eve of June 30 Hong Kong was officially passed back to China This event will mark what Willem van Kemenade sees as the start of an increasingly problematic and even dangerous reintegration of the old Chinese empire into a new world superpower Since the early 1980s investment money has been pouring into China from Hong Kong and trade has escalated at a rocket s pace A few years later the same pattern began between China and Taiwan The combination of Hong Kong Taiwan management financial and export know how with China s inexhaustible pool of cheap labor and land has enabled China in one decade to leap from an impoverished revolutionary state to a major international trading power This economic boom in conjunction with the violation of intellectual property rights systematic tax fraud and the corruption of the police force has helped shape the socialist market economy China s third way and a new mix of old fashioned Soviet Communism and East Asian capitalism The formal addition of Hong Kong will add to this mixture the democratic structures set in place by the British And as China moves to reclaim Taiwan the process has already begun it will be incorporating a rival Chinese sub nation with a fully election based political system and a powerful

independence movement Can such a reunified China resist the spiritual pollution of democratic values human rights and political freedom Will it become the first depoliticized corporatist superpower What are the prospects that reunification will be peaceful Van Kemenade s portrait of the true internal power structures of the three Chinas provides our clearest look yet at the fastest rising new empire in the world today
