Rookie Quarterback:

Go Deeper: Quarterback Pat Kirwin, David Seigerman, 2015-10-01 Pat Kirwan's best selling *Take Your Eye Off the Ball* was a football fan's undergraduate education. The *Go Deeper* series of books from Pat and Real Football Network is a master's class in understanding the finer points of playing particular positions. We launch the series of course with the most important position in sports: quarterback. *Go Deeper: Quarterback* includes chapters on Understanding the utility of mobility, dispelling the myth of the dual threat quarterback, The most important tools and traits required to play the position, A look at the mechanics of throwing the football, How to read a defense, pre and post snap and call plays designed to beat a particular coverage, How offenses evolve to maximize a quarterback's matchups, Situational execution, two minute drills, red zone, How teams need to address all quarterbacks on the roster and the strategy behind finding the appropriate backup. The book also includes exclusive play diagrams that will help fans understand their favorite game like never before. [Quarterback](#) John Feinstein, 2019-08-27 From legendary sportswriter and 1 New York Times bestselling author John Feinstein, a deep dive into the most coveted and hallowed position in the NFL. Another must-read from a master of long-form sports journalism. Booklist starred review: In the mighty National Football League, one player becomes the face of a franchise; one player receives all the accolades and all the blame; and one player's hand will guide the rise or fall of an entire team's season and the dreams of millions of fans. There are thirty-two starting quarterbacks in the NFL, and their lives are built around pressure, stardom, and incredible talent. In his most insightful book yet, John Feinstein shows readers what it's really like to play the glory position and to live that life, mapping out a journey that runs from college stardom to the NFL draft to taking command of the huddle and marching a team down the field with a nation of fans cheering. Centering on five NFL starting quarterbacks—Alex Smith, Andrew Luck, Joe Flacco, Ryan Fitzpatrick, and Doug Williams—*Quarterback* provides readers with incredible inside access to the locker room, huddle, and heat of battle. Through spectacular moments and embarrassing defeats, this is as close as most of us will ever come to experiencing life in the most glamorous position in America's greatest game. **Backseat Quarterback** Perian Conerly, 1963 Witty take-off on professional football by a sportswriter, the wife of one of the game's greatest players.

Blitzed Thomas George, 2017-09-05 In today's NFL, every team has a win-now mentality. There's no time for rebuilding or down years. You need to compete each and every day, or else you're out, and that goes for the players, coaches, and front office. You either win today or you're gone tomorrow. Because of this trend, struggling teams have forgone the training of old and slowly building from the ground up for the immediate payoff. And when it comes to gaining the interest of the fans and media, there's one go-to decision for every struggling team: the rookie quarterback. *Blitzed* is an in-depth study as to the reason why teams choose to hand the keys of their franchise over to an unproven rookie. But there are multiple layers as to the odds of success for these athletes. While much has to do with their mental and physical toughness, the coaching, front office, and state of an organization all play a crucial role. In the last two NFL drafts, quarterbacks have been taken as the first two picks. Jameis

Winston and Marcus Mariota in 2015 Jared Goff and Carson Wentz in 2016 The face of the franchise can't grow a beard but is expected to lead his team on the gridiron Covering the history of this trend with a running timeline of the 2016 NFL season and top draft picks Goff and Wentz as well as interviews with numerous current and former quarterbacks coaches and executives distinguished journalist Thomas George breaks down how teams decide on starting a rookie quarterback and why the chances of an immediate payoff are such a mixed bag
