The Heart of Things John Hildebrand, 2014-08-18 I've never believed that living in one place means being one thing all the time condemned like Minnie Pearl to wear the same hat for every performance Life is more complicated than that In this remarkable book of days John Hildebrand charts the overlapping rings home town countryside of life in the Midwest Like E B White Hildebrand locates the humor and drama in ordinary life church suppers Friday night football outdoor weddings garden compost family reunions roadside memorials camouflage clothing In these wry sharply observed essays the Midwest isn't The Land Time Forgot but a more complicated and vastly more interesting place where the good life awaits once we figure exactly out what it means From his home range in northwestern Wisconsin Hildebrand attempts to do just that by boiling down a calendar year to its rich marrow of weather animals family home in other words all the things that matter

The Small Heart of Things Julian Hoffman, 2013-10-15 In The Small Heart of Things Julian Hoffman intimately

examines the myriad ways in which connections to the natural world can be deepened through an equality of perception whether it s a caterpillar carrying its house of leaves transhumant shepherds ranging high mountain pastures a quail taking cover on an empty steppe or a Turkmen family emigrating from Afghanistan to Istanbul The narrative spans the common and often contested ground that supports human and natural communities alike seeking the unsung stories that sustain us Guided by the belief of Rainer Maria Rilke that everything beckons us to perceive it Hoffman explores the area around the Prespa Lakes the first transboundary park in the Balkans shared by Greece Albania and the former Yugoslav Republic of Macedonia From there he travels widely to regions rarely written about exploring the idea that home is wherever we happen to be if we accord that place our close and patient attention The Small Heart of Things is a book about looking and listening It incorporates travel and natural history writing that interweaves human stories with those of wild creatures Distinguished by Hoffman s belief that through awareness curiosity and openness we have the potential to forge abiding relationships with a range of places it illuminates how these many connections can teach us to be at home in the world
