Pregnancy and Power, Revised Edition Rickie

Solinger,2019-01-08 A sweeping chronicle of women s battles for reproductive freedom Reproductive politics in the United

States has always been about who has the power to decide lawmakers the courts clergy physicians or the woman herself

Authorities have rarely put women s needs and interests at the center of these debates Instead they have created

reproductive laws and policies to solve a variety of social and political problems with outcomes that affect the lives of

different groups of women differently Reproductive politics were at play when slaveholders devised breeding schemes when

the US government took indigenous children from their families in the nineteenth century and when doctors pressured Latina

women to be sterilized in the 1970s Tracing the main plot lines of women s reproductive lives the leading historian Rickie

Solinger redefines the idea of reproductive freedom putting race and class at the center of the effort to control sex and

pregnancy in America over time Revisiting these issues after more than a decade this revised edition of *Pregnancy and Power*

reveals how far the reproductive justice movement has come and the renewed struggles it faces in the present moment Even

after nearly a half century of reproductive rights a cascade of new laws and policies limits access and prescribes punishments for many people trying to make their own reproductive decisions In this edition Solinger traces the contemporary rise of reproductive consumerism and the politics of free market health care as economic inequality continues to expand in the US revealing the profound limits of choice and the continued need for the reproductive justice framework

Faith Confronts Evil Barbara Omolade, 2024-10-28 Faith Confronts Evil tells the stories of African American women before the Civil War who countered the rampant evil of slavery with the strength of their Christian faith They claimed the words of the gospel that Jesus comes to set the captives free They embraced Christianity as the source of liberty humanity and justice in which God was on their side Jesus was their friend and the Holy Spirit was their guide to all truth Their stories are essential for understanding the central role Christian faith played in realizing however imperfectly the promises the US Constitution made to all its citizens As we listen to Phillis Wheatley Jarena Lee Betsy Crissman Mary Reynolds Harriet Tubman Sojourner Truth and many others we discover that their shared stories turn strangers into acquaintances acquaintances into friends These stories of antebellum African American Christian women are our story an our that embraces anyone who identifies as a Christian or anyone who is merely interested in the early formation of the United States of America
