## Roots Of Individuality:

The Christian Roots of Individualism Maureen P. Heath, 2019-11-28 The modern West has made the focus on individuality individual freedom and self identity central to its self definition and these concepts have been crucially shaped by Christianity This book surveys how the birth of the Christian worldview affected the evolution of individualism in Western culture as a cultural meme Applying a biological metaphor and Richard Dawkins definition of a meme this work argues the advent of individualism was not a sudden innovation of the Renaissance or the Enlightenment but a long evolution with characteristic traits This evolution can be mapped using profiles of individuals in different historical eras who contributed to the modern notion of individualism Utilizing excerpts from original works from Augustine to Nietzsche a compelling narrative arises from the slow but steady evolution of the modern self The central argument is that Christianity with its characteristic inwardness was fundamental in the development of a sense of self as it affirmed the importance of the everyday man and everyday life

*The Power of the Self: A Journey Through Individuality* Pasquale De Marco, 2025-08-09 Individualism is a complex and multifaceted concept that has been a dominant force in shaping Western thought and society for centuries This book explores the concept of individualism from its historical roots to its contemporary manifestations It examines the different ways in which individualism has been interpreted and applied in various fields of thought and practice and considers the challenges and critiques that individualism has faced over time One of the key themes explored in this book is the relationship between individualism and society Individualism is often seen as being in tension with collectivism which emphasizes the importance of the group over the individual The book examines the ways in which individualism and collectivism have been balanced or reconciled in different societies and cultures Another important theme considered in this book is the relationship between individualism and the state Individualism has often been seen as a threat to state power as it emphasizes the rights and autonomy of the individual The book examines the ways in which states have attempted to accommodate or suppress individualism and the impact that this has had on the development of both individualism and the state Finally the book explores the relationship between individualism and technology Technology has the potential to both empower and constrain individuals The book examines the ways in which technology can be used to promote individual freedom and autonomy as well as the ways in which it can be used to control and surveil individuals This book provides a comprehensive and thought provoking exploration of individualism It is essential reading for anyone interested in understanding the history development and future of individualism in our increasingly interconnected and globalized world If you like this book write a review

Martin Fuchs,Antje Linkenbach,Martin Mulsow,Bernd-Christian Otto,Rahul Bjørn Parson,Jörg Rüpke,2019-12-16 This volume brings together key findings of the long term research project Religious Individualisation in Historical Perspective Max Weber Centre for Advanced Cultural and Social Studies Erfurt University Combining a wide range of disciplinary approaches methods and theories the volume assembles over 50 contributions that explore and compare processes of religious individualisation in different religious environments and historical periods in particular in Asia the Mediterranean and Europe from antiquity to the recent past Contrary to standard theories of modernisation which tend to regard religious individualisation as a specifically modern or early modern as well as an essentially Western or Christian phenomenon the chapters reveal processes of religious individualisation in a large variety of non Western and pre modern scenarios Furthermore the volume challenges prevalent views that regard religions primarily as collective phenomena and provides nuanced perspectives on the appropriation of religious agency the pluralisation of religious options dynamics of de traditionalisation and privatisation the development of elaborated notions of the self the facilitation of religious deviance and on the notion of dividuality      **Wealth** Kent Bicknell,2007-05 **WEALTH A Way Of Life That Leads To Prosperity** Here is a book that reaches beyond the shallow platitudes of most self help authors and reveals the simple but often overlooked truths about wealth its attainment and its enjoyment Most people never comprehend the meaning of wealth Nor do they grasp the difference between the revolutionary power of wealth and the weaker worldly concepts of riches success and prosperity It is embarrassing to see the obvious errors that flow like industrial wastes in an abundant stream of misguided materialistic and distracting value concepts that our culture accepts as a substitute for true wealth As we live in a world that seems out of control with conventional wisdom now considered passe we need more than ever a dependable path to become and to achieve all that is possible for us Kent Bicknell s **WEALTH A Way Of Life That Leads To Prosperity** equips ordinary people with a refreshing contrast to failed worldviews on wealth As a financial executive and life coach in Dallas Kent combines a layman s scriptural perspective with the experiences of more than three decades of working with highly successful and deeply fulfilled clients who have learned to apply true wealth toward maximizing personal prosperity Kent outlines the possibilities and provides a proven process to assure alignment of people s lives with their true wealth for maximum fulfillment He gleans empowering knowledge from the psalmists of millennia past to establish a biblical pattern for wealth management and to direct life planning financial planning and investment management The presentation is straightforward and practical yet spiritually focused providing a comprehensive view and practical approach for making the most of a person s enormous capacity for wealth      Sessional Papers - Legislature of the Province of Ontario Ontario.
