James R. Edwards

Roots Of American Order The:

The Roots of American Order Russell Kirk, 2014-04-08 What holds America together In this classic work Russell Kirk describes the beliefs and institutions that have nurtured the American soul and commonwealth Beginning with the Hebrew prophets Kirk examines in dramatic fashion the sources of American order His analytical narrative might be called a tale of five cities Jerusalem Athens Rome London and Philadelphia For an understanding of the significance of America at the dawn of a new century Russell Kirk s masterpiece on the history of American civilization is unsurpassable This edition includes a new foreword by the distinguished historian Forrest McDonald

The Roots of American Order Russell Kirk, 2003-07 What holds America together In this classic work Russell Kirk identifies the beliefs and institutions that have nurtured the American soul and commonwealth Beginning with the Hebrew prophets Kirk examines in dramatic fashion the sources of American order His analytical narrative might be called a tale of five cities Jerusalem Athens Rome London and Philadelphia For an understanding of the significance of America in the twenty first century Russell Kirk s masterpiece on the history of American civilization is unsurpassed

Russell Kirk and the Age of Ideology W. Wesley McDonald, 2004 Russell Kirk author of *The Conservative Mind* and *A Program for Conservatives* has been regarded as one of the foremost figures of the post World War II revival in conservative thought While numerous commentators on contemporary political thought have acknowledged his considerable influence on the substance and direction of American conservatism no analysis of his social and political writing has dealt extensively with the philosophical foundations of his work In this provocative study W Wesley McDonald examines those foundations and demonstrates their impact on the conservative intellectual movement that emerged in the 1950s and 1960s Kirk played a pivotal role in drawing conservatism away from the laissez faire principles of libertarianism and toward those of a traditional community grounded in a renewed appreciation of man s social and spiritual nature and the moral prerequisites of genuine liberty In a humane social order a community of spirit is fostered in which generations are bound together According to Kirk this link is achieved through moral and social norms that transcend the particularities of time and place and because they form the basis of genuine civilized existence can only be neglected at great peril These norms reflected in religious dogmas traditions humane letters social habit and custom and prescriptive institutions create the sources of the true community that is the final end of politics Although this study does not challenge Kirk s debts to a predominantly Catholic and Anglo Catholic tradition of natural law its focus is on his appeal to historical experience as the test of sound institutions This aspect of his thought was essential to Kirk s understanding of moral cultural and aesthetic norms and can be seen in his responses to American humanists Paul Elmer More and Irving Babbitt and to English and American romantic literature *Russell Kirk and the Age of Ideology* is particularly relevant because of the growing interest in Kirk s legacy and the current debate over the meaning of conservatism McDonald addresses both of those developments in the context of examining Kirk s thought attempting to correct some of the inadequacies contained

in earlier studies that assess Kirk as a political thinker This book will serve as a significant contribution to the commentary on this fascinating figure *One of the Century's Major Books* Burton W. Folsom, Mackinac Center for Public Policy, 1999

History of American Political Thought Bryan-Paul Frost, Jeffrey Sikkenga, 2003-07-14 Revised and updated this long awaited second edition provides a comprehensive introduction to what the most thoughtful Americans have said about the American experience from the colonial period to the present The book examines the political thought of the most important American statesmen activists and writers across era and ideologies helping another generation of students scholars and citizens to understand more fully the meaning of America This new second edition of the book includes new essays on Walt Whitman Lyndon Baines Johnson Ronald Reagan and Barack Obama Significant revisions and additions have also been made to many of the original essays increasing the breadth and depth of the collection **Ordering America** William H. Young, 2010 Ordering America painting a felicitous portrait of Western civilization shows that its defining ideals rooted in man's common human nature a perception newly substantiated by modern evolutionary psychology were best fulfilled by realization of the American founding order Twentieth century progressivism and postmodern multiculturalism detoured America down the way of social constructionism human nature and equality are produced by culture and the state through groups The book sets a course to revive the Western ideals and return to an opportune center right American order applying latest scientific insights and restoring individual responsibility and reciprocity under more limited still energetic government befitting our century **Redeeming Law** Michael P. Schutt, 2009-09-20 Being a Christian lawyer is possible but not easy Law professor Michael Schutt believes that although there are significant obstacles Christians belong in the legal profession and should regard it as a sacred calling The Christian God is after all a God concerned with justice both divine and human However the pathway beginning with law school and leading to the daily demands of practice doesn't provide much guidance for pursuing law as a Christian calling Schutt offers this book as a vital resource for reconceiving the theoretical foundations of law and gives practical guidance for maintaining integrity within a challenging profession A hopeful and practical book for law students and those serving in the legal profession *Conservative Thought and American Constitutionalism since the New Deal* Johnathan O'Neill, 2022-11-29 An intellectual history of American conservatism since the New Deal The New Deal fundamentally changed the institutions of American constitutional government and in turn the relationship of Americans to their government Johnathan O'Neill's *Conservative Thought and American Constitutionalism since the New Deal* examines how various types of conservative thinkers responded to this significant turning point in the second half of the twentieth century O'Neill identifies four fundamental transformations engendered by the New Deal the rise of the administrative state the erosion of federalism the ascendance of the modern presidency and the development of modern judicial review He then considers how various schools of conservative thought traditionalists neoconservatives libertarians Straussians responded to these major changes in American politics and culture Conservatives frequently argued among themselves and their responses

to the New Deal ranged from adaptation to condemnation to political mobilization. Ultimately the New Deal pulled American governance and society permanently leftward. Although some of the New Deal's liberal gains have been eroded, a true conservative counterrevolution was never. O'Neill argues a realistic possibility. He concludes with a plea for conservative thinkers to seriously reconsider the role of Congress, a body that is relatively ignored by conservative intellectuals in favor of the courts and the presidency in America's constitutional order. *Conservative Thought and American Constitutionalism* since the New Deal explores the scope and significance of conservative constitutional analysis amid the broader field of American political thought.

When Texas Prison Scams Religion Michael G. Maness, 2023-05-22 *When Texas Prison Scams Religion* exposes corruption in the Texas Department of Criminal Justice, especially in the abuse of religion. In many ways, this book is a literature review of 1,800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners. The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor, TDCJ Director, and wardens throughout the prison. Therein, TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors. Why is the director sponsoring psychopaths counseling psychopaths? In fact, TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself. The underbelly of TDCJ's executive culture of cover up is exposed. TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence. TDCJ Dir. Collier led the prison to model Louisiana Warden Burl Cain, the most scandal-ridden in penal history according to a host of published news stories for 20 years. Therein, Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism. Texas has no business endorsing the truth of any religion over another. We close with a proposal that utilizes the 400,000,000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision. Maness has been lobbying Austin for 15 years to definitively access staff for his 100,000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars.

Russell Kirk James E. Person, 1999-10-20 This first full-length treatment of Russell Kirk's life and accomplishments blends new biographical insights and critical perspectives about the author of the ground-breaking *The Conservative Mind*.

"An Empire of Ideals" Justin D. Garrison, 2013 Justin D. Garrison provides an original and groundbreaking analysis of Ronald Reagan's imagination as it was expressed mainly in his presidential speeches. He argues that the predominant strain of Reagan's imagination is chimeric, that is, imbued with a high degree of optimism, romantic dreaminess, naiveté, and illusion. Reagan spoke often about religion, democracy, freedom, conservatism, progress, America's role in the world, the American people, the American Founding, and peace. These are for him important symbols which together express his general vision of politics and human existence. These symbols have to be analyzed in depth in order to understand who Reagan really was and what he represented to his

admirers The book concludes that Reagan's vision contains many dubious elements that present dangers for practical politics and claims that the popularity of Reagan's imagination among Americans suggests a problematic self understanding

Surpassing existing works on Reagan's ideas and speeches this book systematically explains the general quality and major components of Reagan's vision and it draws upon political theory aesthetics and American political thought to analyze his imagination

Antiquity as the Source of Modernity Thomas Chaimowicz, 2017-07-28 This is a book that contrary to common practice shows the commonalities of ancient and modern theories of freedom law and rational actions Studying the works of the ancients is necessary to understanding those that follow Thomas Chaimowicz challenges current trends in research on antiquity in his examination of Montesquieu's and Burke's path of inquiry He focuses on ideas of balance and freedom Montesquieu and Burke believe that freedom and balance are closely connected for without balance within a state there can be no freedom When Montesquieu speaks of republics he means those of antiquity as they were understood in the eighteenth century In this view freedom can develop only within the framework of established tradition Edmund Burke's greatest service to political thought may lie in making use of this idea when he fought against the abstractions of the French Revolutionaries Antiquity as the Source of Modernity examines Montesquieu's Roman mind meaning not an attitude influenced by the ancients but one primarily influenced by Roman heritage It speaks to the antithesis of monarchy and despotism in Montesquieu's thought and the influence of Tacitus and Pliny the Younger on him The separation of powers and its relation to the concept of the mixed constitution as well as Montesquieu's smaller masterpiece Considerations on the Causes of the Grandeur and Decadence of the Romans are examined in detail Finally the discussion leads seamlessly to Burke who as a critical admirer of Montesquieu partly incorporated his interpretation of the English constitution into his own thinking threatened by teachings of the French Revolution and its British adherents The central idea of Antiquity as the Source of Modernity is timeless It is that the ancient past can lead to a clearer understanding of what follows This perspective represents a reversal of the conventional procedures for conducting this kind of research

The Truth About Tolerance Brad Stetson, Joseph G. Conti, 2005-02-28 Brad Stetson and Joseph G Conti explore the use and misuse of the value of tolerance in academic circles and popular media demonstrating that Christian conviction about religious truth provides the only secure basis for a tolerant society which promotes truth seeking

To Invent Is Divine James R. Edwards, 2025-04-23 Christians generally know that God created the heavens and the earth and made human beings in his image They know that the earth is the Lord's and the fullness thereof he owns his creations They know that skilled people create and own marvelous works But a disconnect often occurs when it comes to God's communicable attributes of creativity and ownership and that combination's role in human innovation technological progress and practical benefits from human creativity and ownership To Invent Is Divine connects the dots between creativity and ownership as well as the dots between that combination and the fruits of human flourishing

Make America Christian Again Greg Koehn Ph.D, 2023-10-17 Obviously

this book finds its title from the slogan created by former president Donald Trump Make America Great Again This book is intended to argue that for America to be great it must be Christian This does not mean that other religions are not welcome as has never been the case in America but rather as a country based upon biblical principles there has always been true freedom of religion The point being that this country was founded upon the teachings of the Bible which is why there is freedom of religion each person is free to choose for themselves either heaven or hell This book is divided into three sections the first one discussing the fact that America was founded as a Christian nation and as such it grew to be the most powerful and prosperous nation on the earth Since departing from the Bible its teachings and its God America is now in a steep decline The second section discusses the 5 main institutions of any society and how that in each case they work better when they follow the teachings and principles of the Bible The final section is what can still be done to turn America back to its roots and back to the Bible As Bible believers we know the time is short and the coming of our Lord to take home His people and to judge the world in His righteousness is indeed imminent But in these last days lest us not be lax in the preaching of the gospel and making a stand for the things that are holy Let us get off of our seats onto our feet and into the streets to be as the prophets of old and declare that thus says the Lord

Two Men from Babylon Wallace Henley, 2020-06-15 What roles do King Nebuchadnezzar ruler of ancient Babylon and Donald J Trump 45th president of the United States play in God furthering His kingdom In Two Men from Babylon Wallace Henley brings into perspective how God uses unlikely leaders to bring about His plans and purpose Here is a masterfully constructed book that tears the camouflage off our times and looks intensely at what is going on in our crazy era on the eve of a year of destiny and perhaps for civilization itself Here you will Consider the possibility that God made Donald Trump president Learn where the age of Trump might fit into history Get a feel for the White House Mystique Sense the spiritual atmosphere of the Oval Office Discover the strategic role of the church related to politics Understand why places of great power are vulnerable to demonic attack and much more The heart of this book is found in two Scripture passages It is God who changes the times and the epochs He removes kings and establishes kings Daniel 2 21 and This Gospel of the kingdom shall be preached in the whole world as a testimony to all the nations and then the end will come Matthew 24 14 Two Men from Babylon summarizes the truth of these verses in revealing that God has grand purposes for time and history there are manifestations of the kingdom that appear throughout finite time and history the church is the primary agent for the expansion of this kingdom nations are of strategic importance in the fulfillment of God s plan and it is God who establishes and removes the leaders of those nations Thus the Lord of History is the focus of this book but Nebuchadnezzar and Donald Trump play an essential role in His story

Heir to the Fathers Gary V. Wood, 2004-01-01 In Heir to the Fathers author Gary V Wood examines the ideas that guided John Quincy Adams throughout his political career For Wood it is Adams understanding of The Constitution of the United States that foregrounds a crucial link between the principles laid forth in The Declaration of Independence and the original intent of the Framers of The

Constitution Heir to the Fathers traces this link through an examination of Adams celebrated essay Jubilee of the Constitution and most significantly through his defense of a group of Africans who mutinied aboard the slave ship Amistad The contradictory relationship between what is stated The Declaration of Independence and The Constitution and the treatment of African slaves has been a persistent problem in any attempt to understand the legacy of freedom in the United States Adams argument before the Supreme Court based on his interpretation of constitutional law is an example of how this unique political mind comes to terms with this contradiction without abandoning the spirit of America s founding principles Wood s discussion of Adams political and intellectual life invites readers to reexamination the principles upon which the United States of America was founded Heir to the Fathers is a salient addition to the study of constitutional law and history and American political thought

George Washington's Religion Stephen J. Vicchio, 2019-09-17 In this book Professor Stephen Vicchio gives a comprehensive analysis of the religious beliefs of the first president of the United States George Washington After discussing Washington s early religious life in the Anglican and Episcopal churches Professor Vicchio goes on to analyze Washington s views on God the Bible religious toleration ethics and virtue prayer and whether or not America was established as a Christian nation as well as his understanding of the problem of evil and the afterlife

The Postmodern Imagination of Russell Kirk Gerald J. Russello, 2007 Russello examines Russell Kirk s development of the imagination as a tool of conservative discourse offering an alternative genealogy for conservative thought that melds its antimodernism with postmodern themes Provided by publisher

Discipling Nations Darrow L. Miller, Stan Guthrie, 2001-08 The power of the gospel to transform individual lives has been evident throughout New Testament history But what of the darkness and poverty that enslave entire nations Miller builds a powerful convincing thesis that God s truth can free whole societies from deception and poverty Excellent study of worldviews

The Enthralling World of Kindle Books: A Comprehensive Guide Unveiling the Pros of Kindle Books: A Realm of Convenience and Versatility Kindle books, with their inherent mobility and simplicity of availability, have freed readers from the constraints of hardcopy books.
