Social Work and Service Learning Virginia Majewski, Meryl Nadel, Marilyn Sullivan-Cosetti, 2007-06-21 Service learning and social work education comprise an exciting yet underutilized partnership This book represents the first comprehensive overview of this active and empowering approach to learning in social work Both educators and practitioners will discover conceptual and practical guidance for developing productive community based projects Often envisioned as located at the midpoint on a continuum from volunteer work to internship service learning combines the opportunity to serve with the opportunity to learn It offers community agencies a chance to collaborate with academic colleagues to meet identified community needs frequently with an explicit social justice dimension The contributors illustrate how service learning facilitates students understanding and interacting with community members as partners not clients Service learning encourages students to use critical thinking skills to reflect on their work and its implications This combination of study action reflection in conjunction with course content is highly effective The book explores its subject from several perspectives

The first section serves as a conceptual and theoretical orientation to service learning in social work. The second section offers models that illustrate many ways of implementing service learning across the components of the social work curriculum. The final two parts of the book focus on evaluation and service learning in the broader context of civic engagement.

**Service Learning** Andrew Furco, Shelley H. Billig, 2002-03-01 The *Advances in Service Learning Research* book series was established to initiate the publication of a set of comprehensive research volumes that would present and discuss a wide range of issues in this broad field called service learning. Service learning is a multifaceted pedagogy that crosses all levels of schooling, has potential relevance to all academic and professional disciplines, is connected to a range of dynamic social issues, and operates within a broad range of community contexts. In terms of research, there is much terrain to cover before a full understanding of service learning can be achieved. This volume, the first in the annual book series, explores various themes, issues, and answers that bring us one step closer to understanding the essence of service learning. The chapters of this volume focus on a broad range of topics that address a variety of research issues on service learning in K-12 education, teacher education, and higher education. Through a wide-scope research lens, the volume explores definitional foundations of service learning, theoretical issues regarding service learning, the impacts of service learning, and methodological approaches to studying service learning. Collectively, the chapters of the book provide varying and at times opposing perspectives on some of the critical issues regarding service learning research and practice.

*Service Learning in the Middle School* Carl I. Fertman, George P. White, Louis J. White, 1996 A wave of the future in education is the inclusion of service activities in the school program with the accompanying expansion of school-community relationships. This book considers how to incorporate aspects of service into the ongoing academic program in middle school. The book contends that all middle school educators should become knowledgeable about and active in promoting service learning. It is comprehensive, specific, and replete with examples and guidelines. In addition to ample discussions of all aspects of service learning, the book includes an extensive listing with addresses and phone numbers of organizations and groups that are involved in some phase of service learning. Chapters in the book are: 1. Building a Culture of Service at the Middle Level 2. Service Learning Curriculum and Teams 3. Elements of Service Learning 4. Organizational Commitment: An Essential 5. Developing Service Learning Opportunities in School and Community 6. Reaching the Full Potential of Service Learning 7. Sustaining a Service Culture 8. Case Studies of Service Learning in Action and 9. Service Learning Resources. Contains 44 references. BT

Civic Engagement Across the Curriculum Richard Battistoni, 2002-01-01 Offers faculty in all disciplines rationales and resources for connecting their service learning efforts to the broader goals of civic engagement. This volume provides concrete examples of course materials, exercises, and assignments that can be used in service learning courses to develop students' civic capacities regardless of disciplinary area.
