Budd,Edwin Harrison Cady,1993 From 1929 to the latest issue American Literature has been the foremost journal expressing the findings of those who study our national literature The journal has published the best work of literary historians critics and bibliographers ranging from the founders of the discipline to the best current critics and researchers The longevity of this excellence lends a special distinction to the articles in American Literature Presented in order of their first appearance the articles in each volume constitute a revealing record of developing insights and important shifts of critical emphasis Each article has opened a fresh line of inquiry established a fresh perspective on a familiar topic or settled a question that engaged the interest of experts Proximity and Distance Yosef Tobi,2004-05-01 The first steps in Hebrew secular poetry took place around the turn of the ninth century under the impact of contemporary Arabic poetry This impact was so great that some researchers incorrectly define the Hebrew poetry as a school which is distinct from the Arabic school only by virtue of its Hebrew language However the right way to the essence of medieval Hebrew poetry is not only by revealing and describing its ties with Arabic poetry but also by determining the specific characteristics by which it stubbornly distinguished itself from its Arabic contemporaries This innovative critical approach is the central feature of this book

Israel's Poetry of Resistance Hugh R. Page, 2013-06-01 Noting that Israel's earliest responses to earth shaking changes were cast in the powerfully expressive language of poetry Hugh R Page Jr argues that the careful collection and preservation of these traditions now found in every part of the Hebrew Bible was an act of resistance a communal no to the forces of despair and a yes to the creative power of the Spirit Further Page argues the power of these poems to craft and shape a future for a people who had suffered acute displacement and marginalization offers a rich spiritual repertoire for African peoples today and for all who find themselves perennially outside the social or political mainstream Here Page offers fresh translations and brief commentary on the Bible's fifteen earliest poems and explores the power and relevance of these poems and the ancient mythic themes behind them for contemporary life at the margins *Christmas Around the World* Susan Rowsell, 2020-10-27 Cherish the season even more with this wonderful collection of Christmas traditions from around the world During the month of December as families count down the days until Christmas Eve we can travel the world through these pages to discover the fascinating ways that nations celebrate the holiday season Children will learn the traditions of such countries as Africa Australia New Zealand Peru Puerto Rico Iceland Canada the United States Russia Germany Scotland England Hungary Norway and many more Families will uncover the history of Christmas the story of the candy cane the legend of the poinsettia the symbols of Christmas the many different gift bearers of the season and much more In a fun and educational way Christmas Around the World An Advent Book incorporates the values of the holiday season that link us around the globe From Hanukkah and Kwanzaa to Christmas and New Year's the season is about family togetherness love and goodwill to all humankind Merry Christmas Feliz Navidad Joyous No 1 Fr hliche Weihnachten Happy Hanukkah And season's greetings to you and yours **Introduction to Medio-Translatology** Xie Tianzhen, 2023-07-20 This book offers a comprehensive introduction to medio translatology including its historical and literary setting its core concept and its practice and theory Medio translatology inspired by scholarship in comparative literature and the cultural turn in Western translation studies has tackled many issues which previously went unnoticed or were ignored in traditional translation studies in China it falls within the scope of literary studies and cultural studies extending beyond the confines of language and treating literary translations and translating as historical facts Emerging from comparative literature medio translatology looks at literary translation from a new and broader perspective and explains with illustrative and compelling examples that literary translation is an act of creative treason The originality of this approach is also evident in its distinguishing between the history of translated literature and the history of literary translation as well as in its addressing the nature and status of translated literature The Chinese edition of this book being the first of its kind and well received in China has been hailed as a milestone in exploring translation studies in the context of comparative literature in Chinese academia and it introduces to students and researchers alike a wide range of new thoughts and ideas **The Publishers Weekly**, 1892 *Teika* Paul S. Atkins, 2025-03-31 Fujiwara no Teika 1162-1241 was born into an illustrious lineage of poets

just as Japan's ancient regime was ceding authority to a new political order dominated by military power. Overcoming personal and political setbacks, Teika and his allies championed a new style of poetry that managed to innovate conceptually and linguistically within the narrow confines of the waka tradition and the limits of its thirty-one syllable form. Backed by powerful patrons, Teika emerged finally as the supreme arbiter of poetry in his time, serving as co-compiler of the eighth imperial anthology of waka, *Shin Kokin Wakashū*, ca. 1210 and as solo compiler of the ninth. This first book-length study of Teika in English covers the most important and intriguing aspects of Teika's achievements and career, seeking the reasons behind Teika's fame and offering distinctive arguments about his oeuvre. A documentary biography sets the stage with valuable context about his fascinating life and times, followed by an exploration of his *Bodhidharma* style as Teika's critics pejoratively termed the new style of poetry. His beliefs about poetry are systematically elaborated through a thorough overview of his writing about waka. Teika's understanding of classical Chinese history, literature, and language is the focus of a separate chapter that examines the selective use of *kana*, the Japanese phonetic syllabary, in Teika's diary, which was written mainly in *kanbun*, a Japanese version of classical Chinese. The final chapter surveys the reception history of Teika's biography and literary works from his own time into the modern period. Sometimes venerated as demigod of poetry, other times denigrated as an arrogant, inscrutable poet, Teika seldom inspired lukewarm reactions in his readers. Courtier, waka poet, compiler, copyist, editor, diarist, and critic, Teika is recognized today as one of the most influential poets in the history of Japanese literature. His oeuvre includes over four thousand waka poems, his diary *Meigetsuki*, which he kept for over fifty years, and a fictional tale set in Tang-dynasty China. Over fifteen years in the making, *Teika* is essential reading for anyone interested in Japanese poetry, the history of Japan, and traditional Japanese culture. Lucifer, 1893. **The Complete Poems** William Empson, 2000. Empson's poetry occupies a central place in 20th-century literature. Acclaimed as the author of *Seven Types of Ambiguity* (1930), William Empson was applauded also for the dazzling intelligence and emotional passion of his poems. T. S. Eliot praised the brain power and intense feeling of his poetry. F. R. Leavis hailed him as the first true successor to John Donne. Other writers as diverse as W. B. Yeats, Dylan Thomas, and John Betjeman have admired his elegant, humane, and moving work. Robert Lowell told Empson, "I think you are the most intelligent poet writing in our language and perhaps the best. I put you with Hardy and Graves and Auden and Philip Larkin." **Teaching English Creatively** Teresa Cremin, 2022-11-30. What does it mean to teach English creatively to primary school children? *Teaching English Creatively* encourages and enables teachers to adopt a more creative approach to the teaching of English in the primary school. Fully updated to reflect the changing UK curricula, the third edition of this popular text explores research-informed practice and offers new ideas to imaginatively engage readers, writers, speakers, and listeners.
