Zionism and Judaism David Novak, 2015-03-09 Why should anyone be a Zionist a supporter of a Jewish state in the land of Israel Why should there be a Jewish state in the land of Israel This book seeks to provide a philosophical answer to these questions Although a Zionist need not be Jewish nonetheless this book argues that Zionism is only a coherent political stance when it is intelligently rooted in Judaism especially in the classical Jewish doctrine of God s election of the people of Israel and the commandment to them to settle the land of Israel The religious Zionism advocated here is contrasted with secular versions of Zionism that take Zionism to be a replacement of Judaism It is also contrasted with versions of religious Zionism that ascribe messianic significance to the State of Israel or which see the main task of religious Zionism to be the establishment of an Israeli theocracy      *Rationality and Religious Commitment* Robert Audi, 2011-09-22 Can it be rational to be religious Robert Audi gives a persuasive positive answer through an account of rationality and a rich nuanced understanding of what religious commitment means It is not just a matter of belief but of emotions and attitudes such as faith and hope of one s outlook on the world and of commitment to live in certain ways      God-Talk David Novak, 2024-01-26 David Novak one of the most distinguished Jewish theologians in the world offers a new interpretation of how the Jewish people and the Jewish tradition talk about God What does the Torah say about God How does the God of the Torah talk about Godself And how does the God of the Torah talk about human beings The book traces the history and theology of God talk in Judaism and how it remains relevant now more than ever and speaks directly to contemporary issues such as human rights
