Congress. Senate. Committee on Aeronautical and Space Sciences, 1970 **Apollo's Arrow** Warren Weisman, 2005-09 Weisman s epic novel explains the modern crime of serial killing from its prehistoric origin Described as the most important book of our time nothing else comes close To the Ends of the Earth Raimund J. Schulz, Raimund Schulz, 2024 To the Ends of the Earth is a major history of ancient exploration one that fully incorporates evidence from Greco Roman sources and those in China Central Asia India Egypt and Mesopotamia It presents a compelling portrait of the adventurers who expanded knowledge of the world and brought far flung civilizations closer than ever before Space Stations Robin Kerrod, 2004-07-09 Looks at the histories of the Salyut program Skylab Mir and International Space Station ISS and suggests future uses for space stations Between the Tides David Pickell, 2003-04-15 Featuring hundreds of original color photographs this fascinating study of New Guinea chronicles the rituals and daily life of this remote and culturally rich region Between the Tides offers a compelling mix of New Guinean storytelling history natural history politics and culture David Pickell brings warmth and intelligence to his subject and Kal Muller s photographs are surprising and evocative Together author and photographer show how an isolated nomadic past meets a worldly urban future history confronts superstition and a false and imposed sense of shame yields to a new and still fragile pride Their journey took them from the dusty New Guinea frontier town of Timika to tiny Lakahia island along two hundred miles of twisting mangrove creeks and the relentlessly uncooperative Arafura sea What they found was a culture facing the delicate sometimes humorous occasionally painful and always interesting process of change **The Seven Against Thebes** Aeschylus, 1908 The Werewolf in the Ancient World Daniel Ogden, 2021-01-07 In a moonlit graveyard somewhere in southern Italy a soldier removes his clothes in readiness to transform himself into a wolf He depends upon the clothes to recover his human shape and so he magically turns them to stone but his secret is revealed when back in human form he is seen to carry a wound identical to that recently dealt to a marauding wolf In Arcadia a man named Damarchus accidentally tastes the flesh of a human sacrifice and is transformed into a wolf for nine years At Temesa Polites is stoned to

death for raping a local girl only to return to terrorize the people of the city in the form of a demon in a wolfskin Tales of the werewolf are by now well established as a rich sub strand of the popular horror genre less widely known is just how far back in time their provenance lies These are just some of the werewolf tales that survive from the Graeco Roman world and this is the first book in any language to be devoted to their study It shows how in antiquity werewolves thrived in a story world shared by witches ghosts demons and soul flyers and argues for the primary role of story telling as opposed to rites of passage in the ancient world s general conceptualization of the werewolf It also seeks to demonstrate how the comparison of equally intriguing medieval tales can be used to fill in gaps in our knowledge of werewolf stories in the ancient world thereby shedding new light on the origins of the modern phenomenon All ancient texts bearing upon the subject have been integrated into the discussion in new English translations so that the book provides not only an accessible overview for a broad readership of all levels of familiarity with ancient languages but also a comprehensive sourcebook for the ancient werewolf for the purposes of research and study
