Severed Ties:

Imprisoning America Mary Pattillo, Bruce Western, David Weiman, 2004-05-20 Over the last thirty years the U S penal population increased from around 300 000 to more than two million with more than half a million prisoners returning to their home communities each year What are the social costs to the communities from which this vast incarcerated population comes And what happens to these communities when former prisoners return as free men and women in need of social and economic support In *Imprisoning America* an interdisciplinary group of leading researchers in economics criminal justice psychology sociology and social work goes beyond a narrow focus on crime to examine the connections between incarceration and family formation labor markets political participation and community well being The book opens with a consideration of the impact of incarceration on families Using a national survey of young parents Bruce Western and colleagues show the enduring corrosive effects of incarceration on marriage and cohabitation even after a prison sentence has been served Kathryn Edin Timothy Nelson and Rechelle Parnal use in depth life histories of low income men in Philadelphia and Charleston to study how incarceration not only damages but sometimes strengthens relations between fathers and their children *Imprisoning America* then turns to how mass incarceration affects local communities and society at large Christopher Uggen and Jeff Manza use survey data and interviews with thirty former felons to explore the political ramifications of disenfranchising inmates and former felons Harry Holzer Stephen Raphael and Michael Stoll examine how poor labor market opportunities for former prisoners are shaped by employers sometimes unreliable background checks Jeremy Travis concludes that corrections policy must extend beyond incarceration to help former prisoners reconnect with their families communities and the labor market He recommends greater collaboration between prison officials and officials in child and family welfare services educational and job training programs and mental and public health agencies *Imprisoning America* vividly illustrates that the experience of incarceration itself and not just the criminal involvement of inmates negatively affects diverse aspects of social membership By contributing to the social exclusion of an already marginalized population mass incarceration may actually increase crime rates and threaten the public safety it was designed to secure A rigorous portrayal of the pitfalls of getting tough on crime *Imprisoning America* highlights the pressing need for new policies to support ex prisoners and the families and communities to which they return Anglicans and the Roman Catholic Church Stephen E. Cavanaugh, 2011-01-01 The beginning of a specifically Anglican liturgy and culture within the Roman Catholic Church was established in the United States by Pope John Paul II Since then Anglican Use parishes have been worshipping in a distinctively Anglican style within several American dioceses Thanks to Pope Benedict XVI these communities are now able to form into personal ordinariates led by bishops who were previously Anglican clergy As a result even more Anglicans seeking full communion with Rome can find a home within the Catholic Church The twelve essays in this book discuss the reasons Anglicans have sought reconciliation with the Holy See while retaining elements of their own

liturgy and traditions They explore the history and scope of Pope John Paul II's Pastoral Provision and Pope Benedict XVI's Apostolic Constitution and examine the needs of the new ordinariates if they are to flourish Also considered are the changes to the Roman liturgy since the Second Vatican Council and the specific patrimony that Anglicans bring to Catholic worship

Escape from Paradise Sofia M. Rossi, 2024-06-28 Prologue The midday Mexican sun beat down mercilessly turning the chipped paint on the Playa del Carmen police station steps into a shimmering mirage Max clutched the flimsy police report its Spanish a mockery of his meager vocabulary Stolen cash meant a one way ticket back to dusty textbooks not sun drenched beaches A Mother's Warning Ignored Defeat felt like a cold hand squeezing his heart slowly draining the life out of him He couldn't face calling his parents not after boasting about a life changing archaeological dig Less than 24 hours in Mexico and all his dreams were gone Shame burned in his throat How naive could he have been A memory flickered a stark contrast to the harsh reality The Send Off The aroma of coffee wafted up the stairs coaxing him out of bed His mom stood in the kitchen a symphony of clanging pots and clattering plates heralding his send off breakfast You haven't forgotten anything have you she asked her voice laced with a concern he couldn't quite decipher Nope all packed he mumbled stuffing a forkful of fluffy waffle into his mouth Her words echoed in his ears now You're just a tourist The law there doesn't always work the way it

does here at home Always be on your guard Max He d brushed it off then blinded by anticipation Now stranded and desperate those words haunted him A Glimmer of Hope The stolen money stung but the loss of his Mac and passport felt like a punch to the gut He needed a plan and fast Turning a corner a familiar landmark sparked a flicker of hope Grabbing his tattered map he located his Airbnb a lifeline in this storm With a surge of determination he pulled out his phone the battery hovering on fumes Inspiration struck Holding it up he pretended to record a live video hoping to deter potential threats A collective gasp rippled through the crowd Vendors vanished like phantoms Just then a policeman appeared his expression a storm cloud Max s heart hammered against his ribs Playing with fire he thought but it was his only shot Doing a live feed for my family he blurted his voice strained Been watching this street for a long time you know The policeman grunted amusement flickering in his eyes He moved on leaving Max weak with relief A Mysterious Figure Across the street a man leaned against a souvenir shop awning His weathered face held stories beneath a battered cowboy hat One leg propped against the wall his gaze was fixed on Max unwavering Intrigued yet unnerved Max noticed a slight head tilt towards a side street branching off the main avenue Was this a concerned citizen a potential savior or something else entirely A Refuge Found But Questions Remain He hurried towards his Airbnb the confirmation email a beacon of hope Relief washed over him as he entered the cool lobby But a glance back revealed a chilling absence the man with the cowboy hat was gone Vanished without a trace Max shivered a phantom sensation of eyes boring into his back He entered his room the safety of four walls a temporary comfort But the encounter with the stranger lingered a seed of unease planted in his gut Who was the man in the cowboy hat Friend or foe And in a city where paradise can mask danger would Max find his dreams or his doom

Kenya Godfrey Mwakikagile,2007 This book is about Kenya as a country and as a nation It is also a work of comparative analysis in the African context It also focuses on the nation as an entity with its own personality and national character Kenya is one of the most well known countries in Africa for several reasons It is one of the major tourist destinations in the world It is by African standards one of the most developed countries on the continent It also occupies a special place in the history of Africa because of the role it played in the struggle for independence It was in Kenya where Mau Mau an uprising against colonial injustices was fought Mau Mau was one of the bloodiest and most successful wars in colonial history and it thrust Kenya into the international spotlight It also earned the Mau Mau freedom fighters distinction as some of the most outstanding champions of freedom for Africans and as some of the most revered fighters in the struggle for African liberation from imperial rule They are still remembered today not only as gallant fighters but as some of the pioneers of the African independence movement Jomo Kenyatta himself who was accused

of leading Mau Mau and who later became the first president of Kenya was one of the most respected African leaders and was revered as the Grand Old Man of the African independence movement. He cast a long shadow over Kenya and the rest of the continent and his formidable personality and legendary role as the leader of the independence movement also played a major role in thrusting his country on the international scene. Kenya is also the economic powerhouse of East Africa. It has the most developed and the strongest economy among all the countries which constitute the East African Community (EAC). They are Kenya, Uganda, Tanzania, Rwanda, and Burundi. It is in fact the most developed country in the entire region of Eastern Africa which includes the countries in the Horn of Africa: Somalia, Ethiopia, Eritrea, and Djibouti. This work is a general introduction to Kenya as a country and as a nation. Subjects covered include a short history of the country, its geography including administrative provinces and various ethnic groups in those provinces, Mau Mau and the struggle for independence, the early years of independence, political developments through the decades, the cultures of different ethnic groups, the country's natural resources, and much more. Also addressed in the book is the country's ethnic diversity and the impact it has had on Kenya's stability as a country and as a nation composed of different ethnic and racial groups. The author also looks at Kenya's national character from his background as an East African himself, from neighbouring Tanzania, in a study of comparative analysis between Kenya and Tanzania as political entities with different national characters to demonstrate that nations do indeed have different national characters. This is an excellent introduction for those who want to learn about Kenya for the first time and even for those who already know about Kenya but want to learn more about the country. Students and tourists alike will find this work to be very useful. And for those going to Kenya or anywhere else in East Africa for the first time as tourists, students, scholars, or simply as travellers, the book will serve as an excellent source of information about life and different cultures and even about politics in contemporary times in one of the most dynamic countries on the African continent and which casts a shadow over the entire East African region, although the rest of the countries in the region have not been entirely eclipsed by their powerful neighbour.
