**The SAGE Handbook of Global Sexualities** Zowie Davy, Ana Cristina Santos, Chiara Bertone, Ryan Thoreson, Saskia E. Wieringa, 2020-05-11 This two volume Handbook provides a major thematic overview of global sexualities spanning each of the continents and its study which is both reflective and prospective and includes traditional approaches and emerging themes The Handbook offers a robust theoretical underpinning and critical outlook on current global glocal and new sexualities and practices whilst offering an extensive reflection on current challenges and future directions of the field The broad coverage of topics engages with a range of theories and maintains a multi disciplinary framework PART ONE Understanding Sexuality Epistemologies Conceptual and Methodological Challenges PART TWO Enforcing and Challenging Sexual Norms PART THREE Interrogating Undoing Sexual Categories PART FOUR Enhancement Practices and Sexual Markets Industries PART FIVE Sexual Rights and Citizenship And the Governance of Sexuality PART SIX Sexuality and Social Movements PART SEVEN Language and Cultural Representation      **The Russian Reading Revolution** S. Lovell, 2000-02-24 Of all of Soviet cultural myths none was more resilient than the belief that the USSR had the world s greatest readers This book explains how the Russian reading myth took hold in the 1920s and 1930s how it was supported by a monopolistic and homogenizing system of book production and distribution and how it was challenged in the post Stalin era first by the latent expansion and differentiation of the reading public and then more dramatically by the economic and cultural changes of the 1990s      *Gender, State and Society in Soviet and Post-Soviet Russia* Sarah Ashwin, 2012-10-12 One of the few English language studies to focus on the male experiences this book addresses the important questions raised by the rise and fall of the Soviet experiment in transforming gender relations Issues covered include the paternal role women as breadwinners men s loss of status at work changing gender roles in the press the relationship between the sexual and gender revolutions Featuring an outstanding panel of Russian contributors this collection is a valuable resource for students and scholars of Politics Gender Studies and Russian Studies      *Becoming Soviet Jews* Elissa Bemporad, 2018-11-01 An endlessly rewarding contribution to the study of Jewish life in the Soviet Union Fascinating nuanced and respectful of human limitations Slavic Review Minsk the present capital of Belarus was a heavily Jewish city in the decades between the world wars Recasting our understanding of Soviet Jewish history Becoming Soviet Jews demonstrates that pre revolutionary forms of Jewish life in Minsk maintained continuity through the often violent social changes enforced by the communist project Using Minsk as a case study of the Sovietization of Jews in the former Pale of Settlement Elissa Bemporad reveals the ways in which many Jews acculturated to Soviet society in the 1920s and 1930s while remaining committed to older patterns of Jewish identity such as Yiddish culture and education attachment to the traditions of the Jewish workers Bund circumcision and kosher slaughter This pioneering study also illuminates the reshaping of gender relations on the Jewish street and explores Jewish everyday life and identity during the years of the Great Terror Highly readable and brimming with novel facts

and insights A rich and engaging portrayal of a previously overlooked period and place H Judaic The Red Flag David Priestland,2016-05-03 The best and the most accessible one volume history of communism now available A far reaching vividly written account Foreign Affairs In The Red Flag Oxford professor David Priestland tells the epic story of a movement that has taken root in dozens of countries across two hundred years from its birth after the French Revolution to its ideological maturity in nineteenth century Germany to its rise to dominance and subsequent fall in the twentieth century Beginning with the first modern Communists in the age of Robespierre Priestland examines the motives of thinkers and leaders including Marx Engels Lenin Stalin Castro Che Guevara Mao Ho Chi Minh Gorbachev and many others Priestland also shows how Communism in all its varieties appealed to different societies for different reasons in some as a response to inequalities and in others more out of a desire to catch up with the West But paradoxically while destroying one web of inequality Communist leaders were simultaneously weaving another It was this dynamic together with widespread economic failure and an escalating loss of faith in the system that ultimately destroyed Soviet Communism itself At a time when global capitalism is in crisis and powerful new political forces have arisen to confront Western democracy The Red Flag is essential reading if we are to apply the lessons of the past to navigating the future Detailed and scholarly but written in lively prose this is a rich satisfying account of the most successful utopian political movement in history Publishers Weekly starred review

*Gender in Russian History and Culture* L. Edmondson,2001-07-11 This volume charts the changing aspects of gender in Russia s cultural and social history from the late seventeenth century to the Stalinist era and the collapse of the Soviet Union The works while focusing on women as a primary subject highlight in particular gender difference the construction of both femininity and masculinity in a culture that has undergone major transformation and disruptions over the period of three centuries

**Freud in Zion** Eran J. Rolnik,2018-03-05 Freud in Zion tells the story of psychoanalysis coming to Jewish Palestine Israel In this ground breaking study psychoanalyst and historian Eran Rolnik explores the encounter between psychoanalysis Judaism Modern Hebrew culture and the Zionist revolution in a unique political and cultural context of war immigration ethnic tensions colonial rule and nation building Based on hundreds of hitherto unpublished documents including many unpublished letters by Freud this book integrates intellectual and social history to offer a moving and persuasive account of how psychoanalysis permeated popular and intellectual discourse in the emerging Jewish state

Khatami and Gorbachev Zhand Shakibi,2010-01-30 Why is it important to compare the experiences successes and difficulties of Mohammad Khatami and Mikhail Gorbachev two leaders operating in very different political environments and cultures Both men were products of two of the 20th century s most momentous revolutions and both sought to reform from within the contradictions and problems which these revolutions produced Zhand Shakibi provides the first comparative analysis of Khatami and Gorbachev based on first hand interviews and previously unpublished sources revealing the extent of their common goals and predicaments The importance of this study lies in its demonstration of how similar political features

in completely different political environments can produce common political outcomes This book is a fascinating resource for political scientists international relations specialists and historians of 20th century politics Sexual Knowledge Britta McEwen, 2012 Vienna's unique intellectual political and religious traditions had a powerful impact on the transformation of sexual knowledge in the early twentieth century Whereas turn of the century sexology as practiced in Vienna as a medical science sought to classify and heal individuals during the interwar years sexual knowledge was employed by a variety of actors to heal the social body the truncated diseased and impoverished population of the newly created Republic of Austria Based on rich source material this book charts cultural changes that are hallmarks of the modern era such as the rise of the companionate marriage the role of expert advice in intimate matters and the body as a source of pleasure and anxiety These changes are evidence of a dramatic shift in attitudes from a form of scientific inquiry largely practiced by medical specialists to a social reform movement led by and intended for a wider audience that included workers women and children

**The Body Soviet** Tricia Starks, 2009-01-06 In 1918 the People's Commissariat of Public Health began a quest to protect the health of all Soviet citizens but health became more than a political platform or a tactical decision The Soviets defined and categorized the world by interpreting political orthodoxy and citizenship in terms of hygiene The assumed political social and cultural benefits of a regulated healthy lifestyle informed the construction of Soviet institutions and identity Cleanliness developed into a political statement that extended from domestic maintenance to leisure choices and revealed gender ethnic and class prejudices Dirt denoted the past and poor politics health and cleanliness signified mental acuity political orthodoxy and modernity Health though essential to the revolutionary vision and crucial to Soviet plans for utopia has been neglected by traditional histories caught up in Cold War debates The Body Soviet recovers this significant aspect of Soviet thought by providing a cross disciplinary comparative history of Soviet health programs that draws upon rich sources of health care propaganda including posters plays museum displays films and mock trials The analysis of propaganda makes The Body Soviet more than an institutional history it is also an insightful critique of the ideologies of the body fabricated by health organizations A masterpiece that will thoroughly fascinate and delight readers Starks's understanding of

propaganda and hygiene in the early Soviet state is second to none She tells the stories of Soviet efforts in this field with tremendous insight and ingenuity providing a rich picture of Soviet life as it was actually lived Elizabeth Wood author of *From Baba to Comrade Gender and Politics in Revolutionary Russia* *Stalinism* Alter L. Litvin, John L. H. Keep, 2005 This volume the fruit of co operation between a British and Russian historian seeks to review comparatively the progress made in recent years largely thanks to the opening of the Russian archives in enlarging our understanding of Stalin and

*Homosexual Desire in Revolutionary Russia* Dan Healey, 2012-04-26 The first full length study of same sex love in any period of Russian or Soviet history *Homosexual Desire in Revolutionary Russia* investigates the private worlds of sexual dissidents during the pivotal decades before and after the 1917 Bolshevik Revolution Using records and archives available to researchers only since the fall of Communism Dan Healey revisits the rich homosexual subcultures of St Petersburg and Moscow illustrating the ambiguous attitude of the late Tsarist regime and revolutionary rulers toward gay men and lesbians *Homosexual Desire in Revolutionary Russia* reveals a world of ordinary Russians who lived extraordinary lives and records the voices of a long silenced minority *Everyday Life in Early Soviet Russia* Christina Kiaer, Eric Naiman, 2006 How Soviet citizens in the 1920s and 1930s internalized Soviet ways of looking at the world and living their everyday lives *Life Has Become More Joyous, Comrades* Karen Petrone, 2000-11-22 *Life Has Become More Joyous Comrades Celebrations in the Time of Stalin* Karen Petrone A lively investigation of the official and unofficial meanings of Stalinist celebrations An impressive and highly readable book that casts a clear and disturbing light on the relationship of Stalinist mythology state power popular participation and the unending complexities of social and cultural survival mechanisms and daily life Richard Stites In the Soviet Union in the 1930s public celebrations flourished while Stalinist repression intensified What explains this coincidence of terror and celebration Using popular media and drawing extensively on documents from previously inaccessible Soviet archives Karen Petrone demonstrates that to dismiss Soviet celebrations as mere diversion is to lose a valuable opportunity for understanding how the Soviet system operated As the state attempted to mobilize citizens to participate in the project to create New Soviet men and women celebration culture became more than a means to distract a population suffering from poverty and deprivation The planning and execution of celebrations reflected the Soviet intelligentsia s efforts to bring social and cultural enlightenment to the people Physical culture demonstrations celebrations of Arctic and aviation exploits the Pushkin Centennial of 1937 and the 20th Anniversary of the October Revolution and the celebration of New Year s Day were opportunities for the Soviet leadership to fuse traditional prerevolutionary values and practices with socialist ideology in an effort to educate its citizens and build support for the state and its policies However official celebrations were often appropriated by citizens for purposes that were unanticipated and unsanctioned by the state Through celebrations Soviet citizens created hybrid identities and defined their places in the emerging Stalinist hierarchy allowing them to uphold the Soviet order while arrests and executions were rampant This rich look at celebrations reveals

the complex dialogues and negotiations between citizens and leaders in the endeavor to create Soviet culture Karen Petrone is Assistant Professor of History at the University of Kentucky Indiana Michigan Series in Russian and East European Studies Alexander Rabinowitch and William G Rosenberg editors Contents Interpreting Soviet Celebrations Part 1 Soviet Popular Culture and Mass Mobilization Parading the Nation Demonstrations and the Construction of Soviet Identities Imagining the Motherland The Celebration of Soviet Aviation and Polar Exploits Fir Trees and Carnivals The Celebration of Soviet New Year's Day Part 2 The Intelligentsia and Soviet Enlightenment A Double edged Discourse on Freedom The Pushkin Centennial of 1937 Anniversary of Turmoil The Twentieth Anniversary of the October Revolution Celebrating Civic Participation The Stalin Constitution and Elections as Rituals of Democracy Celebrations and Power      *Marketing and Feminism* Miriam Catterall, Pauline Maclaran, Lorna Stevens, 2000 This cutting edge innovative volume contains the best of current scholarship on feminist perspectives in marketing Through many exciting and often controversial discussions it challenges assumptions in both historical and current contexts      Medical Storyworlds Elena Fratto, 2021-11-02 Though often seen as scientific or objective medicine has a fundamentally narrative aspect Much like how an author constructs meaning around fictional events a doctor or patient narrates the course of an illness and treatment In what ways have literary and medical storytelling intersected with and shaped each other In Medical Storyworlds Elena Fratto examines the relationship between literature and medicine at the turn of the twentieth century a period when novelists were experimenting with narrative form and the modern medical establishment was taking shape She traces how Russian writers such as Dostoevsky Tolstoy and Bulgakov responded to contemporary medical and public health prescriptions placing them in dialogue with French and Italian authors including Romaine and Svevo and such texts as treatises by Paul Broca and Cesare Lombroso In nuanced readings of these works Fratto reveals how authors and characters question the rhetoric and authority of medicine and public health in telling stories of mortality illness and well being In so doing she argues they provide alternative ways of thinking about the limits and possibilities of human agency and free will Bridging the medical humanities European literary studies and Slavic studies Medical Storyworlds shows how narrative theory and canonical literary texts offer a new lens on today's debates in medical ethics and bioethics      Stalinist Values David L. Hoffmann, 2018-08-06 Soviet official culture underwent a dramatic shift in the mid 1930s when Stalin and his fellow leaders began to promote conventional norms patriarchal families tsarist heroes and Russian literary classics For Leon Trotsky and many later commentators this apparent embrace of bourgeois values marked a betrayal of the October Revolution and a retreat from socialism In the first book to address these developments fully David L Hoffmann argues that far from reversing direction the Stalinist leadership remained committed to remaking both individuals and society and used selected elements of traditional culture to bolster the socialist order Melding original archival research with new scholarship in the field Hoffmann describes Soviet cultural and behavioral norms in such areas as leisure activities social hygiene family life and sexuality He demonstrates that the Soviet state's campaign to effect social

improvement by intervening in the lives of its citizens was not unique but echoed the efforts of other European governments both fascist and liberal in the interwar period Indeed in Europe America and Stalin s Russia governments sought to inculcate many of the same values from order and efficiency to sobriety and literacy For Hoffmann what remains distinctive about the Soviet case is the collectivist orientation of official culture and the degree of coercion the state applied to pursue its goals

**Borders of Socialism** L. Siegelbaum, 2016-04-15 This fascinating book argues that in Russia the relations between culture and nation art and life commodity and trash often diverged from familiar Western European or American versions of modernity The essays show how public and private overlapped and shaped each other creating new perspectives on individuals and society in the Soviet Union
