Motivating Students Improving Schools The Legacy Of Carol Midgley:

Motivating Students, Improving Schools Paul R. Pintrich, Martin L. Maehr, 2004-03-03 Asks questions regarding the implications of motivation theory for school reform This volume portrays the potential of research methods and re examines tried and true conceptions of the nature and nurture of motivation It also suggests issues and points to venues for application

Motivating Students to Learn Jere E. Brophy, 2010-05-26 Written specifically for teachers this book offers a wealth of research based principles for motivating students to learn Its focus on motivational principles rather than motivation theorists or theories leads naturally into discussion of specific classroom strategies Throughout the book these principles and strategies are tied to the realities of contemporary schools and classrooms The author employs an eclectic approach to motivation that shows how to effectively integrate the use of extrinsic and intrinsic strategies Guidelines are provided for adapting motivational principles to group and individual differences and for doing repair work with students who have become discouraged or disaffected learners

Decade Ahead Stuart Karabenick, Tim Urdan, 2010-06-18 Examines seven prominent theories of motivation including research on self efficacy achievement goal theory expectancy value theory self determination theory self concept research implicit motives and interest This book also examines the associations between motivation and other constructs such as emotion and self regulation

The Oxford Handbook of Human Motivation Richard M. Ryan, 2013-12-15 Motivation is that which moves us to action Human motivation is thus a complex issue as people are moved to action by both their evolved natures and by myriad familial social and cultural influences The Oxford Handbook of Human Motivation collects the top theorists and researchers of human motivation into a single volume capturing the current state of the art in this fast developing field The book includes theoretical overviews from some of the best known thinkers in this area including chapters on Social Learning Theory Control Theory Self determination theory Terror Management theory and the Promotion and Prevention perspective Topical chapters appear on phenomena such as ego depletion flow curiosity implicit motives and personal interests A section specifically highlights goal research including chapters on goal regulation achievement goals the dynamics of choice unconscious goals and process versus outcome focus Still other chapters focus on evolutionary and biological underpinnings of motivation including chapters on cardiovascular dynamics mood and neuropsychology Finally chapters bring motivation down to earth in reviewing its impact within relationships and in applied areas such as psychotherapy work education sport and physical activity By providing reviews of the most advanced work by the very best scholars in this field The Oxford Handbook of Human Motivation represents an invaluable resource for both researchers and practitioners as well as any student of human nature

Remembering the Life, Work, and Influence of Stuart A. Karabenick Tim Urdan, Eleftheria N. Gonida, 2023-02-23 This volume contains an Open Access Chapter This volume memorializes Dr Stuart A Karabenick and provides insights into the many contributions that Dr Karabenick made to the field of Educational Psychology and the important role he played in the lives of his students

collaborators and friends *Lads And Ladettes In School* Jackson, Carolyn, 2006-06-01 FIRST PRIZE WINNER of the SOCIETY FOR EDUCATIONAL STUDIES book award 2006 As a practising youth worker and researcher I found this book a fascinating and engaging read It provides a useful analysis and exploration of the classed and gendered anti school ethic in place presently within many schools and it will provide a meaningful analysis for academics policymakers and practitioners and anyone with an interest in gender education and young people Fin Cullen Goldsmiths College Review in Gender and Education I would therefore urge everyone concerned with what is happening in schools to read this book with its fascinating data and nuanced arguments Heather Mendick London Metropolitan University Review in British Journal of Educational Studies This innovative book looks at how and why girls and boys adopt laddish behaviours in schools It examines the ways in which students negotiate pressures to be popular and cool in school alongside pressures to perform academically It also deals with the fears of academic and social failure that influence pupils school lives and experiences Drawing extensively on the voices of students in secondary schools it explores key questions about laddish behaviours such as Are girls becoming more laddish and if so which girls Do boys and girls have distinctive versions of laddishness What motivates laddish behaviours What are the consequences of laddish behaviours for pupils What are the implications for teachers and schools The author weaves together key contemporary theories and research on masculinities and femininities with social psychological theories and research on academic motives and goals in order to understand the complexities of girls and boys behaviours This topical book is key reading for students academics and researchers in education sociology and psychology as well as school teachers and education policy makers *Resiliency Reconsidered* Donna M. Davis, 2007-10-01 The goal of this book is to generate discussion not only about how we can create meaningful educational experiences for all learners but to challenge systems that necessitate a resilient nature Ultimately the authors promote the need for a foundation of socially just policies and practices in all educational settings and respond to the question How does a paradigm of resiliency translate into institutional change that benefits everyone **Handbook of Research on Program Development and Assessment Methodologies in K-20 Education** Wang, Viktor, 2017-11-30 As the educational system continues to evolve it is essential that educators of today devise innovative and strategic approaches to program development and assessment The Handbook of Research on Program Development and Assessment Methodologies in K 20 Education is an essential reference source for the latest terminology and concepts related to program development Featuring extensive coverage on a broad range of topics such as cognitive diagnostic assessments self directed learning and digital education this publication is ideally designed for educators students program designers and librarians seeking current research on inventive strategies and practices to enhance education in the 21st century Research Anthology on Rehabilitation Practices and Therapy Management Association, Information Resources, 2020-08-21 The availability of practical applications techniques and case studies by international therapists is limited despite expansions to the fields of clinical psychology rehabilitation and counseling As
