Children's Books in Print R R Bowker Publishing, Bowker, 1999-12 **Children's Books In Print 1998** Bowker Editorial Staff, R R Bowker Publishing, Bowker, 1998 *Books in Print*, 1991 **The Garden**, 1876 *Where Mortal and Immortal Meet* Andrew G. Ralston, 2021-10-26 Glasgow's thirteenth century cathedral is the city's oldest building and one of Scotland's top tourist destinations. The cathedral remains an active congregation of the Church of Scotland and serves as the focus for many events of national significance. It is however many years since a comprehensive overview of the cathedral's history has been published. The standard work *The Book of Glasgow Cathedral* was compiled more than 120 years ago by George Eyre Todd. Since then the interior of the building has been completely transformed thanks largely to the efforts of the Society of Friends of Glasgow Cathedral founded in 1936 by the Rev A Neville Davidson with the aims of adorning and beautifying the building and encouraging research into its history. To mark the eighty fifth anniversary of the society this new book traces the story of its achievements and presents the fruits of scholarship undertaken during recent decades combining essays and lectures on the history of Glasgow Cathedral by eminent historians of the past with new and hitherto unpublished research. *Where Mortal and Immortal Meet* will be an invaluable resource for future generations of historians and for all those who have a love for one of Scotland's most significant architectural treasures. *The Life of Akoa-Mongo Kara from Africa to the United States*, Maine François Kara Akoa-Mongo, 2010-12-30 This book is an excellent tool to learn how people used to live in Central Africa around 1960 when many African countries started to become politically independent. One would learn how people lived, worked, socialized, traveled, took care of themselves when sick, the children and women contributing to the family economy, the system of education, family ties, territorial occupations, tribal relations, language formations and settlements of the population. He would also learn what happened from around 1954 concerning the struggles for independence and the first leaders of African nations. One would also learn about the difficulties of going to school, getting good health care, Black and White relations and discrimination in reverse, difficulties of making a living, Christianity, paganism and poverty. Concerning the United States, one will learn about problems foreigners face in the United States in order to be acclimated and acculturated, differences in culture, eating habits, weather, language, socialization, help for the poor, the role of church, education, opportunities, humanitarian and Christian love, relations between Blacks from Africa and African Americans between Africans living in the States and those at home, problems between those living in the States, problems of alienation of most children of the second generation of the immigrants. This book deals with men and women, issues, Christian religion, paganism and faith in God, the love of God and serving others as a result of what God has done in someone's life. This book is easy to read. It is good for those who would like to learn about African culture and people, the way others look at and see Americans, things to learn from each other as groups of people living in the same environment. Young people, families, churches, schools, anthropologists, sociologists and political scientists may use this book. These are wishes of the author.
