For Pleasure Rachel Jane Carroll,2023-12-12 Argues that aesthetic pleasure plays a key role in both racial practices and struggles against racist domination For Pleasure proposes that experimental aesthetics shaped race in the twentieth century United States by creating transformative scenes of pleasure Rachel Jane Carroll explains how aesthetic pleasure is fundamental to the production and circulation of racial meaning in the United States through a study of experimental work by authors and artists of color For Pleasure offers methods for reading experimental literature and art produced by racially minoritized authors and artists working in and around the US including Isaac Julien Nella Larsen Yoko Ono Jack Whitten Byron Kim Glenn Ligon Zora Neale Hurston Theresa Hak Kyung Cha and Cici Wu Along the way we learn what a racist joke has to do with the history of monochrome painting if beauty has a part to play in social change and whether whimsy should be taken seriously as a political affect Carroll draws attention to key connections between aesthetic pleasure and experimentation through their shared capacity for world building Neither aesthetic pleasure nor experimental forms are liberatory in and of themselves however both can interrupt defamiliarize and rearrange our habits of aesthetic judgment

Pleasure Wars: The Bourgeois Experience Victoria to Freud Peter Gay,1998-01-17 A master historian shows us a new side of the Victorian Era the role of the Bourgeois as reactionaries revolutionaries and middle of the roaders in the passage of high culture toward modernism The Victorians in this richly peopled narrative maneuvered through decades marked by frequent shifts in taste some seeking safety in traditional styles others drawn to the avant garde of artists composers and writers Peter Gay s panoramic survey offers a fresh view of the ideas and sensibilities that dominated Victorian culture *The Scandal of Pleasure* Wendy Steiner,1995-12-18 In an increasingly hostile political environment her book is a necessary guide to understanding the current crisis in the arts Philosophy of Knowledge and Metaphysics Hector Davidson, This book contains the following 17 titles Aesthetics Analytic Philosophy Epistemology Hedonism Idealism

Olson, 2008-01-01 Soul of the age Ben Jonson eulogized Shakespeare and in the next breath He was not of an age but for all time That he was both of the age and for all time is this book suggests the key to Shakespeare s comic genius In this engaging introduction to the First Folio comedies Paul A Olson gives a persuasive and thoroughly engrossing account of the playwright s comic transcendence showing how Shakespeare by taking on the great themes of his time elevated comedy from a mere mid level literary form to its own form of greatness on par with epic and tragedy Like the best tragic or epic writers Shakespeare in his comedies goes beyond private and domestic matters in order to draw on the whole of the commonwealth He examines how a ruler s or a court s community at the household and local levels shapes the politics of empire existing or nascent empires such as England the Holy Roman Empire Spain Venice and the Ottoman Empire or part empires such as Rome and Athens where all their suffering and silliness play into how they govern In Olson s work we also see how Shakespeare s appropriation of his age s ideas about classical myth and biblical scriptures bring to his comic action a sort of sacral profundity in keeping with notions of poetry as inspired and comic endings as more than merely happy but as in fact uncommonly joyful

The Pleasure of Modernist Music Arved Mark Ashby, 2004 The debate over modernist music has continued for almost a century from Berg s *Wozzeck* and Webern s *Symphony Op 21* to John Cage s renegotiation of musical control the unusual musical practices of the Velvet Underground and Stanley Kubrick s use of Ligeti s *Lux Aeterna* in the epic film *2001* The composers discussed in these pages including Bart k Stockhausen Bernard Herrmann Steve Reich and many others are modernists in that they are defined by their individualism whether covert or overt and share a basic urge toward redesigning musical discourse The aim of this volume is to negotiate a varied and open middle ground between polemical extremes of reception The contributors sketch out the possible significance of a repertory that in past discussions has been deemed either meaningless or beyond describable meaning With an emphasis on recent aesthetics and contexts including film music sexuality metaphor and ideas of a listening grammar they trace the meanings that such works and composers have held for listeners of different kinds None of them takes up the usual mandate of educated listening to modernist works the notion that a person can appreciate difficult music if given enough time and schooling Instead the book defines novel but meaningful avenues of significance for modernist music avenues beyond those deemed appropriate or acceptable by the academy While some contributors offer new listening strategies most interpret the listening premise more loosely as a metaphor for any manner of personal and immediate connection with music In addition to a previously untranslated article by Pierre Boulez the volume contains articles all but one previously unpublished by twelve distinctive and prominent composers music critics and music theorists from America Europe Australia and South Africa Arved Ashby Amy Bauer William Bolcom Jonathan Bernard Judy Lochhead Fred Maus Andrew Mead Greg Sandow Martin Scherzinger Jeremy Tambling Richard Toop

and Lloyd Whitesell Arved Ashby is Associate Professor of Music at the Ohio State University *Feminism and Contemporary Art* Jo Anna Isaak, 2002-09-11 Looks at the work of a diverse range of artists and explores the effect of feminist theory on art practice The book provides a provocative and valuable account of the diversity and revolutionary potential of women's art practice

The Problem with Pleasure Laura Frost, 2013-07-09 Aldous Huxley decried the horrors of modern pleasure or the proliferation of mass produced widely accessible entertainment that could degrade or dull the mind He and his contemporaries including James Joyce T S Eliot Gertrude Stein D H Lawrence and Jean Rhys sought to radically redefine pleasure constructing arduous and indirect paths to delight through their notoriously daunting work Laura Frost follows these experiments in the art of unpleasure connecting modernism's signature characteristics such as irony allusiveness and obscurity to an ambitious attempt to reconfigure bliss In *The Problem with Pleasure* Frost draws upon a wide variety of materials linking interwar amusements such as the talkies romance novels the Parisian fragrance Chanel no 5 and the exotic confection Turkish Delight to the artistic play of Joyce Lawrence Stein Rhys and others She considers pop cultural phenomena and the rise of celebrities such as Rudolph Valentino and Gypsy Rose Lee against contemporary sociological scientific and philosophical writings on leisure and desire Throughout her study Frost incorporates recent scholarship on material and visual culture and vernacular modernism recasting the period's high low elite popular divides and formal strategies as efforts to regulate sensual and cerebral experience Capturing the challenging tensions between these artists commitment to innovation and the stimulating amusements they denounced yet deployed in their writing Frost calls attention to the central role of pleasure in shaping interwar culture
