Rhetoric of Revolt Peter A. DeCaro, 2003-02-28 The success of Vietnam s August Revolution of 1945 can be attributed in part to Ho Chi Minh s reconstitutive rhetoric a form of rhetorical discourse that gave the Vietnamese people a new sense of identification This reawakened identity in turn influenced a renewed demand for nationalism and independence This study explores the reconstitutive rhetoric of Ho Chi Minh In doing so it advances rhetorical theory founded on nonWestern premises and examines the cultural differences responsible for creating a rhetoric whose focus is nonEurocentric Most current thinking on reconstitutive discourse has focused on Western premises Decaro challenges some of these premises and adds a new dimension to reconstitutive understanding Ho Chi Minh utilized the cultural heritage of the Vietnamese people as a means of creating his persona a powerful aspect of his ability to persuade In understanding Ho Chi Minh s unique form of discourse it is then possible to see how he was able to unify his country in order to sustain a protracted conflict with the goal of securing national independence Vietnam and China, 1938-1954 King C. The Political Uses of Literature Benjamin Kohlmann, Ivana Perica, 2024-01-11 Drawing on a global history of politicized writing this book explores literature's utility as a mode of activism and aesthetic engagement with the political challenges of the current moment The question of literature's uses has recently become a key topic of academic and public debate Paradoxically however these conversations often tend to bypass the rich history of engagements with literature's distinctly political uses that form such a powerful current of 20th and 21st century artistic production and critical theoretical reflection The Political Uses of Literature reopens discussion of literature's political and activist genealogies along several interrelated lines As a

foundational moment it draws attention to the important body of interwar politicized literature and to debates about literature's ability to intervene in social reality. It then traces the mobilization of related conversations and artistic practices across several historical conjunctures, most notably the committed literature of the 1960s and our own present. In mapping out these geographically and artistically diverse traditions, including case studies from the Americas, Europe, Africa, India, and Russia, contributors advance critical discussions in the field, making questions pertaining to politicized art newly compelling to a broader and more diverse readership. Most importantly, this volume insists on the need to think about literature's political uses today at a time when it has become increasingly difficult to imagine any kind of political efficacy for art, even as the need to do so is growing more and more acute. Literature may not proffer easy answers to our political problems, but as this collection suggests, the writing of the 20th century holds out aesthetic resources for a renewed engagement with the dilemmas that face us now.

Makers of Modern Culture Justin Wintle, 2002. This volume provides lively and clearly written expositions of those figures who have done most to shape our views in the period since 1914. Music, cinema, drama, art, fiction, poetry, and philosophy are just some of the fields covered.

From Jail to Jail Tan Malaka, 2020-03-10. *From Jail to Jail* is the political autobiography of Sutan Ibrahim gelar Tan Malaka, an enigmatic and colorful political thinker of twentieth-century Asia who was one of the most influential figures of the Indonesian Revolution. Various labels—a communist, Trotskyite, and nationalist—Tan Malaka managed to run afoul of nearly every political group and faction involved in the Indonesian struggle for independence. During his decades of political activity, he spent periods of exile and hiding in nearly every country in Southeast Asia. As a Marxist who was expelled from and became a bitter enemy of his country's Communist Party, and as a nationalist who was imprisoned and murdered by his own government's forces as a danger to its anticolonial struggle, Tan Malaka was and continues to be soaked in contradiction and controversy. Translated by Helen Jarvis and with a new introduction from Harry A. Poeze, this edition of *From Jail to Jail* contextualizes the life and political accomplishments of Tan Malaka in one of the few known autobiographies by a Marxist of this political era and region.
