# Regimes Of Language

**Florian Coulmas**

## **Regimes Of Language:**

**Regimes of Language** Paul V. Kroskrity, 2000 In this text ten linguistic anthropologists integrate two often segregated domains politics and language It addresses the role of language ideologies in state formation nationalism and the maintenance of ethnic groups as well as the creation of national ethnic and professional identities *The Evaluation of Language Regimes* Michele Gazzola, 2014-08-15 Building on existing analytical frameworks this book provides a new methodology allowing different language policies in international multilingual organisations or language regimes to be compared and evaluated on the basis of criteria such as efficiency and fairness It explains step by step how to organise the evaluation of language regimes and how to design and interpret indicators for such evaluation The second part of this book applies the theoretical framework to the evaluation of the language policy of the Patent Cooperation Treaty PCT division of the World Intellectual Property Organisation WIPO and the European Patent Office EPO Results show that an increase in linguistic diversity of the language regimes of patent organisations can both improve the efficiency of the patent system and lead to a more balanced distribution of costs among countries This book is a resource for scholars in language policy and planning and for policy makers in the international and European patent system **Language Regimes in**

**Transformation** Florian Coulmas, 2008-08-22 Globalization has many faces One of them is the transformation of language regimes This book provides an in depth account of how two second tier languages Japanese and German are affected by this process In the international arena they no longer compete with English but their status in their home countries and as foreign languages in third countries is in flux Original empirical and theoretical contributions are presented in this up to date study of language regime change The desirability of a single all purpose language for all communication needs is seldom questioned It is simply taken for granted in many advanced countries such as Japan and the German speaking countries However it is not clear whether German and Japanese can sustain their full functional potential if their own speakers use these languages in certain domains with decreasing frequency The advantages of borderless communication in a single language on one hand and maintaining highly cultivated all purpose languages on the other are obvious The question of whether and how these two principles can be reconciled in the age of globalization is not In this book leading scholars present their answers Ulrich Ammon Tessa Carroll Nanette Gottlieb Patrick Heinrich Takao Katsuragi John Maher Kiyoshi Hara Elmar Holenstein Konrad Ehlich Fumio Inoue and Florian Coulmas

**State Traditions and Language Regimes** Linda Cardinal, Selma K. Sonntag, 2015-05-01 Language policies are political They have political consequences as well as political origins In *State Traditions and Language Regimes* scholars from Asia Europe and North America shift focus from the consequences of language policies to how and why states make language policy choices This shift theorized through the concept of language regime inserts an urgently needed political science perspective into the current dialogue between sociolinguists who research the societal effects of language policies and political theorists of language rights who analyze the

normative implications of policies New analytical tools drawn from comparative politics are showcased to analyze paths taken by different states in establishing language regimes at times disrupted and redirected at critical junctures Contributions to the volume include analyses of Canada's increasingly court driven language policies the United States bifurcated language regime in the aftermath of 9/11 Ireland's conflicted protection of the Irish language France's linguistic Jacobin tradition disrupted by Europeanization the role of political parties and coalitions in language regime stability and change in Taiwan and Southeast Asia Poland's war torn history informing policy toward regional languages and the role of English in international peace building While other books look at the political and societal effects of language policy none seeks to employ a historical institutionalism approach which sets language policy choice in the context of power relations embedded in state traditions State Traditions and Language Regimes offers a comparative politics perspective one that enriches interdisciplinary debate on language policy

#### **Language Planning for Development in Africa**

Kembo-Sure, Serah Mwangi, Nathan Oyori Ogechi, 2006

#### **Language-related Conflicts in Multinational and**

**Multiethnic Settings** Barbora Moormann-Kimáková, 2015-11-18 In this book Barbora Moormann Kim kov analyses the possibility of finding an optimal language regime in multinational and multiethnic countries either by defining the contents of an optimal language regime or with the help of a criterion enabling to evaluate whether a language regime is optimal or not The process of the selection or change of a language regime often becomes a matter of a language related conflict These conflicts are mostly accompanied by other political or social conflicts as for example in Ukraine or former Yugoslavia which render solutions and their evaluation difficult The author claims that language regimes can be evaluated based on the increase or lack of their legitimacy in the eyes of the relevant actors This is demonstrated in four language regime studies on the European Union Soviet Union Bosnia and Herzegovina and South Africa

#### **Changing Language Regimes in**

**Globalizing Environments: Japan and Europe** Florian Coulmas, Patrick Heinrich, 2005

#### **Standardizing Diversity**

Amy H. Liu, 2015-01-14 Languages have deep political significance beyond communication a common language can strengthen cultural bonds and social trust or it may exacerbate cultural differences and power imbalances Language regimes that emerge from political bargains can centralize power by favoring the language of one ethnolinguistic group share power by recognizing multiple mother tongues or neutralize power through the use of a lingua franca Cultural egoism communicative efficiency or collective equality determines the choice As Amy H Liu demonstrates the conditions surrounding the choice of a language regime also have a number of implications for a nation's economy Standardizing Diversity examines the relationship between the distribution of linguistic power and economic growth Using a newly assembled dataset of all language in education policies in Asia from 1945 to 2005 and drawing on fieldwork data from Malaysia and Singapore Liu shows language regimes that recognize a lingua franca exclusively or at least above all others tend to develop social trust attract foreign investment and stimulate economic growth Particularly at high levels of heterogeneity the recognition of a

lingua franca fosters equality and facilitates efficiency Her findings challenge the prevailing belief that linguistic diversity inhibits economic growth suggesting instead that governments in even the most ethnically heterogeneous countries have institutional tools to standardize their diversity and to thrive economically

**Tension and Contention in Language Education for Latinxs in the United States** Glenn A. Martínez, Robert W. Train, 2019-10-08 Applying a critical lens to language education this book explores the tensions that Latinx students face in relation to their identities social and institutional settings and other external factors Across diverse contexts these students confront complex debates and contestable affirmations that intersect with their lived experiences and social histories Martinez and Train highlight the pedagogic and ethical urgency of teacher responsibility learner agency and social justice in critically addressing the consequences constraints and affordances of the language education that Latinx students experience in historically situated and institutionally defined spaces of practice ideology and policy Reframing language studies to take into account the roles of power inequality and social settings this book provokes dialogue between areas of language education that rarely interface Through privileging the learner experience the book provides a window to the contested spaces across language education and generates new opportunities for engagement and action Offering nuanced and insightful analyses this book is ideal for scholars language researchers language teacher educators and graduate students in all areas of language education

**Advances in Interdisciplinary Language Policy** François Grin, László Marác, Nike K. Pokorn, 2022-01-15 This book stems from the joint effort of 25 research teams across Europe representing a dozen disciplines from the social sciences and humanities resulting in a radically novel perspective to the challenges of multilingualism in Europe The various concepts and tools brought to bear on multilingualism are analytically combined in an integrative framework starting from a core insight in its approach to multilingualism Europe is pursuing two equally worthy but non converging goals namely the mobility of citizens across national boundaries and hence across languages and cultures and the preservation of Europe s diversity which presupposes that each locale nurtures its linguistic and cultural uniqueness and has the means to include newcomers in its specific linguistic and cultural environment In this book scholars from applied linguistics economics the education sciences finance geography history law political science philosophy psychology sociology and translation studies apply their specific approaches to this common challenge Without compromising the state of the art analysis proposed in each chapter particular attention is devoted to ensuring the cross disciplinary accessibility of concepts and methods making this book the most deeply interdisciplinary volume on language policy and planning published to date

**International Journal of the Sociology of Language** ,2004 **Bridging Linguistics and Economics** Cécile B. Vigouroux, Salikoko S.

Mufwene, 2020-03-19 By bridging the gap between linguistics and economics this book sheds light on a range of mutually valuable topics *A Research Agenda for Entrepreneurial Cognition and Intention* Malin Brännback, Alan L.

Carsrud, 2018-01-26 A Research Agenda for Entrepreneurial Cognition and Intention suggests new directions and approaches

to study the internal thought processes of entrepreneurs by examining areas that have been under researched ignored or overlooked     **The Routledge International Handbook of Language Education Policy in Asia** Andy Kirkpatrick,Anthony J. Liddicoat,2019-04-17 This must have handbook offers a comprehensive survey of the field It reviews the language education policies of Asia encompassing 30 countries sub divided by regions namely East Southeast South and Central Asia and considers the extent to which these are being implemented and with what effect The most recent iteration of language education policies of each of the countries is described and the impact and potential consequence of any change is critically considered Each country chapter provides a historical overview of the languages in use and language education policies examines the ideologies underpinning the language choices and includes an account of the debates and controversies surrounding language and language education policies before concluding with some predictions for the future     **The Evolution of Biological Disarmament** Nicholas Roger Alan Sims,2001 The evolution of the disarmament regime of the 1972 Biological and Toxin Weapons Convention BTWC is described from 1980 when the first BTWC Review Conference was held until 1998 The author analyses the results of our first four review Conferences the meetings of the Ad Hoc Group of Governmental Experts to Identify and Examine Potential Verification Measures from a Scientific and Technical Standpoint the 1994 Special Conference the current negotiations of the Ad Hoc Group to produce an additional protocol the BTWC which may include verification measures handling of the 1997 Cuban allegation of US biological warfare and the implementation of Article X of the BTWC on international transfers and cooperation for peaceful purposes The strength of the BTWC regime is assessed in the light of its evolution through the review process and its changing contents including Russia s admission that it had inherited an offensive biological weapon programme The book applies an original sector by sector approach to its analysis of the BTWC studied in a long term perspective     **English Language Constitutional Amendments** United States. Congress. House. Committee on the Judiciary. Subcommittee on Civil and Constitutional Rights,1989     **Reframing the Transitional Justice Paradigm** Jill Stockwell,2014-01-29 This volume explores the evolving and complex memorial consequences of state sponsored violence in post dictatorial Argentina Specifically it looks at the power and significance of personal emotions and affects in shaping memorial culture This volume contends that we need to look beyond political and ideological contestations to a deeper level of how memorial cultures are formed and sustained It argues that we cannot account for the politics of memory in modern day Argentina without acknowledging and exploring the role played by individual emotions and affects in generating and shaping collective emotions and affects Drawing from direct testimony from Argentinian women who have experienced political and physical violence the research in this volume aims at understanding how their memories may be a different source of insight into the deep animosities within and between Argentine memorial cultures In direct contrast to the nominally objective and universalist sensibility that traditionally has driven transitional justice endeavours this volume examines how affective memories of trauma are a potentially disruptive

power within the reconciliation paradigm and thus affect should be taken into account when considering transitional justice Accordingly Cultures of Remembrance for Women in Post Dictatorial Argentina is an excellent resource for those interested in human rights transitional justice clinical psychology and social work and Latin American conflicts *Multilingualism in Post-Soviet Countries* Aneta Pavlenko,2008 In the past two decades post Soviet countries have emerged as a contested linguistic space where disagreements over language and education policies have led to demonstrations military conflicts and even secession This collection offers an up to date comparative analysis of language and education policies and practices in post Soviet countries *The Power of Voice in Transforming Multilingual Societies* Julia Gspandl,Christina Korb,Angelika Heiling,Elizabeth J. Erling,2023-07-07 This volume aims to capture evidence of marginalized voices in various contexts globally and show how speakers seek to reclaim their voices and challenge power relations The chapters reveal how speakers actively confront inequities in society such as the unequal distribution of resources Through bottom up initiatives and conscious involvement in language use documentation and the development of language domains speakers can address issues of language based marginalization re establish linguistic human rights and reclaim their linguistic and cultural identity Chapters in the volume explore commitments to democratic participation to voice to the heterogeneity of linguistic resources and to the political value of sociolinguistic understanding Drawing upon the framework of linguistic citizenship they link questions of language to sociopolitical discourses of justice rights and equity as well as to issues of power and access within a political and democratic framework **Creolization and Pidginization in Contexts of Postcolonial Diversity** ,2018-02-27 This book deals with creolization and pidginization of language culture and identity and makes use of interdisciplinary approaches developed in the study of the latter Creolization and pidginization are conceptualized and investigated as specific social processes in the course of which new common languages socio cultural practices and identifications are developed under distinct social and political conditions and in different historical and local contexts of diversity The contributions show that creolization and pidginization are important strategies to deal with identity and difference in a world in which diversity is closely linked with inequalities that relate to specific group memberships colonial legacies and social norms and values

Thank you definitely much for downloading **Regimes Of Language**. Most likely you have knowledge that, people have seen numerous periods for their favorite books in the manner of this Regimes Of Language, but stop happening in harmful downloads.

Rather than enjoying a fine PDF past a mug of coffee in the afternoon, on the other hand they juggled similar to some harmful virus inside their computer. **Regimes Of Language** is open in our digital library with an online permission to it is set as public correspondingly you can download it instantly. Our digital library saves in complex countries, allowing you to get the most less latency era to download any of our books bearing in mind this one. Merely said, the Regimes Of Language is universally compatible later than any devices to read.

### **Regimes Of Language Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Regimes Of Language has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Regimes Of Language has opened up a world of possibilities. Downloading Regimes Of Language provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Regimes Of Language has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Regimes Of Language. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Regimes Of Language. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Regimes Of Language, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from.

In conclusion, the ability to download Regimes Of Language has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### FAQs About Regimes Of Language Books

1. Where can I buy Regimes Of Language books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
