Regional Development Experiences and Prospects in Latin America United Nations Research Institute for Social Development,1972 **Regional Development Experiences and Prospects in Latin America** Kuklinski, Antoni,1975 Regional development. Experiences and prospects in Latin America Walter Stöhr,1975 Regional development experiences and prospects in South and Southeast Asia Louis Lefeber,Mrinal Datta-Chaudhuri,2019-03-18 No detailed description available for Regional development experiences and prospects in South and Southeast Asia **Regional Development** Walter B. Stöhr,1975 *A Political Geography of Latin America* Jonathan R. Barton,2002-11-01 The nation states and peoples of South and Central America Cuba Haiti and the Dominican Republic that together form the political geographical region of Latin America encompass a wide range of societies politics and economies This text exposes the differences between places regions and countries individuals and societies offering an invaluable insight into the themes of political and economic development and provides a guide to understanding power and space relations From the Antarctic to the tropical jungles the coastal communities to the highland villages the mega cities to isolated rural existence the political geographies of lives localities cities and rurality are too sophisticated to be subjected to generalizations Adopting a critical human geography perspective Jonathon Barton provides an understanding of similarities difference and sophisticated human geographies Materials on Regional Development in Latin America Walter B. Stöhr,United Nations. Economic Commission for Latin America,Latin American Institute for Economic and Social Planning,United Nations. Office of Technical Co-operation,United Nations. Economic and Social Council,1969 **Patterns of Regional Geography: Conceptual development** R. B. Mandal,1990-01-01 Contributed papers on integrated geographical study of regions **U.S. Participation in International Organizations and Programs** United States. Congress. House. Committee on Foreign Affairs,1979 **The individuality of a scholar and advancement of social science : the scholarship of Antoni Kukliński** Anna Gąsior-Niemiec,Józef Niżnik,2008 **Employment Policies in Developing Countries** J. Mouly,E. Costa,2022-08-30 First published in 1974 Employment Policies in Developing Countries is an attempt to take stock of experience that has been acquired in a number of developing countries in matters relating to employment promotion It begins with a discussion of the nature of the employment objective its role in the development process and with some attempt to quantify the dimensions of the problem In Part Two employment promotion measures are examined in relation to each of the major economic sectors while Part Three is concerned with vocational training migration and demographic policies Finally some suggestions are made as to how developing countries might define employment goals and formulate programmes for their attainment This book is a must read for scholars and researchers of economics labour economics and public policy **Industrialization in Developing and Peripheral Regions** F. E. Ian Hamilton,2017-09-05 The ten years before this book was originally published in 1986 saw major restructuring in the economies of the developed world This was

often closely related to industrial development in newly industrializing and third world countries This book examines the performance of these developing countries and includes studies of peripheral regions less developed regions within more advanced economies The overall findings are that whilst some areas and countries have success stories to tell such as Korea many so called newly industrializing countries and regions have had serious problems **The Geography of the Third World** Michael Pacione,2012-08-06 First published in 1988 this reissue presents a comprehensive overview of contemporary developments and research into the geography of the Third World at a time when economies and societies there were changing at a much more rapid rate than their counterparts in the developing world It covers the topic both systematically and by region showing how the unique background of each region affects developments there Regional Planning ,1972

The Geography of South America Thomas A. Rumney,2013-04-18 South America is an area of fascination and study for geographers and other scholars from around the world and its land and people have played important roles in the discovery and distribution of civilizations resources and nations for millennia The region has long stimulated a large amount of research across the many subdisciplines of geography and Thomas A Rumney collects organizes and presents as many scholarly publications as possible in The Geography of South America A Scholarly Guide and Bibliography Every South American nation is included Argentina Bolivia Brazil Chile Colombia Ecuador French Guiana Guyana Paraguay Peru Surinam Uruguay and Venezuela Beginning with an overview of the region as a whole successive chapters one per nation are divided by specific subdisciplines of geography cultural social economic historical physical and environmental political and urban Each section is then divided by document type atlases books book chapters articles from scholarly journals master s theses and doctoral dissertations Although the majority of entries focus on English language works selected entries written in Spanish French German and other languages are also included with the entry titles translated into English and noted accordingly *The Crises of the European Regions* Kjell Ostrom,Dudley Seers,1983-10-06 Research papers on regional development in Finland Portugal Spain Sweden and Yugoslavia presents case studies of government policy to reduce regional disparities in employment income distribution housing infrastructure etc discusses the possible impact of social movements on regional development in Southern Europe comments on development theories related to peripherial areas Maps references statistical tables e **Place, Migration and Development in the Third World** Lawrence A. Brown,2002-09-11 Providing a fresh examination of the nature of Third World development the author focuses on the characteristics of particular places and regions and their influences on behaviour This is an important study of the relationship between population movements and regional and national changes Life Space and Economic Space John Friedmann,2018-01-16 Friedmann perceives a global crisis which he traces to the dissolution of territorial relations This he believes results from penetration of the global system of markets into the remotest corners of the world undermining tradition cultures and ways of life The consequence is incipient breakdown he asserts and we need to repoliticize space and subordinate the power of

capital to the collective will of people organized to work toward common ends This deliberately provocative collection of essays includes an autobiographical fragment providing contextual information about the author **The Core-Periphery Divide in the European Union** Rudy Weissenbacher,2020-01-29 This book revisits the forgotten history of the European Dependency School in the 1970s and 1980s explores core periphery relations in the European integration process and the crises of the contemporary European Union from a dependency perspective and draws lessons for alternative development paths Was disintegration of the European Union foretold With the benefit of hindsight the critical analysis of the European integration process by researchers from the European Dependency School is most timely The current framework of the European Union seems to be haunted by issues that had been very familiar to the researchers of the European Dependency School such as a lack of a common and balanced industrial policy How do the situations compare What lessons can be learnt for alternative development policies in contemporary Europe Weissenbacher tackles these issues which are of relevance to all interested in political economy political science development studies and regional development **Population/Urban Future** ,1982-01-01 By the end of the twentieth century over half of the world s population will be urban The urban future will in large measure determine the world future In the next two decades the world will undergo as a result of the urbanization process the most radical changes that it has ever experienced in social economic and political life Historically the city has often been the place where civilization has blossomed One of the dominant characteristics of the late twentieth century however is the inability of cities to cope with economic social and environmental problems Population and the Urban Future contributes to a better understanding of the problems and needs of population in the urban future This study grew out of an International Conference on Population and the Urban Future sponsored by the United Nations Fund for Population Activities UNFPA which took place in Rome Italy from 1 to 4 September 1980
