**Building Regions** Dr Luk Van Langenhove,2013-03-28 Regions How they emerge and how they are dramatically changing the appearance of the present world of states and its related forms of governance from local to global levels is analysed in this monograph But what are regions Regions can be

small or huge They can be part of a single state be composed out of different states or stretched out across borders They can be important recognized economic social or cultural entities or they can be largely ignored by the people who live on a region's territory They can be well defined with clear cut boundaries as is the case in so called constitutional regions or they can be fuzzy as for instance in cross border regions In sum they are not a natural kind and defining regions is not a simple task Luk Van Langenhove advances the concept of region building as an alternative to the construction of regions with three issues of region building being explored Why are regions built in a world of states How do region building processes take place How are regions transforming the present world order Crossing disciplinary boundaries this book is an exercise in theorizing regions and brings together under one conceptual framework different processes and concepts such as regional integration devolution federalism and separatism and refines the social constructionist view on regions **NAFTA as a Model of**

**Development** Richard S. Belous, Jonathan Lemco, 1995-08-10 This book discusses the North American Free Trade Agreement NAFTA in terms of its implications for job creation reduced tariffs and increased investment Although the regional trading blocs merging in Europe North America and East Asia differ strikingly there is one basic feature common to each the formation of regional trading blocs involves a uniting of high and low wage areas The authors address this issue directly questioning whether NAFTA will promote upward or downward convergence of compensation rates unit labor costs and benefit levels Equally important they consider whether this trading arrangement will promote economic growth investment and efficiency Viewpoints from the U S Canada and Mexico and from the business and labor communities are included

**Environment for Business: Strictly as per requirements of the Gujarat Technological University** S. Tamer Cavusgil, Gary Knight, John R. Riesenberger, **Regional Trading Blocs in the World Economic System** Jeffrey A. Frankel, Ernesto Stein, Shang-Jin Wei, 1997 Covers trends from 1957 to 1995 **The New Regionalism in Africa** Fredrik Söderbaum, 2017-03-02 This edited volume transcends conventional state centric and formalistic notions of regionalism and theorizes conceptualizes and analyzes the complexities and contradictions of regionalization processes in contemporary Africa The collection not only unpacks and theorizes the African state society complex with regard to new regionalism but also explicitly integrates the often neglected discourse of human security and human development In so doing the book moves the discussion of new regionalism forward at the same time as it adds important insights to security and development It is organized into three parts Part I theorizes conceptualizes and analyzes the new regionalism in Africa from the point of view of the region e g West East Central and Southern Africa The national perspectives in Part II focus on the new regionalism in Africa from the point of view of particular countries or specific state society complexes such as Kenya the Democratic Republic of the Congo DRC the enclave of Cabinda Angola and Zambia Part III contains two concluding chapters that tie the main threads of the volume together theoretically and empirically and discuss the contribution of the analytical framework the new regionalism approach NRA to the larger study of regionalism **The Regionalization of the World**

**Economy** Jeffrey A. Frankel, 2007-12-01 Regional economic arrangements such as free trade areas FTAs customs unions and currency blocs have become increasingly prevalent in the world economy Both pervasive and controversial regionalization has some economists optimistic about the opportunities it creates and others fearful that it may corrupt fragile efforts to encourage global free trade Including both empirical and theoretical studies this volume addresses several important questions Why do countries adopt FTAs and other regional trading arrangements To what extent have existing regional arrangements actually affected patterns of trade What are the welfare effects of such arrangements Several chapters explore the economic effects of regional arrangements on patterns of trade either on price differentials or via the gravity model on bilateral trade flows In addition this book examines the theoretical foundation of the gravity model Making extensive use of the gravity model of bilateral trade several chapters explore the economic effects of regional arrangements In addition this book examines the theoretical foundation of the gravity model      *The Political Economy of East Asia* Ming Wan, 2007-10-17 For students of international political economy it is hard to ignore the growth dynamism and global impact of East Asia Japan and China are two of the largest economies in the world in a region now accounting for almost 30 percent more trade than the United States Canada and Mexico combined What explains this increasing wealth and burgeoning power In his new text Ming Wan illustrates the diverse ways that the domestic politics and policies of countries within East Asia affect the region's production trade exchange rates and development and are in turn affected by global market forces and international institutions Unlike most other texts on East Asian political economy that are essentially comparisons of major individual countries Wan effectively integrates key thematic issues and country specific examples to present a comprehensive overview of East Asia's role in the world economy The text first takes a comparative look at the region's economic systems and institutions to explore their evolution a rich and complex story that looks beyond the response to Western pressures Later chapters are organized around close examination of production trade finance and monetary relations While featuring extended discussion of China Japan South Korea and Taiwan Wan is inclusive in his analysis with coverage including Myanmar Thailand Laos Vietnam Cambodia Malaysia Singapore Indonesia Brunei and the Philippines The text is richly illustrated with more than fifty tables figures and maps that present the latest economic and political data to help students better visualize trends and demographics Each chapter ends with extensive lists of suggested readings      *Global Business Today Global Edition 8e* Charles Hill, 2014-09-16 *Global Business Today* has been developed specifically to meet the needs of international students of business Written in a refreshing informative and accessible style it has become the most widely used text in the International Business market with its comprehensive and up to date contents focus on managerial implications and application of international business concepts and incorporation of ancillary resources that enliven the text and make it easier to teach In addition to boxed material which provides insightful illustrations in every chapter interesting anecdotes have been carefully weaved into the narrative of the text to engage the reader Enhancements to the Global Edition

include New Country Focus boxes that provide background on the political economic social or cultural aspects of countries grappling with an international business issue to help raise students awareness of how national and geographic differences affect the conduct of international business such as Corruption in the Philippines and the Export Processing Zone Authority of Pakistan New Management Focus boxes that provide lively illustrations of the relevance of chapter material for the practice of international business including Patenting Basmati Rice and Expatriate Managers New Perspective boxes that provide additional context for chapter topics such as Market Economy in China Australian SMEs Embrace the Chinese Currency and Global Variations in Ownership Structure
