Regional Security In The Middle East:

Regional Security in the Middle East Zeev Maoz, 2013-06-17 Middle Eastern politics of the 1990s have been characterized by a drive towards peace Whether this is successful or not will depend on the negotiating process These articles discuss the challenges and provide some practical advice on how risks of failure could be avoided *Regional Security in the Middle East*, *Building Regional Security in the Middle East* Emily B. Landau, Tamar Malz, Zeev Maoz, 2004-11-23 Discussions on regional security were initiated in the Middle East in 1992 as part of the Middle East peace process The collapse of the Oslo process and other regional developments in the latter half of the 1990s have diminished hopes that the initial gains made in this direction might further develop as violence has again become the primary mode of effecting political changes in the region On the backdrop of this somewhat dismal current reality in the Middle East the rationale for this volume is that research into regional security structures should nevertheless be pursued When looking at the long term process of creating regional security setbacks are not unlikely The articles that make up this collection focus on the problems that have been encountered and possible directions for getting regional efforts back on track A special issue of the Journal of Strategic Studies *Regional Security in the Middle East* Pinar Bilgin, 2019-01-31 In this new and fully revised edition Pinar Bilgin provides an accessible yet critical analysis of regional security in the Middle East analysing the significant developments that have taken place in the past years Drawing from a wide range of critical approaches to security the book offers a comprehensive study of pasts presents and futures of security in the region The book distinguishes itself from previous critical studies on regional security by opening up both region and security Different from those approaches that bracket one or the other this study takes seriously the constitutive relationship between inventing regions and conceptions and practices of security There is not one Middle East but many shaped by the insecurities of those who voice them This book focuses on how present day insecurities have their roots in practices that have throughout history been shaped by geopolitical inventions of security In doing so the book lays the contours of a framework for thinking critically about regional security in this part of the world This second edition of *Regional Security in the Middle East* is a key resource for students and scholars interested in International Relations and Political Science Security Studies and Middle East Studies *Building Regional Security in the Middle East* Zeev Maoz, Emily B Landau, Tamar Malz, 2003 *Regional Security in the Middle East* Charles Tripp, 1984 Sikkerhedspolitik i Mellem sten Israel og det pal stinensiske mindretal Saudiarabiens sikkerhedspolitiske forhold Regionens milit re trusler mod Israel Syriens sikkerhedspolitiske forhold Sovjetunionens udenrigspolitik overfor Iran og den Persiske Golf Tilstedev relsen af atomv ben i regionen **Regional Security Dialogue in the Middle East** Chen Kane, Egle Murauskaite, 2014-07-25 At this time of considerable political turmoil in the Middle East there is a pressing need to explore alternative frameworks for regional security The book discusses the Helsinki Process as one potentially relevant historical model to learn from The Helsinki Process began in a divided Europe in the early 1970s and over 40 years achieved

Furthermore Israeli political and security thinking is still captive to the fears of potential wars that threatens Israel's existence and expose the Israeli community to psychological violence On the Arab side the aftermath of war still forms vital elements in the concept of security

Order from Ashes Michael Wahid Hanna, Thanassis Cambanis, 2018 The Middle East is experiencing unprecedented political turmoil violence and state failure It also suffers from a unique deficit in its peace and security architecture even compared to other fractious or unevenly developed regions Key stakeholders have failed to address the lack of formal structures even though chronic conflict and sharp crises regularly underscore the deadly and destabilizing consequences In this volume established researchers explore the possibilities for creating security architecture and institutions to facilitate cooperation and mitigate the risks of conflict escalation These studies examine past and current efforts to undertake regional security dialogue approaches to collective security confidence building measures that can decrease tensions and establish precedents for security cooperation non Arab regional actors and outside parties and their role in regional security efforts and the shape and scope of a future regional security system A grim urgency marks the current historical moment The Middle East gravely needs new ideas to advance regional security While crisis and conflict have exacerbated threats and fears they have also created opportunities for carefully crafted prescriptions and alternative security frameworks
