Progress and Its Discontents (Japan), 1900 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), *Progress and Its Discontents* Gabriel A. Almond, Garry R. Marvin, Roy Harvey Pearce, 2023-11-10
Events of the past two decades have challenged many of the fundamental beliefs institutions and values of modern western culture the culture of progress Are science and technology really progressive and beneficial Have they led to the enhancement of welfare greater happiness and moral improvement Is the continued growth of material productivity possible Desirable Are the institutions of progress viable Progress and Its Discontents assembles the views on progress of some of America's leading humanists scientists and social scientists Citing disappointed expectations of progress in spheres from science to morals and politics and the many problems created or left untouched by progress the editors conclude that the term no longer refers to an inevitable sequence of improvements but rather to an aspiration and compelling obligation Contributors Nannerl O. Keohane Georg G. Iggers Alfred G. Meyer Crawford Young Francisco J. Ayala John T. Edsall Gerald Fenberg Bernard D. Davis Gerald Holton Marc J. Roberts H. Chipman, 2017 The Oxford Handbook of Cognitive Science emphasizes the research and theory most central to modern cognitive science computational theories of complex human cognition Additional facets of cognitive science are discussed in the handbook's introductory chapter **Technology and Responsibility** P.T. Durbin, 2013-03-09 Since it may seem strange for a new series to begin with volume 3 a word of explanation is in order The series Philosophy and Technology inaugurated in this form with this volume is the official publication of the Society for Philosophy the one requirement is that the scholarship be sound and all contributions to the series are subject to rigorous blind refereeing Technology the other half of the philosophy and technology pairing is also construed broadly

Organization and Strategy in the Evolution of the Enterprise Giovanni Dosi, Franco Malerba, 1996-04-22 This book examines the role of competence organization and strategies of firms in industrial dynamics linking economic management and historical perspectives In the first part of the book a series of economic and managerial contributions discuss the

concepts dimensions and effects of routines competence adaptation learning organizational structure and strategies in the evolution of industrial enterprises at the theoretical and empirical levels In the second part of the book a series of historical papers examine these issues in a longterm perspective for the United States Japan and several European countries

Developmental Criminology and Its Discontents Robert J. Sampson, John Laub, 2006-10-02 Life course criminology has generated new energy and provoked sharp debate over competing ideas about the fundamental relationship between age and crime A major catalyst for this debate a 2003 American Society of Criminology ASC conference session entitled Age Crime and Human Development The Future of Life Course Criminology chaired by the editors of this issue provided a springboard for this special issue of The Annals With an eye to the future this special issue provides critical debate on patterns of age and crime across the full life course from infancy to late adulthood Criminal career topics such as onset continuation termination and career length are also discussed along with the viability of developmental and taxonomic theories of crime the suitability of existing data archives to test theories and the prospects for marrying longitudinal and experimental studies The distinguished papers that appear in this compelling collection include the full set of presentations from the inaugural Albany Symposium on Crime and Justice Developmental Criminology and Its Discontents Offender Typologies and Trajectories of Crime which took place in April 2005 and built upon the questions raised at the ASC conference session In addition to the revised original papers and commentaries from the Albany symposium this journal also includes never before published responses to the commentaries by each of the papers authors An overview by Alfred Blumstein of the central issues raised at the symposium and a book review essay by Hans J rgen Kerner rounds out the volume and collectively provides a comprehensive representation of the provocative discussion ignited by these intriguing session panels Centered on the fundamental discussions raised by the life course paradigm in criminology this historical issue of The Annals will potentially shape the theoretical and research agenda for years to come It is an essential resource for scholars researchers and practitioners in the fields of criminology sociology psychology criminal justice aging human development and social policy With a diverse set of viewpoints this well rounded and in depth look at age crime and human development is a valuable contribution to existing studies and will serve as a foundation for future research into this lively topic *Advances in Ecological Research* ,1989-11-07 Volume 19 in this prestigious series is the second under the new editorial team and benefits once again from their own special interests The scope of this volume is wide spanning aspects of plant insect interactions and arthropod population dynamics to palaeobotany the evolution of photosynthesis and marine community ecology Of particular topical interest is an article on the impact of rising levels of atmospheric carbon dioxide on tree physiology *Personnel Literature* United States.
