## **Reimagining Social Welfare Beyond The Keynesian Welfare State:**

**Reimagining Social Welfare** James P. Mulvale, 2001 Globalization and the rightward shift in politics in recent years have de legitimated and largely dismantled the Keynesian welfare state that developed in the thirty year period after World War II

**Globalization Unplugged** Peter Urmetzer, 2005-01-01 The debate over economic globalization has reached a fever pitch in the past decade and a half with Western governments and multinational corporations trumpeting its virtues and a multitude of activists and developing world citizens vociferously denouncing it Both sides would agree that globalization is a recent development that is changing the way people and nations do business but in *Globalization Unplugged* Peter Urmetzer questions whether national economies are losing their sovereignty and whether the topic of globalization merits as much discussion as it receives Urmetzer's focus is specifically on Canada and he demonstrates that current levels of trade are not unprecedented and further that as the economy becomes more service oriented it will also become less trade dependent He points out that only a relatively small percentage of Canada's wealth is owned by foreign investors and likewise only a small portion of the country's wealth is located outside of its borders Disputing claims that the nation state is weakening or disappearing altogether Urmetzer shows how the welfare state side of government spending conveniently ignored in the anti globalization literature yet arguably the most significant development in the political economy of the nation state in the twentieth century remains remarkable stable Written with precision and skill *Globalization Unplugged* will spark controversy on both sides of the globalization debate and help deflate the rhetoric of both advocates and detractors

**New Directions in Saskatchewan Public Policy** David McGrane, 2011 In this new scholarly compilation by David P McGrane established and emerging trends in Saskatchewan public policy are the foundation for setting new directions for the province in the 21st century In what direction should Saskatchewan be headed in the 21st century To answer this question academics from various disciplines at the University of Regina and University of Saskatchewan have come together to produce *New Directions in Saskatchewan Public Policy* the first edited book exclusively devoted to public policy in the province with chapters discussing taxation immigration agriculture urban affairs poverty reduction the social economy labour aging Aboriginal public administration and climate change The authors provide an analysis and description of the current policies of the Wall government and also look back to explore what the Romanow and Calvert governments did in these areas The overarching theme of the book is that despite the province's robust economic growth significant public policy challenges remain for the Saskatchewan provincial government The lesson is that economic growth does not magically solve entrenched societal problems and that economic prosperity will dissipate if worrisome social trends are left unchecked While many scholarly books shy away from prescription the authors of this book include sections in their chapters that set out new directions for policy development As such the book not only contains solid analysis of the present policy situation but also offers concrete ideas for future policy makers

**African Education and Globalization** Ali A. Abdi, Korbla P.

Puplambu, George Jerry Sefa Dei, 2006-01-01 Containing both theoretical discussions of globalization and specific case analyses of individual African countries this collection of essays examines the intersections of African education and globalization with multiple analytical and geographical emphases and intentions **Redefining Productivity for Social Development and Well-being** Gloria Rhea Geller, Fiona Douglas, 2007 The dominant market oriented definition of productivity excludes a wide range of human activities With that definition value is often given to activities that may be detrimental to the health and well being of the human population and the natural world Drawing upon a variety of disciplines the authors in this book seek to redefine productivity in terms of social development and well being raising questions about what is produced by whom and to what end and offering recommendations for effective social policy change BOOK JACKET

**Wealth by Stealth** Harry Glasbeek, 2002-10-01 How is it that corporations are able to behave irresponsibly criminally and undemocratically Wealth by Stealth is a scathing introduction to the operations of the modern corporation written by a corporate lawyer Many writers point to the growth of undemocratic corporate power Glasbeek takes these observations further and outlines clearly how corporations become so powerful He also shows how they are able to act without regard to the behaviour and laws governing citizens and other groups Glasbeek is known by generations of students for his brilliant funny lectures at Osgoode Hall Law School With Wealth by Stealth his informative critique of corporate behaviour becomes available and accessible to all At Risk Karen Swift, Marilyn Callahan, 2009-10-10 In At Risk Karen J Swift and Marilyn Callahan examine risk and risk assessment in the context of professional practice in child protection social work and other human services They argue that the tools technologies and practices used to measure risk to the individual have gone unquestioned and unstudied and that current methods of risk assessment may be distorting the principles of social justice Central to this study is an examination of the everyday experiences of workers and parents engaged in risk assessment processes in Canadian child welfare investigations Going beyond theory Swift and Callahan highlight how risk evaluations play out in actual interactions with vulnerable people Pointing out that standardized risk assessment tools do not take factors such as class race gender and culture into account At Risk raises important questions about the viability of risk management plans that are not tailored to individual situations **Basic Income Guarantee and Politics** R. Caputo, 2012-08-06 This exciting and timely collection brings together international and national scholars and advocates to provide historical overviews of efforts to pass basic income guarantee legislation in their respective countries and or across regions of the globe *Retooling the Mind Factory* Alan Sears, 2003-01-01 Alan Sears examines education reform in relation to a broad process of cultural and economic change His book makes the case that education reform is one aspect of a broad ranging neo liberal agenda that aims to push the market deeper into every aspect of our lives by eliminating or shrinking non market alternatives The author begins by showing that advocates of education reform have had to make the case that the current system is not working This sets the ground for an examination of the so called Common Sense Revolution a claim that drastic

change was required to redesign government policies to fit a changing world Lean production methods are a crucial component of this changing world and broader social and cultural change is now required to consolidate the emerging order built on the spread of these methods Education reform is designed to recast the relations of citizenship contributing to the cultural and social change promoted through the social policy of the lean state *Canadian Books in Print. Author and Title Index*, 1975

**Social-démocratie 2.1** Stéphane Paquin, 2016-05-18T00:00:00-04:00 Un pays peut-il avoir une main d'œuvre très syndiquée percevoir des taxes levées et offrir de nombreux programmes sociaux tout en maintenant une croissance économique hors pair surpassant celle des États-nationaux et un niveau de galit sociale exceptionnel Oui c'est la social-démocratie 2.1 et les pays scandinaves en sont les champions Le Québec est l'endroit en Amérique du Nord le plus syndiqué le plus taxé et celui qui offre le plus de services publics il est aussi de plus en plus confronté des choix difficiles en raison du vieillissement de sa population et de la précarité de ses finances publiques Il s'agit d'une situation semblable celle des pays scandinaves qui dans les années 1990 ont entrepris la réforme de leurs systèmes de santé d'éducation et de retraite une réforme si importante en fait que l'on peut réellement parler de social-démocratie 2.1 Comment le Québec se compare-t-il aux pays nordiques Face aux problèmes actuels peut-il vraiment s'inspirer de leurs politiques sociales et économiques Les auteurs de cette seconde édition revue et augmentée de plusieurs nouveaux chapitres spécialistes des sociétés scandinaves et du Québec répondent ces questions de façon claire

**Challenges and Perils** William K. Carroll, Robert Ratner, 2005 The problems of and prospects for a social democratic government in contemporary Canada are explored in this in-depth analysis of governance at the provincial level during the 1990s and the early 21st century Specific attention is paid to the competitive nationalism of the Parti Québécois the pragmatic idealism of the New Democratic Party NDP in Manitoba and the NDP's embrace of Third Way neoliberalism Through five case studies this examination details the constraints of neoliberal globalization and the resulting effects on the governments in different provinces *Canadian Social Work Review*, 2005

**Mondialisation et connectivité** Éric Boulanger, Éric Mottet, Michèle Rioux, 2019-08-21T00:00:00-04:00 La mondialisation un concept autant théorique que réel domine les études en sciences sociales de par la quantité importante d'acteurs concernés les États les firmes internationales et les organisations internationales pour ne nommer que ceux-là L'importance pour eux d'agir de concert pour résoudre des enjeux qui se déroulent très souvent à l'échelle mondiale est une autre des caractéristiques de la mondialisation Ouvertement critique la mondialisation est au cœur de l'étude des chercheuses et chercheurs du Centre d'études sur l'intégration et la mondialisation CEIM qui ont participé à la laboration de ce livre qui se veut un bilan de leurs recherches et un outil d'étude de ce phénomène

**Post-Pandemic Welfare and Social Work** Goetz Ottmann, Carolyn Noble, 2023-08-04 The COVID-19 pandemic represents a critical juncture in the development of the welfare state affirming its importance for its citizens economic health and wellbeing and safety especially for its most vulnerable populations It demonstrated that the crisis preparedness that is crucial for an effective protection of its citizens the ultimate purpose of the welfare state unquestionably exceeds the narrow

horizon of a corporatised welfare industry with its singular focus on the maximisation of profit for the elites and cost containment for the government Social workers need to engage with the contradictions and tensions that spring from underfunded welfare services and engage in the political struggle over a well resourced welfare state Contributors to this book take on this challenge By tracing the various contradictions of the pandemic the contributors reflect on new ways of thinking about welfare by exploring what to keep what to challenge and what to change By highlighting important challenges for a social justice focused response as well as exploring the many challenges exposed by the pandemic facing social work for the coming decades contributors critically outline pathways in social work that might contribute to the shaping of a less cruel and more capable welfare state Using case studies from Indigenous and non Indigenous Australia Italy Slovenia Estonia Sweden Spain South Africa Canada Sri Lanka Zimbabwe China and the United States the book features 19 chapters by leading experts This book will be of interest to all social work scholars students and practitioners as well as those working in social policy and health more broadly Absent Citizens Michael J. Prince, 2009 of the Canadian population Book Jacket

**Dying and Death in Canada** Herbert C. Northcott, Donna M. Wilson (Ph. D.), 2001 Published Under the Garamond Imprint Dying and death reflect the material and social conditions of societies For example dying and death come frequently and early in life in a society where there is widespread poverty In contrast dying and death typically come late in life in a more developed society such as Canada at the beginning of the twenty first century How we live influences how and at what age we die similarly dying is both a personal experience and a social function given shape and meaning by social practices and cultural definitions The bereaved grieve and mourn in both personal and social terms and the meaning assigned to dying and death is both personally and socially constructed This book is written for students who wish to learn about dying and death for practitioners who work with the dying and the bereaved for the dying and the bereaved themselves and for the general public The first part explores the causes of dying and death in Canada both historically and at present The second part examines societal and cultural responses to dying and death and the third part discusses dying and death from the personal points of view of the dying and the bereaved The entire book has been thoroughly revised and updated integrating the most recent theory and literature on death and dying Herb Northcott is Professor of Sociology at the University of Alberta He is the author of *Aging in Alberta* Detselig 2005 Donna M Wilson is in the Faculty of Nursing at the University of Alberta She does extensive clinical work and research on the issue of end of life care *Re-imagining Policing in Canada* Dennis Cooley, 2005-12-15 Policing in Canada is in the process of change similar to other nations in the western world many of the policing services that were provided by public forces in the past are being gradually handed over to private security agencies Complex networks of policing that reflect a mix of public and private security providers are emerging and this transformation has serious implications for how Canadians interact with one another For instance if residents of a gated community or members of a downtown business association pay for their own policing services rather than relying on the

public police whose law is being enforced With this collection Dennis Cooley has brought together some of the top minds in criminology and policing to examine the phenomenon of the changing nature of policing in Canada The essays describe the character and constitution of security in Canada and explore the implications of these changes in terms of larger questions about power social control justice and law Wide ranging and topical Re imagining Policing in Canada will prove essential reading for policy makers and scholars alike      International Encyclopedia of Human Geography ,2019-11-29 International Encyclopedia of Human Geography Second Edition Fourteen Volume Set embraces diversity by design and captures the ways in which humans share places and view differences based on gender race nationality location and other factors in other words the things that make people and places different Questions of for example politics economics race relations and migration are introduced and discussed through a geographical lens This updated edition will assist readers in their research by providing factual information historical perspectives theoretical approaches reviews of literature and provocative topical discussions that will stimulate creative thinking Presents the most up to date and comprehensive coverage on the topic of human geography Contains extensive scope and depth of coverage Emphasizes how geographers interact with understand and contribute to problem solving in the contemporary world Places an emphasis on how geography is relevant in a social and interdisciplinary context      Quill & Quire ,2001
