Reincarnation Manly P. Hall, 1978 The Asian Greek and Native American systems of thought on reincarnation are discussed the theory as interpreted by early Christians the rebirth of plants and animals the idea of soul mates the memory of past lives and the fate of the suicide Reincarnation Manly Palmer Hall, 1971 **Reincarnation** Joel Bjorling, 2013-08-21 First Published in 1996 You may have lived before As a matter of fact you may have experienced countless lifetimes This statement constitutes the basic premise of reincarnation which is also called transmigration and metempsychosis This volume explores the origins and development of the belief of reincarnation *Reincarnation in America* Lee Irwin, 2017-07-31 *Reincarnation in America* An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional **EXPLORING REINCARNATION** Hans TenDam, 2012-12-31 *Exploring Reincarnation* examines the full range of explanations for past life recall This definitive study includes case histories from around the world as well as intriguing theories about the relationship between body and soul from general social beliefs about past lives to detailed questions about karma and past life regression therapy An outstanding introduction to reincarnation from a historical scientific and philosophical point of view *Exploring Reincarnation* is the now classic panorama on reincarnation ideas and experiences **Signs of Reincarnation** James G. Matlock, 2019-06-15 *Signs of Reincarnation* provides the first comprehensive look at the belief in reincarnation and the evidence for past lives from historical records anthropological studies and contemporary research Matlock discusses various ways the evidence may be interpreted and shows that although reincarnation entails a rejection of the materialist notion that consciousness is generated by the brain it does not require the acceptance of any radically new concepts or the abandonment of well established findings in mainstream psychology or biology This book offers students scholars and anyone interested in the possibility of reincarnation an essential grounding in beliefs cases and theory while opening doors for future research into the extension of consciousness beyond our present lives *Perspectives on Reincarnation: Hindu, Christian, and Scientific* Jeffery D.
