Healing Lost Souls William J. Baldwin, 2025-09-12 For two decades William Baldwin has been a pioneer in the ever expanding therapeutic fields of Spirit Release, Past Life Regression and Soul Mind Fragmentation In his Florida practice he uses these therapies routinely to help patients who suffer from Dissociative Trance and Dissociative Identity formerly called Multiple Personality Disorders Healing Lost Souls explains the attributes of each therapy in everyday language and provides dozens of case studies to illustrate its clinical use Likening his work to the ancient practice of shamanism Baldwin has found that psychological disorders are often rooted in past life traumas the interference of attached entities of various origins and the fragmentation of one's soul Baldwin stresses the importance of active patient participation throughout the stages of regression as well as the need to treat encountered entities with respect since they are often mere lost souls as bewildered and frightened as the patients themselves

Are We Immortal? Dr. Dharmdeo N. Singh, 2015-07-06 The answer is yes Am I body or soul When we say it is my body it is my hand it is my car or it is my house etc it means that I own these things including my body So I cannot be these things So I am soul when the soul gets out of the body at the time of death although all its parts are present but nonfunctional Whole body is either cremated or buried which eventually disintegrates Some of us believe in reincarnation or rebirth Dr Ian Stevenson of the Department of Psychology and Neurology University of Virginia has studied three thousand cases as of 1987 from all parts of the world Each one of them said I remember my previous life and verified by Dr Stevenson and published Refer it in my chapter Rebirth Chapter Characteristics of soul It is self exemplified and other quotations from Hindu scriptures The soul to begin with was pure as 24 carat gold But after when it gets in the body of living beings and especially human body it becomes impure due to good and bad actions karma Then it needs to be pure again in order to be immortal For this it needs God's grace prayer meditation and other means to mingle with God as water of Rivers merge with water of sea and become salty water as of the sea

The Revelation (New Revised Edition) Bodo Balsys, 2022-09-06 This book presents basic postulates concerning many esoteric concepts These include the concept of God what constitutes evil the nature and function of karma the manifestation of energy from the subtle planes of perception the nature of manifest Divinity as veiled by the concept of the Christ in the Bible and the mysteries of Being The analysis moves from my earlier Buddhist writings to focus upon the information in the Bible especially in relation to the nature of the reappearance of the Christ which here is equated with the externalisation process of the Hierarchy of Enlightened Being This doctrine concerns the mode of the evolution of transcendent perception by humanity The awakening of higher spiritual perceptions via the enlightenment path and the

understanding of the psychic constitution of the n s and chakras are also explained A syncretic approach is therefore espoused through the comparison between Eastern doctrines and the presented esoteric Christianity In doing so many of the veiled hidden mysteries in the Gospel story and the book of Genesis are revealed The text shows how these religions are but aspects of one fundamental religious evolution of the historical development of what is known in the East as the dharma and in the Western tradition as the Law of God

The Division of Consciousness Peter Novak,1997-05-01 Drawing on mythology psychology religion and science as well as past life regression and near death experiences Peter Novak explores the nuances of what really happens to the soul after death Eastern and Western philosophies have disagreed on this point for centuries After ten years of intensive investigation his conclusions are a ground breaking blend of east and west explaining how this division may have arisen and how it is likely to be resolved

Stumbling Down the Shamanic Path Michèle Burdet,2010-05-06 Stumbling Down the Shamanic Path relates how a spiritual skeptic became a questioner a meditator who avoided gurus an explorer of earth energies and then met the teacher who discerned the shaman sleeping in the spirit of a middle aged alpinist That was only the beginning for pursuit of this new tack offered a new set of hurdles After years of bumpy roads Michle Burdet is today a practitioner of ancient shamanic arts such as soul retrieval and is teaching apprentices to carry on the torch of what she likes to call prehistoric psychotherapy
