Reinventing Jazz An Almost True Story:

Reinventing Jazz Cheri Gerson, 2001-02-01 **True Story** Bill Maher, 2010-05-11 The hilarious and controversial host of HBO's Real Time with Bill Maher's debut novel about the wild and crazy life of the stand up comedian a bawdy rowdy tell all report from the front line Set in New York circa 1979 in the late night neon lit comedy clubs when the comedy boom was just heating up True Story features five would be comics their shticks their chicks their rampant egos These guys are desperate for celebrity desperate for money and what else desperate to get laid Which means they're also required to become road comics shacking up in low rent condos provided by sleazy club owners as the comedy scene spreads to the heartland in the early 80s The result is a hilariously funny novel about the peculiar world of stand up where the ultimate prizes are fame fortune and fornication and the ultimate aspiration is quite simply to be laughed at With perfect pitch delivery in classic sardonic style Maher gives us a bona fide look at these resilient comedians and the scumbag promoters hostile audiences and die hard groupies who make up their warped and twisted world Only Bill Maher could have written True Story And lucky for us he did Because True Story is hilarious It's offensive At times it's even touching So sit back as Maher puts you stage side at the very birth of the comedy boom You'll laugh in all the right places Hey it's a True Story

Visions of Jazz Gary Giddins, 1998 On jazz and jazz players *Seize the Beat* Brian Q. Torff, 2023-01-04 The story of American popular music is steeped in social history race gender and class its evolution driven by ephemeral connection to young audiences From Benny Goodman to Sinatra to Elvis Presley to the Beatles pop icons age out of the art form while new musical styles pass from relevance to nostalgia within a few years At the same time perennial forms like blues jazz and folk are continually rediscovered by new audiences This book traces the development of American music from its African roots to the juke joint club and concert hall revealing a culture perpetually reinventing itself to suit the next generation All Stories Are True Tracie Church Guzzio, 2011-05-17 In All Stories Are True Tracie Church Guzzio provides the first full length study of John Edgar Wideman's entire oeuvre to date Specifically Guzzio examines the ways in which Wideman b 1941 engages with three crucial themes history myth and trauma throughout his career showing how they intertwine Guzzio argues that for four decades the influential African American writer has endeavored to create a version of the African American experience that runs counter to mainstream interpretations using history and myth to confront and then heal the trauma caused by slavery and racism Wideman's work intentionally blurs boundaries between fiction and autobiography myth and history particularly as that history relates to African American experience in his hometown of Pittsburgh Pennsylvania The fusion of fiction national history and Wideman's personal life is characteristic of his style which due to its complexity and smudging of genre distinctions has presented analytic difficulties for literary scholars Despite winning the PEN Faulkner award twice for *Sent for You Yesterday* 1984 and *Philadelphia Fire* 1990 Wideman remains understudied Of particular value is Guzzio's analysis of the many ways in which Wideman alludes to his previous works This intertextuality

allows Wideman to engage his books in direct intentional dialogue with each other through repeated characters images folktales and songs In Wideman s challenging of a monolithic view of history and presenting alternative perspectives to it and his allowing past present and future time to remain fluid in the narratives Guzzio finds an author firm in his notion that all stories and all perspectives have merit *The Penguin Jazz Guide* Brian Morton, Richard Cook, 2010-11-04 The Penguin Guide to Jazz Recordings is firmly established as the world s leading guide to recorded jazz a mine of fascinating information and a source of insightful often wittily trenchant criticism This is something rather different Brian Morton who taught American history at UEA has picked out the 1000 best recordings that all jazz fans should have and shows how they tell the history of the music and with it the history of the twentieth century He has completely revised his and Richard Cook s entries and reassessed each artist s entry for this book The result is an endlessly browsable companion that will prove required reading for aficionados and jazz novices alike It s the kind of book that you ll yank off the shelf to look up a quick fact and still be reading two hours later Fortune Part jazz history part jazz Karma Sutra with Cook and Morton as the knowledgeable urbane wise and witty guides This is one of the great books of recorded jazz the other guides don t come close Irish Times

Writing Jazz Nicholas M. Evans, 2015-12-22 This study examines how early writers of jazz criticism such as Gilbert Seldes and Carl Van Vechten and literature F Scott Fitzgerald and Langston Hughes as well as jazz performers and composers such as Al Jolson Sophie Tucker and George Gershwin associated the music directly with questions about identity racial ethnic national gendered and sexual and with historical developments like industrialization Going beyond the study of melody harmony and rhythm this book s interdisciplinary approach takes seriously the cultural beliefs about jazz that inspired interracial contact moralistic panic bohemian slumming visions of American democracy and much more Detailed textual analysis of fiction nonfiction film and musical performance illustrates the complexity of these cultural beliefs in the 1920s and also shows their survival to the present day In part jazz absorbed the U S cultural imagination due to the nineteenth century artistic search for music that would define the national character To the chagrin of Anglo Saxon nativists jazz ascended as an exemplar of cultural hybridity and pluralism The writers and entertainers studied in this volume most of whom were minorities of Jewish Irish or African heritage hailed the new social possibilities that they heard and felt in jazz Yet most of them also qualified their enthusiasm by remaining wary of both the seductions of jazz s commercialization and the loss of ethnic identity in the melting pot *Unhomely Cinema* Dwayne Avery, 2014-10-15 Representations of troubled and inhospitable domestic places are a common feature of many cinematic narratives Unhomely Cinema explores how the unhomely nature of contemporary film narrative provides an insight into what it means to dwell in today s global societies Providing analyses of a variety of film genres from Michel Gondry s comedy Be Kind Rewind to Laurent Cantet s eerie suspense thriller Time Out Unhomely Cinema presents an engaging discussion of some of the most pertinent social and cultural issues involved in the question of making home in contemporary societies **The Jazz Cadence of American**

Culture Robert G. O'Meally, 1998 *The Jazz Cadence of American Culture* offers a wide range of eloquent statements about the influence of this art form on our world a comprehensive collection of 35 essays speeches and interviews about the impact of jazz on other arts on politics and on the rhythm of everyday life Back cover *Maud Coleno's Daughter* John Dann, 2017-01-24 One woman's transformation from ingénue chorus girl to wealthy Mayfair hostess whilst hiding some dark secrets Dorothy Hartman known to her intimates as Dodo a glamorous society hostess and a successful businesswoman had a hidden past Her missing earlier life had been shrouded in mystery a deceit she deliberately cultivated The love child of a Cockney music hall artiste born in poverty during the Victorian Fin de Siècle Dodo emerged as an attractive West End chorus girl compelled to marry an army officer twice her age during the First World War Her aristocratic second husband disinherited her on his death bed following a string of affairs Dodo's next marriage secured a partnership in Lendrum Hartman the most prestigious transatlantic car dealership in London patronised by royalty including the Princes of Wales and Wallis Simpson Using her theatrical charm Dodo seamlessly moved amongst fashionable society becoming a regular passenger to America during the golden age of sea travel a renowned Mayfair hostess whose guests were drawn from the theatrical world such as Charlie Chaplin Frances Day and Valerie Hobson including business and political circles like Jack Profumo She rode with the Beaufort hunt which included Britain's top wartime spymaster Maud Coleno's *Daughter* contains largely unpublished material about a once well known now forgotten Mayfair hostess who succeeded in a man's world despite disadvantage of birth It throws another perspective on little known aspects of some influential British and American business people involved in the smoke and mirrors world of pre war political espionage set against country house balls and high society The book will appeal to fans of biographies and rags to riches stories *Free as Gods* Charles A. Riley, II, 2017-06-06 Among many art music and literature lovers particularly devotees of modernism the expatriate community in France during the Jazz Age represents a remarkable convergence of genius in one place and period one of the most glorious in history Drawn by the presence of such avant garde figures as Joyce and Picasso artists and writers fled the Prohibition in the United States and revolution in Russia to head for the free wheeling scene in Paris where they made contact with rivals collaborators and a sophisticated audience of collectors and patrons The outpouring of boundary pushing novels paintings ballets music and design was so profuse that it belies the brevity of the era 1918-1929 Drawing on unpublished albums drawings paintings and manuscripts Charles A Riley offers a fresh examination of both canonic and overlooked writers and artists and their works by revealing them in conversation with one another He illuminates social interconnections and artistic collaborations among the most famous Fitzgerald Hemingway Gershwin Diaghilev and Picasso and goes a step further setting their work alongside that of African Americans such as Sidney Bechet Archibald Motley Jr and Langston Hughes and women such as Gertrude Stein and Nancy Cunard Riley's biographical and interpretive celebration of the many masterpieces of this remarkable group shows how the creative community of postwar Paris supported astounding experiments in content and

form that still resonate today The Unknown Pursuit Patrice Chaplin,2019-12-05 Three women arrive in Girona North East Spain to attend a New Age workshop based on the mysteries of that ancient city They have never met before What do they have in common They discover that they are all grandmothers who know little about psychic or spiritual worlds What do they want To keep a good face on things things being quite a lot of difficult issues What do they really want Life change Reclaiming their dreams What do they get The Holy Grail And all they were looking for was a way out of sudden old age Following her classic Girona trilogy The City of Secrets The Portal and The Stone Cradle Patrice Chaplin returns to the enchanted city for a new adventure Many decades have passed since as a teenage traveller seeking a Bohemian lifestyle she stepped across the threshold of the iron bridge and into the hallowed old city Now in her later years she finds herself unexpectedly with two other women of a certain age In the midst of changing lives they are each seeking freedom meaning and truth What they encounter initially is confusion chaos and misunderstanding But will they discover the thing that can reconcile themselves to each other to their lives and to themselves *Louis Armstrong* David Stricklin,2010-04-16 In the twentieth century African Americans not only helped make popular music the soundtrack of the American experience they advanced American music as one of the preeminent shapers of the world s popular culture Vast numbers of black American musicians deserve credit for this remarkable turn of events but a few stand out as true giants David Stricklin s superb new biography explores the life of one of them Louis Armstrong The life story of this great instrumentalist bandleader and entertainer illustrates much of the black entertainer s impact on American culture and illuminates how popular culture often intersects with politics and economics Armstrong emerged from a precarious background and triumphed over almost impossible odds becoming a transcendent public figure and an international icon Mr Stricklin concentrates on Armstrong s musical talent something many observers called a thing of genius But he also pays special attention to Armstrong s identity a black man in America and the ways in which he triumphed over the mistreatment and disrespect dealt countless people like him The creativity and exuberance he shared with the world came from his unique vantage as an artist and as an African American with a striking and lively spirit of freedom He might have been able to demonstrate that determination in any line of work but his story has special urgency because he expressed his creative power through music With 16 black and white photographs *A Biographical Guide to the Great Jazz and Pop Singers* Will Friedwald,2010 An extensive biographical and critical survey of more than 300 jazz and popular singers is comprised of provocative opinionated essays that incorporate the views of peers fans and critics while assessing key movements and genres *Howling Near Heaven* Marcia B. Siegel,2020-03-24 For more than five decades Twyla Tharp has been a phenomenon in American dance a choreographer who not only broke the rules but refused to repeat her own successes Tharp has made movies television specials and nearly one hundred riveting dance works Her dance show Movin Out ran on Broadway for three years and won Tharp a Tony award for Best Choreography *Howling Near Heaven* is the only in depth study of Twyla Tharp s unique restless creativity This second

edition features a new forward that brings the account of Tharp's work up to date and discusses how dance and dance making in the United States have changed in recent years This is the story of a choreographer who refused to be pigeonholed and the dancers who accompanied her as she sped across the frontiers of dance **Northern Sun, Southern Moon** Mike Heffley, 2005-01-01 Until the 1960s American jazz for all its improvisational and rhythmic brilliance remained rooted in formal Western conventions originating in ancient Greece and early Christian plainchant At the same time European jazz continued to follow the American model When the creators of so called free jazz Ornette Coleman Cecil Taylor John Coltrane Albert Ayler Sun Ra Anthony Braxton and others liberated American jazz from its Western ties European musicians found their own distinctive voices and created a vital innovative and independent jazz culture Northern Sun Southern Moon examines this pan Eurasian musical revolution Author and musician Mike Heffley charts its development in Scandinavia Holland England France Italy and especially former East and West Germany He then follows its spread to former Eastern bloc countries Heffley brings to life an evolving musical phenomenon situating European jazz in its historical social political and cultural contexts and adding valuable material to the still scant scholarship on improvisation He reveals a Eurasian genealogy worthy of jazz's well established African and American pedigrees and proposes startling new implications for the histories of both Western music and jazz Jazz Times ,2008 **The Story of Hilton Hotels** Barbara Czyzewska, 2019-11-30 An informative historical analysis of the development of the company as well an engaging narrative about Conrad Hilton illustrating how he constructed a multinational hotel empire Using original data this iconic hotel brand is used as a lens to analyse some of the key theoretical concepts and practices that are used in the industry today **Life Could Be a Dream** Jerry Wasserman, 2025-05-15 In the tumultuous decade following World War II the civil rights movement began transforming Black lives and American society The era also proved momentous for African American popular music new record labels new styles and exciting new sounds in the form of electrified blues combos rhythm and blues shouters and balladeers gospel and doo wop quartets By the late 1950s with rock n roll dominating the American soundscape much of the phenomenal Black music of the postwar decade began to drift into relative obscurity This book brings a remarkable body of African American music excluding jazz back into sharp focus and explores its connections to the socio political dreams of Black America during that period of frustrated hopes and great expectations With close attention to the singers musicians and lyrics in hundreds of recordings from 1946 to 1956 it offers for the first time a detailed examination of four musical genres along the blues continuum blues rhythm blues gospel and secular harmony better known as doo wop Meet the artists and listen to the sounds and themes of Black America in a musically explosive decade Let's Flip the Script Keith Gilyard, 1996-10-01 An inspiring collection of personal essays about education literacy and freedom
