Rejecting The Da Vinci Code:

Rejecting the Da Vinci Code, 2005 *The Da Vinci Deception* Erwin W. Lutzer, 2006 In this book respected bible teacher Erwin Lutzer gives you the facts behind the fiction in his reader friendly accessible style He exposes the myths behind these and other legends uncovers the historical distortions presented in the novel and equips you with the real story behind the story

The Da Vinci Code in the Academy Bradley Bowers, 2009-03-26 As millions of readers worldwide react to Dan Brown's *The Da Vinci Code* so do many scholars The novel has become a proxy debate for two compelling scholarly and social issues of our time the feminist post feminist challenge to patriarchal authority and the textual construction of meaning and value Presenting the feminine as both dominant and sacred brings attention to every text which argues for dominance or divinity Traditional scholars are being challenged to defend their disciplines and practices to reassert the authority of their knowledge base Postmodern scholars are finding an opportunity to explain to the world at large how texts construct meaning and maintain power structures These essays examine resistance to the sacred feminine in religious cultural and literary histories Robert Davis explores the return of the goddess to academic and popular discussions Deanna Thompson examines the apocryphal evidence brought into the debate by the novel Rachel Wagner looks at the larger issue of postmodern textual authority and how Brown's novel has brought Biblical interpretation to popular awareness Arlette Poland reviews current feminist and academic thinking on textual versus spiritual authority regarding the feminine divine Other essays identify the elusive and misunderstood sacred feminine in religion and literature in church teachings and practices in the variant Grail stories in the mystery genre itself Together these essays place the reaction to these issues into broader social and contemporary contexts

Outsider Theory Jonathan Eburne, 2018-09-18 A vital and timely reminder that modern life owes as much to outlandish thinking as to dominant ideologies What do the Nag Hammadi library Dan Brown's *The Da Vinci Code* speculative feminist historiography Marcus Garvey's finances and maps drawn by asylum patients have in common Jonathan P Eburne explores this question as never before in *Outsider Theory* a timely book about outlandish ideas Eburne brings readers on an adventure in intellectual history that stresses the urgency of taking seriously especially in an era of fake news ideas that might otherwise be discarded or regarded as errant unfashionable or even unreasonable Examining the role of such thinking in contemporary intellectual history Eburne challenges the categorical demarcation of good ideas from flawed wild or bad ones addressing the surprising extent to which speculative inquiry extends beyond the work of professional intellectuals to include that of nonprofessionals as well whether amateurs unfashionable observers or the clinically insane Considering the work of a variety of such figures from popular occult writers and gnostics to so called outsider artists and pseudoscientists Eburne argues that an understanding of its circulation and recirculation is indispensable to the history of ideas He devotes close attention to ideas and texts usually omitted from or marginalized within orthodox histories of literary modernism critical theory and continental philosophy yet which have long garnered the critical attention of specialists in

religion science studies critical race theory and the history of the occult In doing so he not only sheds new light on a fascinating body of creative thought but also proposes new approaches for situating contemporary humanities scholarship within the history of ideas However important it might be to protect ourselves from bad ideas Outsider Theory shows how crucial it is for us to know how and why such ideas have left their impression on modern day thinking and continue to shape its evolution

The Truth Behind the Da Vinci Code Richard Abanes,2004 Discusses many of the controversial assertions in The Da Vinci Code and compares unsupported claims in the novel to documented historical facts and events

Feminism and Christianity Caryn D Riswold, 2011-05-26 Why should feminists care about Christianity? Why should Christians care about feminism? In *Feminism and Christianity* Riswold presents a collection of concise answers to basic questions like these in order to generate discussion about how the two can challenge each other and can even work together in the twenty-first century. Situated firmly in the third wave of feminist activism and scholarship as well as in contemporary Christian theology, Riswold addresses issues such as race, class, gender, and sexuality with an affirmation of tradition alongside a push for change. This book is an opportunity for Christians to gain a fuller understanding of feminism moving beyond stereotypes and assumptions and into history and contemporary society. Simultaneously, this book is an opportunity for feminists to understand the ongoing relevance of a religion whose social power and core commitments can contribute to a vision of a just human community.

Cold Calling for Cowards - How to Turn the Fear of Rejection Into Opportunities, Sales, and Money Jerry Hocutt, 2007-01-03 Cold calling sucks. Those three words landed my job at the Seattle Fortune 1000 company. Within minutes on my first interview, the sales manager asked me, "What do you think about cold calling?" Waiting for him to wipe the surprised look off his face, I added, "But I'm one of the best you'll ever see doing it." I went on to set company records by becoming their #1 salesman in the nation for three years. Does cold calling work? Yes. Do you have to like doing it? No. You could sell to anyone if you could just get in front of them first. Here are just three of the many techniques you will learn for how to get in front of them: Create the courage to call by being a coward; *semper paratus*. Make 3,800 cold calls this year, spending 6 minutes per day. Make your voicemail jail break. As over 150,000 people who have attended my seminars will tell you, I don't teach theory; I teach simple things that produce good results. Jerry Hocutt is the Zen master of cold calls. Los Angeles Times.

The Decline of the Secular University C. John Sommerville, 2006-06-29 The American university has embraced a thorough secularism that makes it increasingly marginal in a society that is characterized by high levels of religious belief. The very secularization that was supposed to be a liberating influence has resulted in the university's failure to provide leadership in political, cultural, social, and even scientific arenas. In *The Decline of the Secular University*, C. John Sommerville explores several different ways in which the secular university fails in its mission through its trivialization of religion. He notes how little attention is being given to defining the human so crucial in all aspects of professional education. He alerts us to problems associated with the prevailing secular distinction between facts and values. He reviews how the elimination of religion hampers the university from understanding our post-Cold War world. Sommerville then shows how a greater awareness of the intellectual resources of religion might stimulate more forthright attention to important matters like our loss of a sense of history, how to problematize secularism, the issue of judging religions, the oddity of academic moralizing, and the strangeness of science at the frontiers. Finally, he invites the

reader to imagine a university where religion is not ruled out but rather welcomed as a legitimate voice among others

Sommerville's bracing and provocative arguments are sure to provoke controversy and stimulate discussion both inside and outside the academy

Media & Entertainment Law 2/e Ursula Smartt, 2014-03-21 Media and Entertainment Law presents a contemporary analysis of the law relating to the media and entertainment industry both in terms of its practical application and its theoretical framework. It provides a clear, current and comprehensive account of this exciting subject. Fully updated and revised, this second edition is one of the first texts to contain a full analysis of the Leveson Inquiry and the implications for our press and media that are arising from it. The new edition contains a new chapter analysing the Defamation Act 2013, the Digital Economy Act 2010 which aimed to toughen up against copyright infringement online and has been subject to parliamentary review since coming into power, and the liability of internet service providers including recent cases such as *Tamiz vs Google* 2012 which goes some way to define the extent to which an ISP may or may not be found liable for their bloggers' content. With integrated coverage of Scots and Northern Irish law, Media and Entertainment Law also highlights comparisons with similar overseas jurisdictions such as with the liability of ISPs where there are differences in both US and European law in order to help students demonstrate an awareness of media laws which may then influence UK legislation. Looking at key aspects such as TV and radio broadcasting, the print press, the music industry, online news and entertainment and social networking sites, this text provides detailed coverage of the key principles, cases and legislation as well as a critical analysis of regulatory bodies such as OFCOM and the new regulator for the UK's newspapers and magazines and online editions, the Independent Press Standards Organisation (IPSO). The text also provides the most comprehensive and up-to-date coverage of the law relating to Intellectual Property law for the entertainment industry with recent changes in EU law relating to performers' rights. Faith, Love, and Mercy Richard R. Roach, 2015-10-15 *Faith, Love, and Mercy* is a selection from the weekly homilies of noted moral theologian and pastor Fr Richard Roach SJ who retired from university teaching to lead a small island parish in his last decade. His theologically rigorous yet accessible writing reflects decades-long contemplation on the significance of Catholic identity in our modern era. Combining deep-rooted wisdom with vigorous prose, the homilies prompt the reader's own reflection on what it is to live the faith daily in a distracting and uncomprehending world. Prominent themes include God's merciful love, differences between Catholicism and Protestantism, spiritual temptations in the contemporary culture, the sources of authority, faith and reason, the Real Presence, secular ideologies and anti-Catholicism, humility, redemptive suffering, the true meaning of repentance, perseverance and providence. Over a long ministry devoted to the Jesuit ideal, Fr Roach strengthened or awakened the faith of many. It is also hoped that this book, combining theological vision with pastoral concern, occasions serious meditation on one's own journey with God. Recommended as a helpful source for students, scholars, clergy and laypersons interested in Catholic doctrine, homiletics and liturgy
