Relationships Between Women In Later Life:

Relationships Between Women in Later Life Karen A. Roberto, 1996 Relationships Between Women in Later Life makes a significant contribution to the literature available on older women through its recognition of the diversity that exists among older women and of the different types of social and familial bonds that characterize their individual lifestyles From the book s cross sectional and longitudinal studies you will broaden your understanding of the roles older women assume in their relationships and the unique health personal and social issues they face By reading Relationships Between Women in Later Life you will acquire an understanding of traditional female relationships such as those that exist between mother and daughter and grandmother and granddaughter and how they develop and as time passes You will also gain important insight into the relationships between lesbians in later life between Catholic sisters and between women in structured environments such as nursing homes In addition if you are a social worker nurse gerontologist or researcher you will enhance your theoretical understanding and practical knowledge of both informal and formal ties and relationships among women in their later years The authors of Relationships Between Women in Later Life come from a variety of academic backgrounds including Gerontology Family Studies and Human Development Social Work Anthropology and Nursing to offer a broad perspective on the different aspects of women s relationships their social networks and the factors that shape the development and maintenance of the two They present new data on the various components of women s relationships and make helpful recommendations for future research and practice considerations This book will be of great service to academics researchers graduate students and counselors in their efforts to better understand and better serve the fastest growing segment of today s population **HIV, Sex and Sexuality in Later Life** Mark Henrickson, Casey Charles, Shiv Ganesh, Sulaimon Giwa, Kan Diana Kwok, Tetyana Semigina, 2024-05-21 Drawing on international perspectives and research this book explores the experiences of sex and sexuality in individuals and groups living with HIV in later life 50

Fundamentals of Feminist Gerontology J. Dianne Garner, 1999 Fundamentals of Feminist Gerontology strives to increase women s self esteem and their overall quality of life by encouraging education and putting a stop to age sex and race discrimination As a student or professional in psychology social work or gerontology you will learn about feminist conceptions of retirement economic issues psychological issues and social issues and you will explore studies on old age discrimination and devaluation and sexism toward women in Western societies to gain an understanding of the experiences of older Western women This book also shows how some women are experiencing empowerment through alternative health care such as mind body therapies homeopathy aromatherapy and herbal medicine Fundamentals of Feminist Gerontology will provide you with the tools to offer effective therapy to women to help them improve their own lives **Self and Identity Through the Life Course in Cross-Cultural Perspective** Timothy J Owens, 2000 This volume represents a new name and a new focus for its predecessor Current Perspectives on Aging and the Life Cycle volumes 1 4 We begin our new series now

titled *Advances in Life Course Research* with volume 5 Its statement of purpose is the publication of theoretical analyses reviews policy analyses and positions and theory based empirical papers on issues involving all aspects of the human life course It adopts a broad conception of the life course and invites and welcomes contributions from all disciplines and fields of study interested in understanding describing and predicting the antecedents of and consequences for the course that human lives take from birth to death within and across time and cultures construed in its broadest sense regardless of methodology theoretical orientation or disciplinary affiliation *Gender And Ageing: Changing Roles And Relationships* Arber,

Sara, Davidson, Kate, Ginn, Jay, 2003-11-01 This text emphasizes changing gender roles and relationships gender identity and an examination of masculinities in midlife and later life It covers the need to reconceptualize partnership status in order to understand the implications of both widowhood and divorce for older women and men **Women's Anger** Deborah

Cox, Sally Stabb, Karin Bruckner, 2016-03-23 First published in 2000 *Women's Anger* brings together in an integrated presentation of anger over the lifespan theoretical understandings clinical experiences empirical research and the lived experience of anger for women and girls *Women's Anger* offers a combined focus of feminist and developmental perspectives on anger the psychology of emotion and applied theory It also focuses on the adaptive and functional aspects of women's anger rather than on the traditional psychopathology based models The reader will be introduced to several clinical illustrations from actual clients as well as to personal accounts of women and girls talking about their own perspectives on anger **Family Ties and Aging** Ingrid Arnet Connidis, 2001-06-19 This book presents a wealth of information on family

ties and aging and would be a good text for undergraduates Victor G Cicirelli Purdue University Overall the book is really very good All the chapters are excellent impressive in its breadth and depth There is nothing like it on the market and I predict that it will be widely adopted Sarah Matthews Cleveland State University I am very excited about this book I believe it will fill a crucial niche in the field of gerontology There have been a few slim textbooks on family and aging issues in the past but none as comprehensive as this one There are many attractive features excellent coverage of diversity in family experiences according to racial ethnic and sexual orientation group membership indication of diversity of family and aging experiences according to socioeconomic class many useful examples of critical thinking section introductions and summaries that serve as useful learning tools I like the fact that U S and Canadian data are intertwined I think it will give students a broader perspective of the world than they typically get from textbooks Rosemary Blieszner Virginia Polytechnic Institute State University The book is written in a style that is easy to read and presents details carefully but without tedium It would be appropriate for an advanced undergraduate course or a graduate course I enjoyed reading this book This is a topic I am interested in and I think the author did a nice job of communicating both the old and the new the traditional and the nontraditional issues of importance in the study of the family Toni Antonucci University of Michigan This book examines the vast range of information about the many facets of family relationships and aging and compiles it into a critical

comprehensive and integrated whole providing an integrated and thorough representation of the field **Psychology of Aging** Brian P. Yochim, Erin L.
