Psychoanalytic Theory for Social Work Practice Marion Bower, 2004-08-02 It gives me great pleasure to write a preface for this book which I hope will make

a significant contribution to the further development of social work in Britain and other countries. In past decades, the question of professional registration was often a subject of heated debate between those who were convinced of its need if social work was to establish itself within the multidisciplinary professional field and those who were not.
