Relevant War Against Poverty Jeannette Hopkins, 1969 Evaluation of community development and social welfare programmes for social change and the eradication of poverty in the USA with particular reference to the Black minority group analyses the political implications of the war on poverty and its effects on social participation urban area ghetto political leadership social status of negroes racial discrimination social movements for human rights educational and social services employment services etc together with a summary and conclusions *Examination of the War on Poverty* United States. Congress. Senate. Committee on Labor and Public Welfare. Subcommittee on Employment, Manpower, and Poverty, 1967 **Relevant War Against Poverty** Kenneth Bancroft Clark, 1969 *The War on Poverty* Annelise Orleck, Lisa Gayle Hazirjian, 2011 Lyndon Johnson's War on Poverty has long been portrayed as the most potent symbol of all that is wrong with big government Conservatives deride the War on Poverty for corruption and the creation of poverty pimps and even liberals carefully distance themselves from it Examining the long War on Poverty from the 1960s onward this book makes a controversial argument that the programs were in many ways a success reducing poverty rates and weaving a social safety net that has proven as enduring as programs that came out of the New Deal The War on Poverty also transformed American politics from the grass roots up mobilizing poor people across the nation Blacks in crumbling cities rural whites in Appalachia Cherokees in Oklahoma Puerto Ricans in the Bronx migrant Mexican farmworkers and Chinese immigrants from New York to California built social programs based on Johnson's vision of a greater more just society Contributors to this volume chronicle these vibrant and largely unknown histories while not shying away from the flaws and failings of the movement including inadequate funding co-optation by local political elites and blindness to the reality that mothers and their children made up most of the poor In the twenty first century when one in seven Americans receives food stamps and community health centers are the largest primary care system in the nation the War on Poverty is as relevant as ever This book helps us to understand the turbulent era out of which it emerged and why it remains so controversial to this day

Launching the War on Poverty Michael L. Gillette, 2010-07-09 Head Start Job Corps Foster Grandparents College Work Study VISTA Community Action and the Legal Services Corporation are familiar programs but their tumultuous beginning has been largely forgotten Conceived amid the daring idealism of the 1960s these programs originated as weapons in Lyndon Johnson's War on Poverty an offensive spearheaded by a controversial new government agency Within months the Office of

Economic Opportunity created an array of unconventional initiatives that empowered the poor challenged the established order and ultimately transformed the nation's attitudes toward poverty In *Launching the War on Poverty* historian Michael L. Gillette weaves together oral history interviews with the architects of the Great Society's boldest experiment Forty nine former poverty warriors including Sargent Shriver Adam Yarmolinsky and Lawrence F O'Brien recount this inside story of unprecedented governmental innovation The interviews capture the excitement and heady optimism of Americans in the 1960s along with their conflicts and disillusionment This new edition of *Launching the War on Poverty* adds the voice of Lyndon Johnson to the story with excerpts from his recently released White House telephone conversations In these colorful and brutally candid conversations LBJ exercises his full arsenal of presidential powers political leverage and legendary persuasiveness to win one of his most difficult legislative battles The second edition also documents how the OEO's offspring survived their volatile origins to become broadly supported features of domestic policy *Research in Education* ,1972-05

Examination of the War on Poverty: Washington, D.C., March 13, 15, 16, and 17, 1967 United States. Congress. Senate. Committee on Labor and Public Welfare. Subcommittee on Employment, Manpower, and Poverty,1967

Negotiators of Change Nancy Shoemaker,2012-11-12 *Negotiators of Change* covers the history of ten tribal groups including the Cherokee Iroquois and Navajo as well as tribes with less known histories such as the Yakima Ute and Pima Maricopa The book contests the idea that European colonialization led to a loss of Native American women's power and instead presents a more complex picture of the adaption to and subversion of the economic changes introduced by Europeans The essays also discuss the changing meanings of motherhood women's roles and differing gender ideologies within this context

A People's War on Poverty Wesley G. Phelps,2014 Phelps investigates the on the ground implementation of President Lyndon Johnson's War on Poverty during the 1960s and 1970s and argues that the fluid interaction between federal policies urban politics and grassroots activists created a significant site of conflict over the meaning of American democracy *Resources in Education* ,1983-10 *Native Activism in Cold War America* Daniel M. Cobb,2008 Broadens the scope and meaning of American Indian political activism by focusing on the movement's early and largely neglected struggles revealing how early activists exploited Cold War tensions in ways that brought national attention to their issues

Brownsville, Brooklyn Wendell E. Pritchett,2002-02-15 Although bats and dolphins live in very different environments are vastly different in size and hunt different kinds of prey both groups have evolved similar sonar systems known as echolocation to locate food and navigate the skies and seas While much research has been conducted over the past thirty years on echolocation in bats and dolphins this volume is the first to compare what is known about echolocation in each group to point out what information is missing and to identify future areas of research Echolocation in Bats and Dolphins consists of six sections mechanisms of echolocation signal production the anatomy and physiology of signal reception and

interpretation performance and cognition ecological and evolutionary aspects of echolocation mammals theoretical and methodological topics and possible echolocation capabilities in other mammals including shrews seals and baleen whales

book cover **The "Underclass" Debate** Michael B. Katz, 2018-06-05 Do ominous reports of an emerging underclass reveal an unprecedented crisis in American society Or are social commentators simply rediscovering the tragedy of recurring urban poverty as they seem to do every few decades Although social scientists and members of the public make frequent assumptions about these questions they have little information about the crucial differences between past and present By providing a badly needed historical context these essays reframe today's underclass debate Realizing that labels of social pathology echo fruitless distinctions between the deserving and undeserving poor the contributors focus not on individual and family behavior but on a complex set of processes that have been at work over a long period degrading the inner cities and inevitably the nation as a whole How do individuals among the urban poor manage to survive How have they created a dissident infrapolitics How have social relations within the urban ghettos changed What has been the effect of industrial restructuring on poverty Besides exploring these questions the contributors discuss the influence of African traditions on the family patterns of African Americans the origins of institutions that serve the urban poor the reasons for the crisis in urban education the achievements and limits of the War on Poverty and the role of income transfers earnings and the contributions of family members in overcoming poverty The message of the essays is clear Americans will flourish or fail together

Thinking Small Daniel Immerwahr, 2015 Winner of the Merle Curti Award in Intellectual History Organization of American Historians Co Winner of the Society for U S Intellectual History Book Award Thinking Small tells the story of how the United States sought to rescue the world from poverty through small scale community based approaches And it also sounds a warning such strategies now again in vogue have been tried before with often disastrous consequences Unfortunately far from eliminating deprivation and attacking the social status quo bottom up community development projects often reinforced them This is a history with real stakes If that prior campaign's record is as checkered as Thinking Small argues then its intellectual descendants must do some serious rethinking How might those in twenty first century development and anti poverty work forge a better path They can start by reading Thinking Small

Merlin Chowkwanyun Boston Review As the historian Daniel Immerwahr demonstrates brilliantly in Thinking Small the history of development has seen constant experimentation with community based and participatory approaches to economic and social improvement Immerwahr's account of these failures should give pause to those who insist that going small is always better than going big
