Religion and Devotion in Europe, C.1215- C.1515 Robert Norman Swanson,1995-06-29 Underlying the discussion are basic questions about the format of medieval religious experience ranging from the nature of authority to the relationship between priests and laity and how far it is actually possible to talk of a monolithic catholicism *Religion and Devotion in Europe, C.1215-c.1515* Robert Norman Swanson,1995 This is the first one volume survey in English of religion and devotion in Europe between the fourth and fifth Lateran councils Intended primarily as a student textbook it provides essential background for a proper appreciation of medieval western society Avoiding the history of institutional structures the book concentrates on the spirituality which the medieval church sought to promulgate and control After an outline of the basic beliefs of catholicism in the period there follows a series of thematic chapters which detail and analyse the nature and significance of various manifestations of religious concern Underlying the discussion are basic questions about the format of medieval religious experience ranging from the nature of authority to the relationship between priests and laity and how far it is actually possible to talk of a monolithic catholicism The book also responds to recent historiographical debates about whether there was a divorce between elite and popular religion whether medieval catholicism was deep rooted or superficial and the relationship between catholicism and other Christianities and non Christian faiths **Religion and Devotion in Europe, c.1215- c.1515** Robert N. Swanson,1995-06-29 This is the first one volume survey in English of religion and devotion in Europe between 1215 and 1515 Intended primarily as a student textbook it provides essential background for a proper appreciation of medieval Western society Avoiding the history of institutional structures the book concentrates on the spirituality that the medieval Church sought to promulgate and control Its thematic structure provides accessible surveys of major themes and addresses recent debates about key aspects of medieval Catholicism **Teach Us to Pray** Katharine Mahon,2019-04-01 The study of liturgical reform is usually undertaken through a close examination of liturgical texts In order to consider the impact of reform on the worship life of Christians Katharine Mahon takes a wider view of liturgy by considering the worship practices of Christian churches beyond what appears in the rites themselves Looking at how Christians were taught how to pray and instructed in liturgical and sacramental participation Mahon explores the late medieval patterns of Christian ritual formation and the transformation of these patterns in the sixteenth century reforms of Martin Luther Thomas Cranmer and Roman Catholic leaders She uses the Lord s Prayer the backbone of medieval lay catechesis liturgical participation and private prayer to paint a panorama of medieval ritual formation integrated into the life of the church in the fourteenth and fifteenth centuries She then follows the disintegration and reconstruction of that system of formation through the changing functions of the Lord s Prayer in the official reforms of catechesis liturgy and prayer in the sixteenth century [Encyclopedia of Christian Education](#) George Thomas Kurian,Mark A. Parish Churches in the Early Modern World Andrew Spicer, 2016-12-05 Across Europe the parish church has stood for centuries at the centre of local communities it was the focal point of its religious life the rituals performed there marked the stages of life from the cradle to the grave Nonetheless the church itself artistically and architecturally stood apart from the parish community It was often the largest and only stone built building in a village it was legally distinct being subject to canon law as well as consecrated for the celebration of religious rites The buildings associated with the cure of souls were sacred sites or holy places where humanity interacted with the divine In spite of the importance of the parish church these buildings have generally not received the same attention from historians as non parochial places of worship This collection of essays redresses this balance and reflects on the parish church across a number of confessions Catholic Lutheran Reformed and Anti Trinitarian during the early modern period Rather than providing a series of case studies of individual buildings each essay looks at the evolution of parish churches in response to religious reform as well as confessional change and upheaval They examine aspects of their design and construction furnishings and material culture liturgy and the use of the parish church While these essays range widely across Europe the volume also considers how religious provision and the parish church were translated into a global context with colonial and commercial expansion in the Americas and Asia This interdisciplinary volume seeks to identify what was distinctive about the parish church for the congregations that gathered in them for worship and for communities across the early modern world

Pepysian Meditations on the Passion of Christ Mayumi Taguchi, Yoko Iyeiri, 2019-05-07 The Middle English prose *Pepysian Meditations on the Passion of Christ* PMPC survives uniquely in

Cambridge Magdalene College MS Pepys 2125 and has not previously been published It is one of several Middle English translations of the Passion sequence of the pseudo Bonaventuran Latin *Meditationes Vitae Christi* MVC This part of the MVC circulated independently and in this form is known in modern scholarship as the *Meditationes de Passione Christi* MPC The editors argue that although the Middle English version in Pepys 2125 followed the model of the MPC it is probable that the translation derives directly from a recension of the MPC Although the translator handles the original with a degree of freedom the text is not indebted to other sources The Introduction includes an extensive description of the manuscript which is a late medieval devotional miscellany and a detailed account of the language of the PMPC It also addresses the textual tradition out of which the PMPC grew and the work of the translator The edited text is followed by a commentary glossary and bibliography

The Construction of Martyrdom in the English Catholic Community, 1535-1603 Anne Dillon, 2017-03-02 Between 1535 and 1603 more than 200 English Catholics were executed by the State for treason Drawing on an extraordinary range of contemporary sources Anne Dillon examines the ways in which

these executions were transformed into acts of martyrdom Utilizing the reports from the gallows the Catholic community in England and in exile created a wide range of manuscripts and texts in which they employed the concept of martyrdom for propaganda purposes in continental Europe and for shaping Catholic identity and encouraging recusancy at home Particularly potent was the derivation of images from these texts which provided visual means of conveying the symbol of the martyr Through an examination of the work of Richard Verstegan and the martyr murals of the English College in Rome the book explores the influence of these images on the Counter Reformation Church the Jesuits and the political intentions of English Catholics in exile and those of their hosts *The Construction of Martyrdom in the English Catholic Community 1535-1603* shows how Verstegan used the English martyrs in his *Theatrum crudelitatum* of 1587 to rally support from Catholics on the Continent for a Spanish invasion of England to overthrow Elizabeth I and her government The English martyr was Anne Dillon argues as much a construction of international political rhetoric as it was of English religious and political debate an international Catholic banner around which Catholic European powers were urged to rally ***For the Common Good*** Jeanne Grant, 2014-10-23 In *For the Common Good The Bohemian Land Law and the Beginning of the Hussite Revolution* Jeanne E Grant presents an interpretation of the mentality of leading nobles within the Czech kingdom to understand their political actions in the Hussite Revolution The nobles viewpoint derived from a confluence of legal political and religious ideas Analyzing these ideas in the law book written by Ondřej z Dubí manifestos and political documents Jeanne E Grant shows that both Hussite and Catholic representatives of the kingdom who participated in the revolution adhered to consistent and widespread conceptions of their relationship to the kingdom crown and king that compelled them to defend the common good as they understood it ***A Sociological History of Christian Worship*** Martin D. Stringer, 2005-07-14 In this book the 2000 year history of Christian worship is viewed from a sociological perspective Martin Stringer develops the idea of discourse as a way of understanding the place of Christian worship within its many and diverse social contexts Beginning with the Biblical material the author provides a broad survey of changes over 2000 years of the Christian church together with a series of case studies that highlight particular elements of the worship or specific theoretical applications Stringer does not simply examine the mainstream traditions of Christian worship in Europe and Byzantium but also gives space to lesser known traditions in Armenia India Ethiopia and elsewhere Offering a contribution to the ongoing debate that breaks away from a purely textual or theological study of Christian worship this book provides a greater understanding of the place of worship in its social and cultural context ***The Devil's World*** Andrew Roach, 2014-01-09 Exploring the relationship of heresy dissent and society in the 12th and 13th Centuries *The Devil's World* shows how people made conscious choices between heresy and orthodoxy in the middle ages and were not afraid to exert their power as consumers of religion The book gives an account of all popular religious movements looks at the threat that heresy presented to the Church and lay powers and considers the measures they took to deal with it Ideal for students of medieval and religious history ***Not Sure*** John D.

Suk, 2011-09-02 In 2002 while touring North America with his wife in an RV John Suk lifelong Christian longtime pastor and noted leader in the Christian Reformed Church experienced a crippling crisis of faith He emerged from that dark time with a strange new gift doubt In Not Sure Suk takes readers on an eyes wide open deeply personal voyage through the past and present of Christian belief reexamining Christian faith in his own life and in fifteen centuries of Christian history through a skeptic's eyes He exposes major pitfalls of modern Christian movements and questions what he considers to be faulty paradigms the personal relationship with Jesus the health and wealth gospel and traditional ethnicity based belief systems In the end he is left clinging to what is for him a truer wiser kind of faith in Jesus Christ faith that struggles and lives with doubt
