Religion And Politics In America Faith Culture And Strategic Choices:

Religion and Politics in America Allen D. Hertzke, Laura R. Olson, Kevin R. den Dulk, Robert Booth Fowler, 2018-08-06

Religion and politics are never far from the headlines but their relationship remains complex and often confusing This book offers an engaging accessible and balanced treatment of religion in American politics It explores the historical cultural and legal contexts that motivate religious political engagement and assesses the pragmatic and strategic political realities that religious organizations and people face Incorporating the best and most current scholarship the authors examine the evolving politics of Roman Catholics evangelical and mainline Protestants African American and Latino traditions Jews Muslims and other religious minorities recent immigrants and religious nones and other conventional and not so conventional American religious movements New to the Sixth Edition Covers the 2016 election and assesses the role of religion from Obama to Trump Expands substantially on religion s relationship to gender and sexuality race ethnicity and class and features the role of social media in religious mobilization Adds discussion questions at the end of every chapter to help students gain deeper understanding of the subject Adds a new concluding chapter on the normative issues raised by religious political engagement to stimulate lively discussions

Religion and Politics in America Robert Booth Fowler, 2018-05-04

this book focuses on religion and politics and the dynamic interactions between them It helps to understand the politics of religion in the United States and to appreciate the strategic choices that politicians and religious participants make when they participate in politics

Religion and Politics in America Robert Booth Fowler, 2010-11 Religion and politics are never far from the headlines but their relationship remains complex and often confusing Religion and Politics in America offers a lively accessible and balanced treatment of religion in American politics The authors explore the historical cultural and legal contexts that underlie religious political engagement while also highlighting the pragmatic and strategic political realities that religious organizations and people face today Incorporating up to date scholarship and analysis of voting behavior through the 2008 elections the fourth edition assesses the politics of conventional and not so conventional American religious movements Features include contemporary case studies useful focus study boxes and timely discussions of Islam Latinos international affairs and political culture

Religion And Politics In America Robert Booth Fowler, Allen D

Hertzke, Laura Olson, 1999-01-07 Every day we hear more about the key role religion plays in American politics But exactly what is the relationship in the United States between religious belief and practice and the exercise of politics Should we be alarmed or encouraged by the contemporary situation And what are the historical and cultural roots of religious activism In the revised and updated second edition of this accessible and engaging survey Robert Booth Fowler Allen D Hertzke and Laura R Olson provide a lively and straightforward treatment of the politics of religion in American public life today They provide the historical context the broader sociological aspects of religion and politics and the range of strategic choices open to different religious actors enabling the reader to reach informed and balanced judgments about these controversial issues

The authors offer a balanced and wide ranging text They honor both behavioral and philosophical approaches to the study of religion in society they dismiss neither conservative cultural values nor liberal demands for social justice The book is driven not by ideology or any grand schemes but rather by the desire to provide reliable knowledge about religion and politics on a careful case by case basis that will enable students to understand today s developments and to adapt to those of tomorrow From the presidency to the courts from local school battles to congressional debates from public opinion and voting behavior including the 1996 elections to the shaping of culture this text provides a window to the contemporary scene It assesses the politics of Roman Catholics evangelical Protestants liberal Protestants and Jews It also examines important but often neglected subjects such as women and religion African American religion Islam less traditional faiths and cults Arguing that religion and politics are much more than institutions and political behavior Fowler Hertzke and Olson emphasize the roles of values and attitudes in social and cultural patterns and in conflicts and agreements lived out day to day in communities Well written evenhanded and consistently generous in its treatment of opposing views Religion and Politics in America is now the ideal text introduce students to the volatile mix of politics and religion in the late twentieth century and beyond

Religion And Politics In America, Robert Booth Fowler, Allen D. Hertzke, 2004-08-06 Religion and politics are never far from the headlines but their relationship remains complex and often confusing In this significantly revised third edition of Religion and Politics in America the authors offer an accessible and balanced treatment of religion in American politics They explore the historical cultural and legal contexts that underlie religious engagement while also highlighting the pragmatic and strategic political realities that religious organizations and people face Incorporating the best and most up to date scholarship the authors assess the politics of Roman Catholics evangelical mainline and African American Protestants Jews Muslims and other conventional and not so conventional American religious movements The work examines important subjects concerning religion and its relationship to gender race and class The treatment of recent voting behavior provides an in depth understanding for students of how religion and politics relate in practice These core topics along with specific contemporary case studies useful focus study boxes and new emphases on Islam Latinos international affairs and popular culture further enhance this third edition for courses in political science religion and sociology departments

Evangelicalism Richard Kyle, 2017-09-20 Most forms of religion are best understood in the context of their relationship with the surrounding culture This may be particularly true in the United States Certainly immigrant Catholicism became Americanized mainstream Protestantism accommodated itself to the modern world and Reform Judaism is at home in American society In Evangelicalism Richard Kyle explores paradoxical adjustments and transformations in the relationship between conservative Protestant Evangelicalism and contemporary American culture Evangelicals have resisted many aspects of the modern world but Kyle focuses on what he considers their romance with popular culture Kyle sees this as an Americanized Christianity rather than a Christian America but the two are so intertwined that it is difficult to discern the difference between them

Instead in what has become a vicious self serving cycle Evangelicals have baptized and sanctified secular culture in order to be considered culturally relevant thus increasing their numbers and success within abundantly populous and populist driven American society In doing so Evangelicalism has become a middle class movement one that dominates America s culture and unabashedly populist Many Evangelicals view America as God s chosen nation thus sanctifying American culture consumerism and middle class values Kyle believes Evangelicals have served themselves well in consciously and deliberately adjusting their faith to popular culture Yet he also thinks Evangelicals may have compromised themselves and their future in the process so heavily borrowing from the popular culture that in many respects the Evangelical subculture has become secularism with a light gilding of Christianity If so he asks can Evangelicalism survive its own popularity and reaffirm its religious origins or will it assimilate and be absorbed into what was once known as the Great American Melting Pot of religions and cultures Will the Gospel of the American dream ultimately engulf and destroy the Gospel of Evangelical success in America This thoughtful and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America and the aspirations and fate of its faithful *Politics and Religion In The United States* Michael Corbett, Julia Mitchell Corbett, 2013-01-11 This text examines the interaction between politics and religion in the United States from the days of the early colonial period through the 1990s It sets the contemporary discussion of politics and religion in the larger context of the entire scope of US history and traces significant themes over time showing students how the events of the 1990s have their roots in a long process of development Religion, Culture and Politics in the Twentieth-Century United States Mark Hulsether, 2007-05-31 Anyone who seeks to understand the dynamics of culture and politics in the United States must grapple with the importance of religion in its many diverse and contentious manifestations With conservative evangelicals forming the base of the Republican Party racial ethnic communities often organised along religious lines and social political movements on the left including major religious components many of the country s key cultural political debates are carried out through religious discourse Thus it is misleading either to think of the US as a secular society in which religion is marginal or to work with overly narrow understandings of religion which treat it as monolithically conservative or concerned primarily with otherworldly issues In this volume Mark Hulsether introduces the key players and offers a select group of case studies that explore how these players have interacted with major themes and events in US cultural history Students in American Studies and Cultural Studies will appreciate how he frames his analysis using categories such as cultural hegemony race and gender contestation popular culture and empire Key Features Provides a concise introduction to the field Balances a stress on religious diversity with attention to power conflicts within multiculturalism Dramatizes the internal complexity and dynamism of religious communities Brings religious issues into the field of cultural studies building bridges that can enable more informed and constructive discussion of religion in these fields Provides an integrated view of religion and its importance in recent US history **The Routledge History of Religion and**

Politics in the United States Since 1775 Cara Lea Burnidge, Lauren Frances Turek, 2024-12-30 Drawing together history and recent historiography this volume offers a reference work for understanding how religion influenced politics and how politics shaped religion in the United States from the American Revolution through to the present day The book brings together some of the most well regarded scholars in history religious studies American studies political science and other disciplines working in this field providing a groundbreaking transdisciplinary history of this topic It explores the major themes and historiographical trends that animate current scholarship ensuring that readers come away with a thorough picture of the field how it has evolved and where future scholars might take us This unique approach is well suited to students and scholars of both U S history and religious studies and encourages interdisciplinary analysis for the fields of religion and politics

Religious Voices in the Politics of International Development Paul J. Nelson, 2021-04-15 This first study of faith based development NGOs FBOs political roles focuses on how U S FBOs in international development educate and mobilize their constituencies Most pursue cautious reformist agendas but FBOs have sometimes played important roles in social movements Nelson unpacks those political roles by examining the prominence of advocacy in the organizations the issues they address and avoid their transnational relationships and their relationships with religious and secular social movements The agencies that educate and mobilize U S constituencies most actively are associated with small Christian sects or with non Christian minority faiths with historic commitments to activism or service Specialized advocacy NGOs play important roles and emerging movements on immigration and climate may represent fresh political energy The book examines faith based responses to the crises of climate change COVID 19 and racial injustice and argues that these will shape the future of religion as a moral and political force in America and of NGOs in international development

The Oxford Handbook of Church and State in the United States Derek Davis, 2010-11-18 21 essays present a scholarly look at the intricacies and past and current debates that frame the American system of church and state within 5 main areas history politics sociology theology philosophy and law

Faith and Race in American Political Life Robin Dale Jacobson, Nancy D. Wadsworth, 2012 Drawing on scholarship from an array of disciplines this volume provides a deep and timely look at the intertwining of race and religion in American politics The contributors apply the methods of intersectionality but where this approach has typically considered race class and gender the essays collected here focus on religion too to offer a theoretically robust conceptualization of how these elements intersect and how they are actively impacting the political process Contributors Antony W Alomkal Iliff School of Theology Carlos Figueroa University of Texas at Brownsville Robert D Francis Lutheran Services in America Susan M Gordon independent scholar Edwin I Hernandez DeVos Family Foundations Robin Dale Jacobson University of Puget Sound Robert P Jones Public Religion Research Institute Jonathan I Leib Old Dominion University Jessica Hamar Mart nez University of Arizona Eric Michael Mazur Virginia Wesleyan College Sangay Mishra University of Southern California Catherine Paden Simmons College Milagros Pe a University of

Religion, Politics, and American Identity David S. Gutterman, Andrew R. Murphy, 2008-03-01 Scholarship on the role of religion in American public life has taken on a new urgency in the increasingly contentious wake of the attacks of September 11 2001 This volume brings together an impressive group of scholars to build on past work and broaden the scope of this crucial inquiry in two respects by exploring aspects of the religion politics nexus in the United States that have been neglected in the past and by examining traditional questions concerning the religious tincture of American political discourse in provocative new ways Essays include examinations of religious rhetoric in American political and cultural discourse after September 11th the impact of religious ideas on environmental ethics religion and American law beyond the First Amendment religious responses to questions of gay and lesbian rights the Church of Jesus Christ of Latter Day Saints and issues of free speech and public space in Utah and the role of religious institutions and ideas on the political priorities of African American and Latino communities In addition Religion Politics and American Identity includes introductory and concluding essays by leading scholars in the field of religion and politics that assess present and future directions for study

The Politics of the Sacred in America Anthony Squiers, 2017-12-21 This book provides a comprehensive investigation of the political dimensions of civil religion in the United States By employing an original social psychological theory rooted in semiotics it offers a qualitative and quantitative empirical examination of more than fifty years of political rhetoric Further it presents two in depth case studies that examine how the cultural totemic sign of the Founding Fathers and the signs of America s sacred texts the Constitution and the Declaration of Independence are used in attempts to link partisan policy positions with notions that the country collectively holds sacred The book s overarching thesis is that America s civil religion serves as a discursive framework for the country s politics of the sacred mediating the demands of particularistic interests and social solidarity through the interaction of social belief and institutional politics like elections and the Supreme Court The book penetrates America s unique political religiosity to reveal and unravel the intricate ways in which politics political institutions religion and culture intertwine in the United States

The State of the Parties John C. Green, Daniel J. Coffey, 2010-08-16 Every four years The State of the Parties brings readers up to date on party action in election years and in between With the dual themes of continuity and change characterizing the new edition this essential party primer includes three new chapters on party roles in the 2008 election a section on the impact of party resources for the campaign extensive coverage of party mobilization efforts via the Internet and local activity and new chapters covering topics ranging from Republicans fall from grace to party governance under Nancy Pelosi to President Obama s role in party politics and as always a distinguished roster of contributors Contributions by Kira C Allmann William C Binning Melanie J Blumberg Mark D Brewer R Lawrence Butler Melody Crowder Meyer Aaron Dusso Gregory Fortelny Brendan Glavin John S Jackson III Raymond J La Raja Rebekah E Liscio David Magleby Michael J Malbin Daniel Maliniak J Quin Monson Costas Panagopoulos Kelly D

Patterson John R Petrocik Matthew Pietryka Jeremy C Pope Ronald B Rapoport Howard L Reiter Nancy L Rosenblum Daniel M Shea Walter J Stone Jeffrey M Stonecash Richard M Skinner and Barbara Trish **The Changing World Religion Map** Stanley D. Brunn, 2015-02-03 This extensive work explores the changing world of religions faiths and practices It discusses a broad range of issues and phenomena that are related to religion including nature ethics secularization gender and identity Broadening the context it studies the interrelation between religion and other fields including education business economics and law The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions Beginning with an introduction of the concept of the changing world religion map the book first focuses on nature ethics and the environment It examines humankind's eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths Next the book turns to the theme of the pilgrimage illustrated by many examples from all parts of the world In its discussion of the interrelation between religion and education it looks at the role of missionary movements It explains the relationship between religion business economics and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North Europe Russia Australia and New Zealand the U S and Canada and the Global South Latin America Africa and Asia It does so by looking at specific population movements diasporas and the impact of globalization The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan cosmopolitan and gateway cities and regions in the Global South The final part of the book explores the changing world of religion in regards to gender and identity issues the political religious nexus and the new worlds associated with the virtual technologies and visual media *Islam in the Modern World* Jeffrey T. Kenney, Ebrahim Moosa, 2013-08-15 This comprehensive introduction explores the landscape of contemporary Islam Written by a distinguished team of scholars it provides broad overviews of the developments events people and movements that have defined Islam in the three majority Muslim regions traces the connections between traditional Islamic institutions and concerns and their modern manifestations and transformations How are medieval ideas policies and practices refashioned to address modern circumstances investigates new themes and trends that are shaping the modern Muslim experience such as gender fundamentalism the media and secularisation offers case studies of Muslims and Islam in dynamic interaction with different societies Islam in the Modern World includes illustrations summaries discussion points and suggestions for further reading that will aid understanding and revision Additional resources are provided via a companion website *Building a Protestant Left* Mark Hulsether, 1999 He follows the twists and turns of this story from Niebuhr's Christian realist positions of the 1940s through Protestant participation in the complex social movements of the 1950s and 1960s to the emergence of various liberation theologies African American feminist Latin American and others that used C C as a central arena of debate in the

1970s and 1980s *Conservative Christian Politics in Russia and the United States* John Anderson, 2014-09-19 This book explores the politics of conservative Christian churches and social movements in Russia and the United States focusing on their similar concerns but very different modes of political engagement Whilst secularisation continues to chip away at religious adherence and practice in Europe religion is often quite rightly seen as an influential force in the politics of the United States and more questionably as a significant influence in contemporary Russia This book looks at the broad social movement making up the US Christian Right and the profoundly hierarchical leadership of the Russian Orthodox Church as socially conservative actors and some of the ways they have engaged in contemporary politics Both are seeking to halt the perceived drift towards a more secular political order both face significant challenges in handling the consequences of secularism pluralism and liberal individualism and both believe that their nations can only be great if they remain true to their religious heritage In exploring their experience the book focuses on shared and different elements in their diagnosis of what is wrong with their societies and how this affects their policy intervention over issues such as religious and ethnic belonging sexual orientation and education Drawing on political sociological and religious studies this work will be a useful reference for students and scholars of religion and politics Russian politics and American politics **American Political Culture** Michael Shally-Jensen, Mark J. Rozell, Ted G. Jelen, 2015-04-28 This all encompassing encyclopedia provides a broad perspective on U S politics culture and society but also goes beyond the facts to consider the myths ideals and values that help shape and define the nation Demonstrating that political culture is equally rooted in public events internal debates and historical experiences this unique three volume encyclopedia examines an exceptionally broad range of factors shaping modern American politics including popular belief political action and the institutions of power and authority Readers will see how political culture is shaped by the attitudes opinions and behaviors of Americans and how it affects those things in return The set also addresses the issue of American exceptionalism and examines the nation s place in the world both historically and in the 21st century Essays cover pressing matters like congressional gridlock energy policy abortion politics campaign finance Supreme Court rulings immigration crime and punishment and globalization Social and cultural issues such as religion war inequality and privacy rights are discussed as well Perhaps most intriguingly the encyclopedia surveys the fierce ongoing debate between different political camps over the nation s historical development its present identity and its future course By exploring both fact and mythology the work will enable students to form a broad yet nuanced understanding of the full range of forces and issues affecting and affected by the political process
