Religion And America Spiritual Life In A Secular Age

George Schner

Religion And America Spiritual Life In A Secular Age:

Religion and America Mary Douglas, 1983 **New Directions in American Religious History** Harry S. Stout, D. G. Hart, 1998-01-01 The eighteen essays collected in this book had their origin in a conference of the same title held at the Wingspread Conference Center in October of 1993 Some of the most distinguished scholars in the field were invited to reflect on their specialties in American religious history in ways that summarized where the field is and where it ought to move in the decades to come Organized according to four general ways of looking at religious history places and regions universal themes transformative events and marginal groups and ethno cultural outsiders the essays address a wide range of topics including Puritanism religion and the Civil War Protestantism and economic behavior gender and sexuality in American Protestantism and the contemporary de Christianization of American culture Featuring contributions from David D Hall Donald G Matthews Allen C Guelzo Gordon S Wood Daniel Walker Howe Robert Wuthnow Jon Butler David A Hollinger and others this thought provoking and up to date collection will interest anyone involved in the study of American religion and history *Religious Pluralism in America* William R. Hutchison, 2008-10-01 Religious toleration is enshrined as an ideal in our Constitution but religious diversity has had a complicated history in the United States Although Americans have taken justifiable pride in the rich array of religious faiths that help define our nation for two centuries we have been grappling with the question of how we can coexist In this ambitious reappraisal of American religious history William Hutchison chronicles the country's struggle to fulfill the promise of its founding ideals In 1800 the United States was an overwhelmingly Protestant nation Over the next two centuries Catholics Mormons Jews Muslims Hindus and others would emerge to challenge the Protestant mainstream Although their demands were often met with resistance Hutchison demonstrates that as a result of these conflicts we have expanded our understanding of what it means to be a religiously diverse country No longer satisfied with mere legal toleration we now expect that all religious groups will share in creating our national agenda This book offers a groundbreaking and timely history of our efforts to become one nation under multiple gods [American Mennonites and Protestant Movements](#) Beulah S. Hostetler, 2002-03-06 American Mennonites and Protestant Movements describes the key religious values in a major Mennonite settlement over a period of three centuries in its encounter with other religious movements Pietism revivalism Fundamentalism and institutionalization The author analyzes how Mennonites both resisted these influences and were changed by them The book also documents the codification of practice in the twentieth century and how restrictions waned as a growing emphasis on peace and service emerged The author demonstrates that the key values shaping the Mennonite community are religious not simply ethnic and are consistent with their sixteenth century character These conclusions are based on a careful study of their value patterns nonverbal behavior issues and personalities in confrontation and in the conduct of their community behavior This book will help a new generation of Mennonites who wish to discover their heritage and spiritual identity For Christian believers outside the

Anabaptist tradition it will clarify long standing ambiguities about the Mennonites American Christianities Catherine A. Brekus, W. Clark Gilpin, 2011 From the founding of the first colonies until the present the influence of Christianity as the dominant faith in American society has extended far beyond church pews into the wider culture Yet at the same time Christians in the United States have di Religion and American Education Warren A. Nord, 2014-07-01 Warren Nord's thoughtful book tackles an issue of great importance in contemporary America the role of religion in our public schools and universities According to Nord public opinion has been excessively polarized by those religious conservatives who would restore religious purposes and practices to public education and by those secular liberals for whom religion is irrelevant to everything in the curriculum While he maintains that public schools and universities must not promote religion he also argues that there are powerful philosophical political moral and constitutional reasons for requiring students to study religion Indeed only if religion is included in the curriculum will students receive a truly liberal education one that takes seriously a variety of ways of understanding the human experience Intended for a broad audience Nord's comprehensive study encompasses American history constitutional law educational theory and practice theology philosophy and ethics It also discusses a number of current controversial issues including multiculturalism moral education creationism academic freedom and the voucher and school choice movements American Religious Traditions Richard E. Wentz, Accompanying CD ROM contains full text of the book chapter summaries discussion questions and many web resources and Libronix software which offers such features as topic searching bookmarking notetaking and highlighting p 4 of cover *Ignatian Spirituality in a Secular Age* George Schner, 2006-01-01 While the textual focus of this collection of essays is the Spiritual Exercise of Ignatius of Loyola the essays are much more than textual analyses they deal with the tradition and institutions associated with Ignatian spirituality with historical and philosophical perspectives on Ignatian spirituality with the contemporary search for spiritual life In addition the question of the relationship of the contemporary believer to past events is addressed as well as the question of the relationship between spirituality and ministry The strong and effective combination of historical and contemporary concerns as well as of textual and spiritual concerns results in a volume of importance to students of religious history and of spirituality The analysis of the Exercises and the discussion of spiritual direction will also be of great value to ministers and pastors and to all those pursuing spiritual life in a secular age *The Oxford Handbook of Religion and the American News Media* Diane Winston, 2012-08-29 Whether the issue is the rise of religiously inspired terrorism the importance of faith based NGOs in global relief and development or campaigning for evangelical voters in the U S religion proliferates in our newspapers and magazines on our radios and televisions on our computer screens and increasingly on our mobile devices Americans who assumed society was becoming more and more secular have been surprised by religions rising visibility and central role in current events Yet this is hardly new the history of American journalism has deep religious roots and religion has long been part of the news mix Providing a wide ranging

examination of how religion interacts with the news by applying the insights of history sociology and cultural studies to an analysis of media faith and the points at which they meet The Oxford Handbook of Religion and the American News Media is the go to volume for both secular and religious journalists and journalism educators scholars in media studies journalism studies religious studies and American studies Divided into five sections this handbook explores the historical relationship between religion and journalism in the USA how religion is covered in different media how different religions are reported on the main narratives of religion coverage and the religious press

Freud and Religion William B. Parsons, 2021-05-27 Offers a revised psychoanalytic theory of religion by sifting through the history of psychoanalytic models in dialogue with their multidisciplinary critiques

Religion and the Life of the Nation Rowland A. Sherrill, 1990

Catholic nuns and sisters in a secular age Carmen M. Mangion, 2020-01-09 This is the first in depth study of post war female religious life It draws on archival materials and a remarkable set of eighty interviews to place Catholic sisters and nuns at the heart of the turbulent 1960s integrating their story of social change into a larger British and international one Shedding new light on how religious bodies engaged in modernisation it addresses themes such as the Modern Girl and youth culture 1968 generational discourse post war modernity the voluntary sector and the women s movement Women religious were at the forefront of the Roman Catholic Church s movement of adaptation and renewal towards the world This volume tells their stories in their own words

Routledge Handbook of Religion and Politics ,

Church And State In American History John F Wilson, 2018-03-08 Provides the key source material historical and legal for understanding the relationship of church and state The controversies surrounding aid to parochial schools blue laws school prayer and birth control programs have been central to the ongoing search for the proper boundary between religious and political authority in America This concise volume features chronologically organized selections from such official documents as colonial charters court opinions and legislation along with incisive twentieth century interpretations of the issues they treat Historical figures as diverse as John F Kennedy Perry Miller Reinhold Niebuhr and Paul Blanshard together with contemporary ones illuminate the interrelationships between the legal political and religious structures of American society We encounter controversies every day that concern school vouchers prayer in schools and stadiums religious symbols in public spaces and tax support for faith based social initiatives as well as arguments among advocates of pro choice and pro life positions These and other issues are at the center of an ongoing search for a means to delineate the interactions among religious and political authorities initially in the United States but increasingly in the rest of the world as well This concise volume presents chronologically organized chapters that include selections from documents like colonial charters opinions of the Supreme Court and salient legislation along with contemporary commentary and incisive interpretations of the issues by modern scholars Figures as divergent as John Winthrop John F Kennedy and Sandra Day O'Connor speak from these pages as directly as Paul Blanshard Reinhold Niebuhr John Courtney Murray and Robert Bellah Church and State in American History addresses the difficult relationships

among the political and religious structures of our society and the emergence of an American solution to the church state problem

Public Pulpits Steven M. Tipton, 2008-09-15 Since the 2000 presidential election debate over the role of religion in public life has followed a narrow course as pundits and politicians alike have focused on the influence wielded by conservative Christians But what about more mainstream Christians Here Steven M Tipton examines the political activities of Methodists and mainline churches in this groundbreaking investigation into a generation of denominational strife among church officials lobbyists and activists The result is an unusually detailed and thoughtful account that upends common stereotypes while asking searching questions about the contested relationship between church and state Documenting a wide range of reactions to two radically different events the invasion of Iraq and the creation of the faith based initiatives program Tipton charts the new terrain of religious and moral argument under the Bush administration from Pat Robertson to Jim Wallis He then turns to the case of the United Methodist Church of which President Bush is a member to uncover the twentieth century history of their political advocacy culminating in current threats to split the Church between liberal peace and justice activists and crusaders for evangelical renewal Public Pulpits balances the firsthand drama of this internal account with a meditative exploration of the wider social impact that mainline churches have had in a time of diverging fortunes and diminished dreams of progress An eminently fair minded and ethically astute analysis of how churches keep moral issues alive in politics Public Pulpits delves deep into mainline Protestant efforts to enlarge civic conscience and cast clearer light on the commonweal and offers a masterly overview of public religion in America

Modern American Religion, Volume 1 Martin E. Marty, 1997-06-21 In this second volume of two tracing the history of 20th century American religion Martin E Marty tells the story of how America has survived religious disturbances and culturally prospered from them

The Holy Spirit & Preaching James Forbes, 2010-09-01 Describes what it means to be anointed with the Spirit so that one can preach to raise the dead In *The Holy Spirit and Preaching* James A Forbes Jr widely hailed as one of the nation's foremost preachers offers four dynamic lectures originally delivered as the Lyman Beecher Lectures at Yale University the most prestigious annual preaching event in the United States In each of the lectures Forbes focuses on the Holy Spirit as it relates to preaching He traces the Holy Spirit's activity in Jesus' ministry and looks at the impact of being anointed by the Holy Spirit Forbes demonstrates how the Holy Spirit works with the pastor in the preparation and delivery of a sermon *The Holy Spirit and Preaching* concludes by focusing on the need for anointed preaching and the way anointed preaching happens today

Church and State in American History John Wilson, Donald Drakeman, 2019-10-31 *Church and State in American History* illuminates the complex relationships among the political and religious authority structures of American society and illustrates why church state issues have remained controversial since our nation's founding It has been in classroom use for over 50 years John Wilson and Donald Drakeman explore the notion of America as One Nation Under God by examining the ongoing debate over the relationship of church and state in the United States Prayers and religious symbols

in schools and other public spaces school vouchers and tax support for faith based social initiatives continue to be controversial as are arguments among advocates of pro choice and pro life positions The updated 4th edition includes selections from colonial charters Supreme Court decisions and federal legislation along with contemporary commentary and incisive interpretations by modern scholars Figures as divergent as John Winthrop Anne Hutchinson James Madison John F Kennedy and Sandra Day O Connor speak from these pages as do Robert Bellah Clarence Thomas and Ruth Bader Ginsberg The continuing public and scholarly interest in this field as well as a significant evolution in the Supreme Court s church state jurisprudence renders this timely re edition as essential reading for students of law American History Religion and Politics

Christian Nation? T. Adams Upchurch, 2010-05-26 This fascinating study examines America s complex and confusing history of arguing with itself over religion and secularism God and politics church and state Hundreds of books are devoted to the ever timely subject of the separation of church and state in America but none does exactly what Christian Nation The United States in Popular Perception and Historical Reality does Unlike other studies this intriguing examination asks the right questions defines the terms of the debate explores the widely diverging points of view with equal respect for all sides and provides insightful commentary and factual conclusions that cut through the clutter The book begins with several questions Is the United States a Christian Nation Has it ever been Was it ever meant to be What did the Founding Fathers say How has this issue been interpreted by various individuals and factions over the centuries The author then surveys the vast literature on this topic including the U S Constitution and Declaration of Independence and the competing and or complimentary views of various Founding Fathers to arrive at the answers and at long last the truth

Quakering Theology David L. Johns, 2016-04-15 Quakers exist neither for themselves nor by themselves alone Therefore they ought not to construct Quaker theologies but rather quaker verb theology to add their fingerprints to the larger conversation David Johns contributes to a Quaker way of thinking theologically but also invites others to think through their denominational identities into a more expansive and ecumenical space Placing contemporary Quaker thought in conversation with the wider theological tradition Johns shows that Quakers have something important to contribute to the wider Christian family and he demonstrates how other groups may enter this conversation as well Some themes explored may not spring immediately to mind as Quaker themes the saints C S Lewis sacraments ritual and Shakespeare but Johns argues these are precisely the kind of issues that require Quaker fingerprints that require quakering
