Scientific Palm Reading:

Palmistry, a True Science Anu Venkat, 2002 The book PALMISTRY A TRUE SCIENCE is a carefully compiled book which contains 13 theories 210 sketches of lines of the human palms 64 case studies 61 clearly and uniquely taken palm impressions Ever since the origination of this subject this is the first time that the human palms have been thoroughly analyzed with reference to both the palms For the author the left hand and the right hand of 1000 s of cases functioned as one whole comprehensive unit to enable him to compare the structural inter relationships between different lines The net result was that he could decipher the differences in dimensions between the left and the right palms such as difference in lengths slope shortness direction location fading characteristics whether present in one or both the palms etc The above aspect in his approach to the research was aimed at finding just the structural aspects of the lines on human palms The other side of the coin is to relate the functions events diseases and temperaments to the line patterns already discovered by the author For this part of the research he had to employ sophisticated techniques that only an investigator a logician an analyst or a statistician could have employed In other words the author employed some of the appropriate human qualities such as tact wildest imagination deep analytical power trial and error method wild guesses and compilation techniques so that he could bind together all the varied structural and functional extravaganzas present in the hands of his innumerable clients into cohesive presentable as well as verifiable rules and theories Keeping in mind the vast dimension of this great science the author could accommodate only 3 functions MONEY and BUSINESS JOB CAREER and OVERSEAS TRAVEL STAY in this book His forthcoming books deal with other life events diseases and human temperaments This book boasts of so many firsts To quote some examples 1 No book has documented any provable testable theories 13 in number in such a minute degree In the process this book has secured an exalted status to PALMISTRY as a TRUE SCIENCE It goes without saying that palm reading is a scientific exercise on par with any other science 2 No book has featured as many as 64 case studies and 61 clear palm impressions A very high number of real examples for a book of this genre an all time record all accommodated in just 250 pages 3 One among many highlights of the book is that almost all the palm impressions have been marked out and their corresponding function s indicated A first time ever phenomenon which enhances its authenticity as well as proves its scientific nature 4 Genuineness of the whole venture lies in the fact that the whole edifice of this book rests on the solid foundation of real life events diseases temperaments of all his clients Principles rules and theories all derived from these real stories 5 And the people the world over are going to be exposed to an entirely new subject for the most part of the book about 95% is hitherto unheard of 6 Last but not the least this book has the great potential to spawn a new breed of researchers as this subject has immense scope for further research In a world of continuing research even one discovery fetches world acclaim and recognition one can imagine what lies in store for this book which has innumerable discoveries dotting the entire book Dear Readers Please watch out for NEW WINE IN A NEW BOTTLE The author can be contacted

through his e mail anuvenkat_25july yahoo co in **The Laws of Scientific Hand Reading** William George Benham,1900

The Benham Book Of Palmistry William G. Benham,2007-01-01 When it was originally published as *The Laws of Scientific Hand Reading* Benham's book immediately transformed the image of palm reading from a huckster's trick to a practice with a firm scientific basis It quickly became an essential reference work for anyone serious about palm reading The Essential Work shows and explains all facets of palmistry thoroughly in language anyone can understand The Essential Work brings Benham's original text back in print It also updates many of the graphics more than 400 illustrations and photographs which have become obscured through numerous printings Benham's words remain as viable today as they were 100 years ago as they form the foundation of modern palmistry

The Mystery of Palmistry P. Khurrana,2012-06 An ancient art with many systems of interpretation palmistry is a subject that has enthralled mankind for ages In this comprehensive and easy to read volume P Khurrana bestselling author and renowned exponent of astrology tarot vastu provides to the reader a guide to the art and science of palm reading Explore the mysteries of palmistry in this book Understand the connections between your past your present and your future Learn not only how to interpret the lines on your own hands and those of people around you but also the ethics and methods of the practice of palmistry

Chiromancy; Or, The Science of Palmistry Henry Frith,Edward Heron-Allen,1886 *The Benham Book of Palmistry, Revised* William G. Benham,2006-03-22 The book that for more than a century has been the standard reference for reading the hand now in a completely reformatted edition Palmistry is one of the ancient arts practiced in Egypt India Greece and Rome and prized as a sacred and peculiar gift Its practitioners were highly respected philosophers oracles and priests Yet by the 17th century it had become a lost art kept alive almost solely in gypsy camps And by the end of the 19th century it was seen as little more than quackery a small step up or down from fortune telling and alchemy When it was originally published as *The Laws of Scientific Hand Reading* Benham's book immediately transformed the image of palm reading from a huckster's trick to a practice with a firm scientific basis It quickly became an essential reference work for anyone serious about palm reading The Essential Edition brings Benham's original text back in print It also updates many of the graphics which have become obscured through numerous printings Benham's words remain as viable today as they were 100 years ago as they form the foundation of modern palmistry

The Art and Science of Hand Reading Ellen Goldberg,Dorian Bergen,2016-02-06 A comprehensive guide to the inner psychology revealed by the hand Details how to interpret the entire hand the shape of the palm and fingers mounts lines fingerprints flexibility nails and skin texture Reveals the personality archetypes strengths and weaknesses connected with each of the seven mounts and how the rest of the hand modifies these traits Explains how lines change and the decisive influence of the person's own mind in healing defects found on the lines Palmistry is a science and a universal language The hand tells a story about your talents relationships health and how you feel about yourself It reveals periods of ease or challenge in your life and it speaks about your weaknesses and the traits you need to develop As you change so do your

hands reflecting the progress you have made In this comprehensive guide to hand reading based on Ellen Goldberg s 40 years of teaching palmistry and the Western Mystery tradition the authors make the powerful insights of the hand accessible in an inviting and user friendly manner The book presents the character traits and personality archetypes associated with each of the seven mounts of the palm and shows how to determine which are most influential in the nature of the individual The mount archetypes reveal the lifestyle love sex and marriage preferences the best career choices and the unique strengths and weaknesses for each person The book also examines other factors that enhance the qualities revealed by the mount types including the flexibility of the hand texture of the skin and the shapes of the fingers fingertips and nails The meaning of each major and minor line is described in detail as well as the influence the person s own mind has in healing defects and obstacles found on their lines The authors also provide accurate timing guides for each line making it possible to locate specific events and to see how your lines change over time Presenting the hand as a guide to self fulfillment The Art and Science of Hand Reading incorporates correspondences to other mystical sciences such as astrology Kabbalah the Hermetic teachings and archetypal psychology It also includes practical examples and more than 600 illustrations to show how to integrate the meanings of each part of the hand to form a complete picture of your inner psychology and your ever changing destiny
