Beckh,2019-11-06 An abundance of books by Beckh came into existence whose significance perhaps will only be properly

offer a unique and penetrating discussion of the origins and evolution of speech Based on his professional knowledge of

and accompanied by a heartfelt understanding of anthroposophy the lectures comprise an unparalleled marriage of academic
and meditative insights Further they give a valuable introduction to the author s later works on music the stars and the
Gospels of Mark and John The Source of Speech features Beckh s complete series of articles on the subject that were
developed during the early seeding period of his life and work These include Rudolf Steiner and the East an unprecedented
study of Steiner s relationship to Sanskrit and Buddhist spirituality Let There be Light Beckh s exploration of the six Hebrew
words forming Genesis 1 3 articles devoted to the origins of language Indian philosophies and the names of the Divine in

Classical Hebrew Also included are contemporaneous reviews of Beckh s articles by Albert Steffen and Eugen Kolisko and a

but a science of captivating logic and wholeness In this essay I want to show that it obviously even can fulfill the expectations on a Theory of Everything TOE However Vedic science itself does not claim to include a theory but the absolute definitive and unchangeable truth This was also not the result of human considerations but has been handed over to humans by Brahma Creator of the Universe Here it should be particularly emphasized that the Vedas contain the same scientific knowledge as the pyramid cultures Since then this knowledge has been transmitted orally by Brahmins in which each Brahmin family was entrusted only a portion of the whole and this was passed down in verse and song from generation to generation It was not until the first millennium BC that the written deposition of the Vedas began producing a picture containing enough fragments to recognize it as a metaphysical concept but not enough to understand its full scientific meaning I have reconstructed the missing fragments during my study of the Vedas and the enthusiasm that overwhelmed me when I recognized the dimension that opened up to me with the salvage of this treasure can hardly be expressed by words Let me put it this way if the world view that reveals her proves to be true then we are probably at the dawn of a new technological age and before a quantum leap in our consciousness Pursuant to that matter evolves from electromagnetic patterns toroidal multipole patterns that are brought into resonance with each other via the poloidal and toroidal field of the universe and thus to materialization However the proof that this is really the case can only be provided by scientists This essay reveals in a manageable way with a multitude of illustrations and without a single mathematical formula so that really everyone can understand it in which way the universe works according to the Vedic TOE
