in Pancho Villa's train I was present at Celaya when he was defeated by Obregón. Always an ardent horseman I worked many a roundup with the vaqueros of Sonora and Chihuahua and with the cowboys of our Southwest I saw the similarity between the American cowboy the Argentine Gaucho and the Vaquero of Mexico. They all received their gear and technique of cattle handling from Spain and developed the same independence, courage and hardihood. I thought if these qualities were better known they might serve as a bridge to closer understanding throughout the Americas. From his study of the lives of these horsemen Tinker proceeds to an examination of the literature that evolved among and then about them. The first and largest part of the book deals with the gaucho of Argentina and Uruguay. The second and third sections examine the charro of Mexico and the cowboy of the United States.
