Richard Finn,2023-03-09 The history of the Dominicans in the British Isles is a rich and fascinating one Eight centuries have passed since the Friars Preachers landed on England s shores Yet no book charting the history of the English Province has appeared for close on a hundred years Richard Finn now sets right this neglect He guides the reader engagingly and authoritatively through the medieval early modern and contemporary periods from the arrival of the first Black Friars and the Province s 1221 foundation by Gilbert de Fresnay to Dominican missions to the Caribbean and Southern Africa and seismic changes in church and society after Vatican II He discusses the Province s medieval resilience and sudden Reformation collapse attempts in the 1650s to restore it its Babylonian Exile in the Low Countries its virtual disappearance in the nineteenth century and its unlikely modern revival This is an essential work for medievalists theologians and historians alike

Foster,2017-07-05 One hundred years on from J Romilly Allen and Joseph Anderson s 1903 landmark publication The Early Christian Monuments of Scotland twenty six essays explore the current state of knowledge of early medieval sculpture in Scotland They demonstrate the unique value of this material in contributing to our understanding of the society and people that created it between 1000 to 1500 years ago Today s approaches and techniques offer new insights as well as great hope for what might be learnt from future study of familiar and new material alike The essays exemplify the ever diversifying interdisciplinary approaches that are being taken to the study of early medieval sculpture Key themes that emerge include the interdependence of conservation research and access the need for a 21st century inventory of the sculpture the breadth and value of the wide range of the research tools that now exist conservation issues including the politics of how and where sculpture should be protected and the pressing need to identify priorities for action and what is probably the most important development over the last 100 years the increase in awareness of the range of values and significances that attaches to early medieval sculpture including appreciation of context
