Guide to Methods for Students of Political Science Stephen Van Evera, 2015-01-26 Stephen Van Evera greeted new graduate students at MIT with a commonsense introduction to qualitative methods in the social sciences His helpful hints always warmly received grew from a handful of memos to an underground classic primer That primer evolved into a book of how to information about graduate study which is essential reading for graduate students and undergraduates in political science sociology anthropology economics and history and for their advisers How should we frame assess and apply theories in the social sciences I am unpersuaded by the view that the prime rules of scientific method should differ between hard science and social science Science is science A section on case studies shows novices the ropes Van Evera contends the realm of dissertations is often defined too narrowly Making and testing theories are not the only games in town If everyone makes and tests theories but no one ever uses them then what are they for In Helpful Hints on Writing a Political Science Ph D Dissertation Van Evera focuses on presentation and on broader issues of academic strategy and tactics Van Evera asks how political scientists should work together as a community All institutions and professions that face weak accountability need inner ethical rudders that define their obligations in order to stay on course The SAGE Encyclopedia of Educational Research, Measurement, and Evaluation Bruce B. Frey, 2018-01-29 This encyclopedia is the first major reference guide for students new to the field covering traditional areas while pointing the way to future developments WPA, Writing **Program Administration** ,1993 **PC Mag**, 1985-01-08 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology A Reference Guide for English Studies Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L Harner's Literary Research Guide Modern Language Assn of America 1989 larger academic libraries will want Marcuse s volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Iournal CoreText Maxine Hairston, John J. Series Library of Congress. Copyright Office, 1978 School Document ,1919 The Art of Technical Documentation Katherine Haramundanis, 1992 An explanation of how to gather dissect and understand technical information and how to Taking a Stand ,1996 This book was assembled to help college writers learn strong organize and present it for the reader skills for writing argumentative academic essays purposeful position papers that develop a strong argument and that utilize not simply display ideas and words from sources Different kinds of academic arguments what may be called diffferent genres of persuasive academic writing and different elements of academic writing and reading are targeted in each chapter Book SF Writer John J. Ruszkiewicz, Maxine Hairston, Daniel E. Seward, 1999 With SF Writer 2 e the authors did more Overview than offer a revision they created a new kind of handbook SF Writer 2 e takes the writer in its title seriously From its opening paragraph to its concluding almanac the handbook examines the writing process today from the perspective of writers young and old learning new roles and reaching new audiences The style of SF Writer is energetic and witty the advice fresh and contemporary the design ground breaking Almost every major element of SF Writer is new or significantly revised beginning with an organization that removes the barriers between writing and research While most handbooks put the chapters on research in back of the book SF Writer locates these essential strategies up front in Part II Thinking and Research This new arrangement helps writers appreciate better the connection between college research and other essential activities such as Reading Critically and Writing Persuasively also examined in Part II Equally fresh is Part I Working as a Writer which presents writing as a dynamic activity grounded in practical choices and familiar genres Writer also includes an innovative chapter on Evaluating Writing No other handbook in SF Writer's field covers this sensitive but important topic SF Writer breaks new ground too in expanding its coverage of document design and writing for the Web A full section is now devoted to these subjects featuring fresh material and rich illustrations Uniquely SF Writer treats the design of print and electronic documents as a process like writing itself SF Writer embodies these design principals in a volume full of carefully chosen images and photographs from section dividers that showcase the work of writers to an almanac featuring timelines of notable texts and authors It s not an accident that SF Writer looks exceptionally fresh and contemporary In this edition the media is part of the message Yet SF Writer doesn t forget its responsibilities as a guide to grammar mechanics usage and documentation Its coverage in these areas is unsurpassed Yet even here new themes are sounded For example the model MLA paper is by a student teacher wrestling with a state mandate for competency testing undergraduate research in psychology So both papers demonstrate that undergraduates today really can do serious work as writers and reach live Perspectives on Plagiarism and Intellectual Property in a Postmodern World Lise Buranen, Alice Myers audiences Roy, 1999-01-01 Contributors offer many definitions and facets of plagiarism and intellectual property demonstrating that if defining a supposedly simple concept is difficult then applying multiple definitions is even harder creating practical problems Revision: History, Theory, and Practice, 2006 in many realms State Child Welfare Program Self-assessment Manual
